Subject: McGraw Hill Integration Support Case #19119131 [ ]

Dear Christina Cole,

Thank you for contacting McGraw Hill Integration Support. It looks like this user has some additional records that is causing a conflict. We can remove this by running your file in replace mode. Replace mode will remove all your old data and only the data from the next upload. The only concern is if you have users that aren't included in your data for the next upload (an example of this is an user that is accessing material manually outside of auto-rostering) their account will be disabled and we will have to re-activate it. If would prefer not have your file ran in replace we can submit a ticket to our engineering team to have the old records removed in the back-end. Please let me know how you would like to proceed or if you have any additional questions or concerns. Name Role Username SourcedID EmailPeay, David Henson teacher peaydh 10016987

**Subject:** (EXT) Science Coordinator Position Available

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Hi All-

I just wanted to say farewell.....haaaa.....No you are not getting rid of me 😊 but I have accepted another position at the Environmental Studies

Center! This has been my dream for many years! That being said---I wanted to see if any of you were interest in moving to beautiful Martin County!!! We are currently accepting application for Science Coordinator position. If interested please review the information on the website and apply. <https://www.martinschools.org/Page/7769> You need a master's degree---in our district the coordinator position is an administrator. The job will only be posted for about 10 business days so please apply quickly if interested! I will still be able to be involved with FASS in some capacity so I will not say goodbye. I miss you all so much! Please stay safe!

Sincerely,  
Valerie

Dear Michael Gallagher,

Thank you for contacting McGraw Hill Technical Support. We appreciate you taking the time to bring this to our attention. Yes, thank you that information was helpful.

When I checked the government and history books that Nancy is using, these books do have a share class feature however it only allows the teacher whom the class is shared with, to access the planner and any lesson therein. They won't have access to the assignment or student data.

If the previous teacher used the Gradebook feature, there is an option to print or export the Gradebook. I've attached a screenshot for your reference.

I apologize for any inconvenience. If there is anything else we can do to assist you, please let us know and we'd be happy to help.

Thank you.

Have an amazing day!

Greetings McGraw Hill!

Thank you for participating in our ELA Publisher's Presentation day on December 14 and 16. Our ELA Textbook Committee members were appreciative of the information you shared and the opportunity to see the materials.

I am pleased to inform you that McGraw Hill was selected by our ELA Textbook Committee as a vendor to **move forward with a full teacher review, at both the Elementary and Secondary school sites**, for Santa Rosa Schools.

Teachers will have until February 25th to utilize the materials, so kindly ship the items as soon as possible. Attached is a list of the schools, addresses, and respective grades taught.

Teachers will have until February 25 to utilize the materials and place their vote, so please ship the items as soon as possible.

Attached is a list of contact information for the schools. The list includes the ELA Contact, addresses and respective grades taught at that school. Please send materials appropriate for the particular school. For example, schools coded as "Primary" will only need K-2 materials.

Thank you, and please let me know if you have questions.

Hi Michael,  
just wondering about the status of materials for our elementary schools.

We've received secondary McGraw materials but not elementary.  
Can you give me a status update?  
When should we expect the materials to arrive at the schools?

I heard from 2 schools that had not received the materials.

SS Dixon Intermediate and Central School did not receive your materials.

I will ask the committee members and get back with you

Hi Charlotte!

Good morning. I did some research last night and this morning. All schools should have samples already and or they are scheduled to be delivered today. Unfortunately delivery had been delayed for some items due to Covid problems with shipping. I apologize for the inconvenience and I hope this doesn't reflect negatively on our chances:)

Thank you and I appreciate your patience throughout this process.

Please let me know if you have any questions.

Since all the grade levels received the same items, then my guess is that you have the complete set.  
Attached are the other items we received from McGraw Hill.

These are the only materials we have received for each grade level: very basic – this is the 3<sup>rd</sup> grade but the other grade levels have only received the same items just for their respected grade levels.

The other 2 options we have a ton of stuff with examples of each textbook, workbook, leveled reader, etc.

Hi All,

We appreciate your emails concerning textbook packages and ways the vendors are organizing the materials I've requested those from the publishers and will forward the information as I receive them.

Please note that the information we receive is Round 1. Once our decision is made concerning *which* vendor, additional negotiations will occur.

Attached is the information from McGraw Hill.

Good Afternoon!

We appreciate the time you all put into digging into the textbooks and thinking objectively of advantages and disadvantages of each. I have accumulated all of your comments into one document for your review. Once you have had time to reflect, please rank the textbooks using the form below. If you have any questions, please reach out and let me know. Forms need to be submitted by the end of the day Wednesday, January 13<sup>th</sup>. Dr. Boling will reach out to the top three companies and request materials to be sent to your school for teacher review.

## 2022 Florida Wonders K-5 ELA Virtual Sampling Instructions

Thank you for your interest in reviewing McGraw-Hill Education's Florida Wonders (copyright 2022). I am excited to share with you our newest elementary reading program that is aligned to Florida's B.E.S.T. standards.

To begin your review process, please go to the McGraw-Hill Florida ELA adoption webpage at <https://www.mheducation.com/prek-12/explore/states/florida.html> . Click on the red button "Start your online sampling experience today." I have also included a click path to help guide you through our Virtual Sampling experience. All materials are available to review on our website. Please share this information with your school administration and ELA adoption team.

### ELA Adoption

#### *Florida Wonders and Florida StudySync*

K–12 English & Language Arts standards and best practices are always evolving. We continuously work to align our ELA curriculum to the needs of Florida classrooms today. *Florida Wonders* (grades K–5) and *Florida StudySync* (grades 6–12) were developed by experts who helped shape the Florida B.E.S.T. Standards. Through that collaboration, we've built upon our legacy of positive student outcomes in the Sunshine State to develop a standards-built curriculum that ensures your students' FSA success now and in the immediate future.

**START YOUR ONLINE SAMPLING EXPERIENCE TODAY**

The Florida Online Sampling webpage <https://mheonline.com/fl-virtual-sampling/login.php> will include two pathways

1. Review Program Online

#### Reading Writing Companion Unit 6

Foster student agency and collaboration with this interactive student edition. It ensures that students read with a pencil in hand, make connections between content areas, engage in daily writing, practice extended writing, and assess their own progress.

**You will be asked for a password to view the resource. The password is:**

**florida**

*Remember: If you take the **Pathway Review Program Online** as explained in the first part of this guide, you can review all resources-all materials.*

#### Overview

Explore how *Florida Wonders* will meet the needs of your classroom via unmatched writing opportunities, differentiated support, foundational skills instruction, blended learning opportunities, high-quality literature, and professional development.

#### Reading Writing Companion Unit 6

Foster student agency and collaboration with this interactive student edition. It ensures that students read with a pencil in hand, make connections between content areas, engage in daily writing, practice extended writing, and assess their own progress.

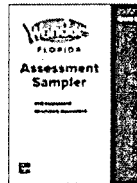

#### ELL Small Group Guide

Provide flexible instruction to accommodate both push-in and pull-out teaching models. Every lesson has scaffolded instruction and comprehension support for ELL students at three levels of English proficiency.

#### Teacher's Edition Unit 6 (Instruction)

Support your B.E.S.T. Standards instruction with easy-to-use volumes that include point-of-use differentiation for all learners. Focus instruction through effective reading and writing workshops that develop critical readers, writers, communicators, and thinkers.

#### Assessment Sampler

Ensure that every assessment moves students one step closer to demonstrating mastery of the new B.E.S.T. Standards with unit and benchmark assessments and question types designed to mirror the Florida State Assessments.

#### Authentic Literature

Engage students with rich literature that invites them to explore their world. The Literature Big Books increase listening comprehension through read alouds of authentic texts, while the B.E.S.T. Literature Library provides mentor texts suggested in Appendix B of the B.E.S.T. Standards.

# Getting Started with Florida Wonders Digital

Welcome to the *Florida Wonders* digital platform. All *Florida Wonders* digital components are accessible on your **Teacher Dashboard** through **my.mheducation.com**, a website that allows teachers access to all digital content, as well as access for students and parents.

This guide will introduce you to the *Wonders* platform and its most important features.

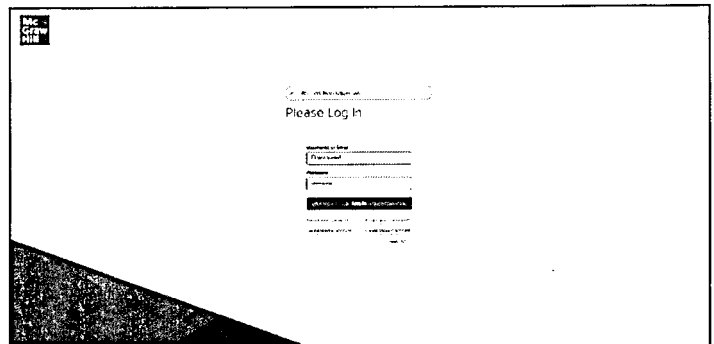

1. Type the URL **my.mheducation.com** into your web browser. Enter your username and password\*:

**Username:** FLwonders1

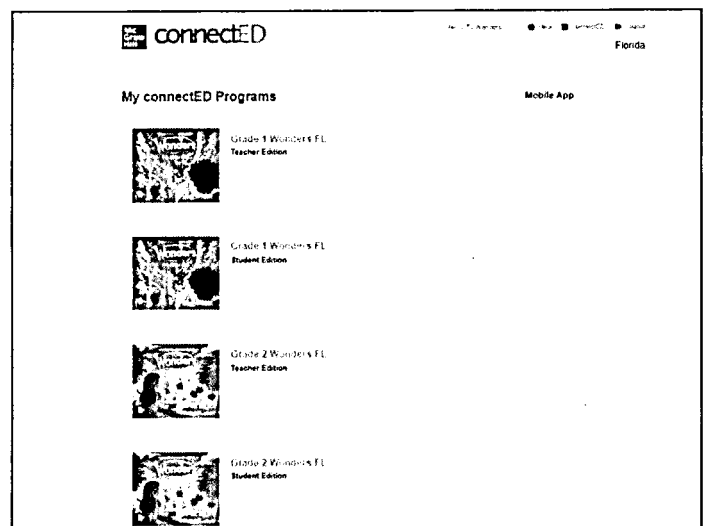

**Password:** FLwonders1

Then select **Log in**.

Hi Charlotte!

Good morning and I hope you are having a great week. Cindie let me know in the email below that some schools are concerned with the samples that they received. As a solution, I built a box for each school with items that were missing from the bags. These hard copy items will be of interest to the teachers as they review. I listed the items below that I will be sending. It will be one box with a mixture of k-5 materials. The materials are represented in the program k through 5 but the box will be generic to grade levels. I.e a box might contain grade 3 leveled readers but grade k decodable reader. I hope that makes sense.

I identified twelve schools (see attached highlighted in yellow) that received only bags and those are the schools I will be sending these additional item to if it is ok with you.

What are your thoughts? Is it ok to send these samples to the schools? Please let me know if you have any questions...

Thank you and I look forward to hearing from you.

Additional items in box to schools:

These are the only materials we have received for each grade level: very basic – this is the 3<sup>rd</sup> grade but the other grade levels have only received the same items just for their respected grade levels.

The other 2 options we have a ton of stuff with examples of each textbook, workbook, leveled reader, etc.

Hi All,

We appreciate your emails concerning textbook packages and ways the vendors are organizing the materials I've requested those from the publishers and will forward the information as I receive them.

Please note that the information we receive is Round 1. Once our decision is made concerning *which* vendor, additional negotiations will occur.

Attached is the information from McGraw Hill.

Good Afternoon!

We appreciate the time you all put into digging into the textbooks and thinking objectively of advantages and disadvantages of each. I have accumulated all of your comments into one document for your review. Once you have had time to reflect, please rank the textbooks using the form below. If you have any questions, please reach out and let me know. Forms need to be submitted by the end of the day Wednesday, January 13<sup>th</sup>. Dr. Boling will reach out to the top three companies and request materials to be sent to your school for teacher review.

Hi Charlotte!

Good morning and I hope you are having a great week. Cindie let me know in the email below that some schools are concerned with the samples that they received. As a solution, I built a box for each school with items that were missing from the bags. These hard copy items will be of interest to the teachers as they review. I listed the items below that I will be sending. It will be one box with a mixture of k-5 materials. The materials are represented in the program k through 5 but the box will be generic to grade levels. I.e a box might contain grade 3 leveled readers but grade k decodable reader. I hope that makes sense.

I identified twelve schools (see attached highlighted in yellow) that received only bags and those are the schools I will be sending these additional item to if it is ok with you.

What are your thoughts? Is it ok to send these samples to the schools? Please let me know if you have any questions...

Since all the grade levels received the same items, then my guess is that you have the complete set. Attached are the other items we received from McGraw Hill.

These are the only materials we have received for each grade level: very basic – this is the 3<sup>rd</sup> grade but the other grade levels have only received the same items just for their respected grade levels.

The other 2 options we have a ton of stuff with examples of each textbook, workbook, leveled reader, etc.

Hi All,

We appreciate your emails concerning textbook packages and ways the vendors are organizing the materials I've requested those from the publishers and will forward the information as I receive them.

Please note that the information we receive is Round 1. Once our decision is made concerning *which* vendor, additional negotiations will occur.

Attached is the information from McGraw Hill.

Good Afternoon!

We appreciate the time you all put into digging into the textbooks and thinking objectively of advantages and disadvantages of each. I have accumulated all of your comments into one document for your review. Once you have had time to reflect, please rank the textbooks using the form below. If you have any questions, please reach out and let me know. Forms need to be submitted by the end of the day Wednesday, January 13<sup>th</sup>. Dr. Boling will reach out to the top three companies and request materials to be sent to your school for teacher review.

Good morning!  
Please see question below.

Does McGraw Hill ONLY come with a teacher black line master as opposed to a student workbook to practice ELA skills?

Would teachers need to make their own copies from the black line master for students to practice ELA skills?

I have previously taught Wonders, and we used to get a workbook with the series. However, it appears now is just a teacher black line master. I just wanted to confirm this.

Hi Charlotte!

I hope you are having a great day.

Please see below in yellow for answers to the questions. Also, feel free to share this info and the attachments. The attachments highlights some of the new features of the 2022 Florida Wonders and a flyer with all components.

Please let me know if you have any questions and or need anything.

Thank you

**The Student Reading/Writing companion should be in the sample bag that was sent to each school.**

Great question, Charlotte. Thank you for letting me explain to you the updates that have been made to previous Wonders copyrights, based on current customer feedback, like yourself.

Previous copyrights we had the “Your Turn” practice book which was a consumable. You also have various other practice books that were only available online (i.e. grammar; vocabulary; handwriting; spelling) FL Wonders has gathered all of those practice reproducibles and have placed them in ONE blackline master for ease of usability and access. Keeping in mind that not all students will need all the practice pages. To address the copying of the pages, yes, if you would like for the students to have a print copy of the pages, they would need to be reproduced. **But**, I am super excited to let you know that another enhancement to FL Wonders is that these pages in grades 2-5 are also available to be assigned digitally. The students can complete them digitally and submit them back to the teachers and they are auto graded. The results pour into another enhancement called the “Data Dashboard”. This data dashboard collects data from these practice pages as well as skills games and assessments to name a few.

**To address the practice of ELA skills.** Another enhancement is the NEW “Reading Writing Companion” component, this component is consumable for the life of the adoption. The RWC is more than a practice book, it guided instruction in support of mastery of the new BEST standards.

I hope this helps to clarify the changes and the power behind the changes.

Hi Charlotte!

Happy Friday and I hope you both are having an awesome week.

Early on in the 6-12 ELA review process there were some questions about what pieces come in what package for StudySync, specifically WritePrecise.

I wanted to update you about package components for StudySync that was approved by our Sr. Leadership today. We have made 1 exciting change to the components we had reviewed with you previously. Our revision assistant tool, WritePrecise, will now be included with every single teacher and student subscription for StudySync, regardless of the package the district selects.

Please feel free to share with your reviewers.

Hi Michael,

I'm writing to let you know that McGraw Hill was not selected as the ELA textbook publisher for Santa Rosa County. We appreciate McGraw Hill being in the top-three vendors for consideration at both K-5 and 6-12 grades. It was a pleasure working with you through the adoption process.

Dear Jack Waddell,

This is a second courtesy follow up to your support request, case #19785219. We are in need of additional information to work your case.

I apologize for the long delay on getting back to you. I reached out to our product specialist team over the location of Chapter 8 Practice Problems, Review, and Assessment. They were not able to locate that resource for Chapter 8 nor for Chapter 7 as well. If you are able to reply back with a screenshot of the resource for Chapter 7 or that resource itself attached to this e-mail, I can research this further.

If the issue has been resolved, please let me know by responding to this email. However, if it has not been resolved, please reply to this message with any additional information requested above and I will be happy to research your issue further.

If responding to this issue, please use the "**Reply**" button to ensure prompt processing of your question. If you need to call our team, please refer to case number 19785219.

Good afternoon,

We are so glad you could join us for our lunch and learn session on *Increasing Access to Opportunities in Algebra I - School District of Indian River County*. Thank you Rick and Brian for sharing about Indian River's efforts to open Algebra I to more students! And thank you to all of our participants for your questions and insight. You can watch and share a recording of today's session by clicking on this [link](#).

We would love to get your feedback and hear about other topics you'd like to learn more about, so please take 3 minutes to complete this five-question [survey](#).

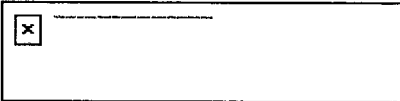

Thank you!

**Subject:** WOW questions

Good morning, Michael.

Here are a few questions we are hoping you will address in our presentation on Monday morning. I apologize for the late notice. We had internet issues this past week and I just found this in my drafts folder.

1. Regarding curriculum packages, there is a reference to 6-year, 7-year, and 8-year adoptions. What is the difference?
2. Also someone mentioned they saw a package with 13 Units of study but the last few units had 1-2 week units. Can you send information or tell us if this is a summer option for instruction?
3. Are the digital components of the curriculum part of the adoption packages or are they a separate or annual fee?
4. What are the Pattern books and what is the cost?
5. Are suggested Trade books included in the packages?
6. Regarding the Built-in professional development, how long does it take to complete the Quick-Start course?
7. How many Implementation modules are there and how long would they take to complete?

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

**Subject:** (EXT) Question/Respond if you Can Please

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

**Subject:** (EXT) Question/Respond if you Can Please

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

Hi everyone,

Hope you're all doing well.

Wanted to jump in here to provide an update since I haven't had a chance to catch-up with most of you in-person this year.

PlanetBox continues to evolve as an aquaponics living lab - it's now serving 30,000 students in MS science, and HS biology, life/environmental sciences.

It brings hundreds of standards to life through hands-on learning and we work closely with your curriculum team through PD to integrate our year-long activities into your scope and sequence. We now have very deep alignment to not only CPALMS but also NGSS and even AP Bio and AP Envi. Sci. You may click [HERE](#) to see what PlanetBoxes look like in the classroom. Additionally, I wanted to share a couple of slides to showcase how such a living, breathing ecosystem changes over the course of the year to anchor so many scientific phenomena.

We're very excited at the new features and activities rolling out Fall 2021 and eager to continue working with districts to bring this exciting curriculum to your educators and students. We're also very interested in supporting/collaborating with publishers/providers of circular science to continue making science education as fun and applied as possible!

Please reach out if you'd like to hear more about our tools and instructional materials.

Have a wonderful summer!

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

Hi everyone,

Hope you're all doing well.

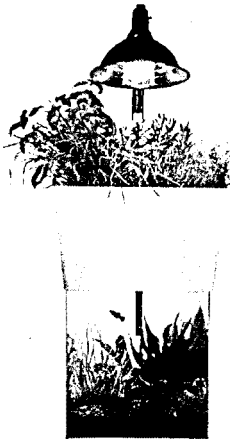

Wanted to jump in here to provide an update since I haven't had a chance to catch-up with most of you in-person this year.

PlanetBox continues to evolve as an aquaponics living lab - it's now serving 30,000 students in MS science, and HS biology, life/environmental sciences.

It brings hundreds of standards to life through hands-on learning and we work closely with your curriculum team through PD to integrate our year-long activities into your scope and sequence. We now have very deep alignment to not only CPALMS but also NGSS and even AP Bio and AP Envi. Sci. You may click [HERE](#) to see what PlanetBoxes look like in the classroom. Additionally, I wanted to share a couple of slides to showcase how such a living, breathing ecosystem changes over the course of the year to anchor so many scientific phenomena.

We're very excited at the new features and activities rolling out Fall 2021 and eager to continue working with districts to bring this exciting curriculum to your educators and students. We're also very interested in supporting/collaborating with publishers/providers of circular science to continue making science education as fun and applied as possible!

Please reach out if you'd like to hear more about our tools and instructional materials.

Have a wonderful summer!

Happy Friday my fellow FASS peeps! I am in need of some information for my Curriculum department and thought we have such great communication relationships I would reach out to ask my science peeps 😊

Did your district go through the adoption for ELA materials to be in place next school year? If so, do you know what company they went with ?

Thank you in advance! If you don't have the info feel free to delete or forward to a colleague that might be able to respond 😊 😊

Becky 😊

**Subject:** RFP--Santa Rosa County--McGraw Hill  
**Attachments:** RFP Explanation.docx

Good afternoon,

You're receiving this e-mail as a valued vendor who currently provides intervention and supplemental instruction products for Santa Rosa County Schools. Due to federal procurement regulations, we are holding a district level RFP to expedite the purchase of these services for our schools over the next three years. For a complete explanation of why we are holding this RFP, please read the attached document.

Please note that this is an RFP that **you need to be proactive and submit for**. Vendors who do not submit for it will not be able to sell products to our district/schools that fall within its scope.

**Please make plans to attend a mandatory Pre-proposal conference** for the RFP that will be hosted by our purchasing department on **May 26<sup>th</sup>, 2021 at 9:00 AM CDT**. Attendance can be in person at the Santa Rosa County School Board Douglas A. Dillion Administrative Building, 6032 Hwy 90, Milton, FL 32570, Room 703 A&B or virtually through Microsoft Teams at <https://bit.ly/3tcnVhi>.

Should you have any questions regarding the RFP, please contact Travis Fulton at [fultont@santarosa.k12.fl.us](mailto:fultont@santarosa.k12.fl.us).

Thank you for your time and partnership with SRCSD.

May 12, 2021

Dear Valued Partner,

The 2018-2019 fiscal year introduced new federal procurement regulations regarding the use of federal dollars based on the 2 CFR Part 200. One of the main regulations that impacts our school district is one that requires every purchase of \$10,000 or more to undergo an RFQ process and purchases of \$50,000 or more to undergo an RFP process. The \$10,000/\$50,000 is not a single purchase, but a sum of all the collective purchases by the district and its subordinate schools over the length of the contract period. Many of the instructional products that our schools currently use are likely to surpass this limit, forcing our schools to independently perform RFQ/RFP's for these products. This is an unnecessary headache for our schools that we are actively trying to avoid. Our solution is to hold a District level RFP process for vendors that we anticipate may do this quantity of business collectively within our district. We've reached out to our schools to ask which vendors we should approach and your business is among those named by our administrators.

We ask that you submit a proposal that showcases any intervention/supplemental products that you offer, both those that are currently in use by our schools, or those that you envision our schools will use moving forward. Our committee will review these products for purchase by our schools, removing the barrier between you and our administrators. Please note that this RFP will define which vendors are allowed to offer products to meet the instructional needs it outlines. **If you do not submit, products that you offer that fall within the scope of the RFP will not be allowed to be purchased in our district for the length of the RFP.**

Also note that this process is not a guarantee of purchase. Its intention is to prevent the need for a RFQ/RFP should an individual school, or group of schools, decide to purchase your product. Should you have any questions regarding the RFP process, please forward those to Travis Fulton ([fultont@santarosa.k12.fl.us](mailto:fultont@santarosa.k12.fl.us)).

If your company has not already registered with the Florida Purchasing Group through BidNet, please do so. This is the only avenue for your proposals to be submitted and accepted. You can register [here](#).

Thank you all for your time, support, and all that you do for the students of Santa Rosa County. You are valued partners and we appreciate you.

Good morning,

Please find attached an invitation to submit your materials for this year's K-5 Math Adoption. Please notify me of your intent to participate no later than July 30<sup>th</sup>, 2021.

You'll also find attached our instructional materials form that will need to be completed and returned by August 6th, 2021.

Please note that publishers will need to provide a video of their curricular presentations should they advance to our live meeting in December. If a publisher is unable to supply a video of their presentation, my department can film their live presentation for them. Ultimately, a video must be provided/created for publishers to be accepted for our district adoption process. These videos will be distributed to teachers across our county so they can learn more about your products and can make informed decisions regarding adoption.

If you have any questions regarding our adoption process, please let me know.

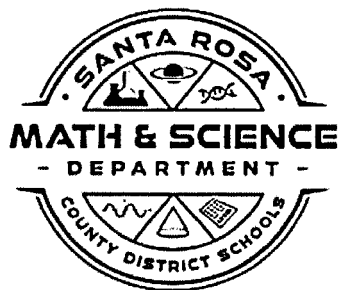

Thank you for your time, support, and dedication to students!

Dear Publisher,

Santa Rosa County District Schools will be adopting mathematics textbooks for the new adoption cycle. Your submission for **Elementary Grades K-5** is on the short bid list released by the Florida Department of Education and we formally invite you to present your curriculum to our teachers. We will adopt curriculum from only one publisher for grades K-5 this spring.

Our math adoption will occur in two phases. In phase 1, we request you send materials for our adoption committee to review. The committee will review materials on **September 28<sup>th</sup>, 2021** in a closed meeting and will choose 4 publishers to move forward to phase 2 in our adoption process. Those 4 publishers will be asked to send samples to our schools for review and will present to our committee on **Monday, December 6<sup>th</sup>, 2021**. This will allow for each publisher to have substantial time sharing their curricular vision with our team. Presentations this year will be at the Dillon Administrative Center, located at 6032 Hwy 90, Milton, FL 32570.

If you would like to participate in this year's math adoption, please contact me no later than July 30, 2021. Also complete the attached instructional materials form and return to me no later than August 6, 2021. This form must be completed to be considered for adoption. Finally, please be sure to send samples of your curriculum (one copy per grade) to my attention at the Dillon Administrative Center, 6032 Hwy 90, Milton, FL 32570 by **August 6, 2021**.

Because of our 2-phase format, the cost for publishers to present materials for Elementary Grades K-5 will be two-tiered. Initial entry into our process will be \$400. Publishers who move forward will need to pay an additional \$1,500 to continue participation. These funds are used to cover the expenses of our adoption process.

- Please make checks payable to the Santa Rosa Educational Foundation and be sure MATH ADOPTION is written on the check.
- Mail checks to Kamila Schleicher at the Dillon Administrative Center, 6032 Hwy 90, Milton, FL 32570 by **August 27, 2021**.

Office: 850.983.5051

Cell: 850.384.1978

Review of deadlines:

- Confirm desire to participate by **July 30**.
- Submit attached forms to me by **August 6**.
- Provide review materials for our committee by **August 6**.
- Submit check to Kamila Schleicher by **August 27**.

If you have any questions regarding our adoption process, please feel free to contact me by phone or e-mail.

Thank you all for your time, consideration, and passion for education. I know there's been a fast turnaround on creating materials for the new B.E.S.T. benchmarks. We truly appreciate all your efforts in preparing quality materials for Florida's students.

**Attachments:** Instructional Materials Form rev 12-01-20.pdf; W9 2021.pdf; 68 Math Adopt Pub Invite .pdf

Good morning,

Please find attached an invitation to submit your materials for this year's 6-8 Math Adoption. Please notify me of your intent to participate no later than July 30<sup>th</sup>, 2021.

You'll also find attached our instructional materials form that will need to be completed and returned by August 6th, 2021.

Please note that publishers will need to provide a video of their curricular presentations should they advance to our live meeting in December. If a publisher is unable to supply a video of their presentation, my department can film their live presentation for them. Ultimately, a video must be provided/created for publishers to be accepted for our district adoption process. These videos will be distributed to teachers across our county so they can learn more about your products and can make informed decisions regarding adoption.

Also, when you confirm your participation, please let me know your company's plan to address the needs of 6th and 7th advanced students through your curriculum. Is it through separate books, or a supplemental consumable? What does that look like for your curriculum?

If you have any questions regarding our adoption process, please let me know.

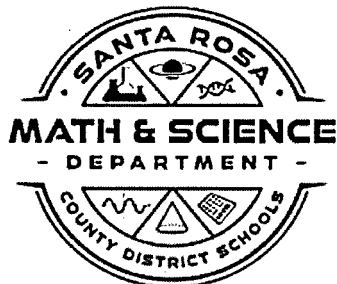

Thank you for your time, support, and dedication to students!

Dear Publisher,

Santa Rosa County District Schools will be adopting mathematics textbooks for the new adoption cycle. Your submission for **Middle Grades 6-8** is on the short bid list released by the Florida Department of Education and we formally invite you to present your curriculum to our teachers. We will adopt curriculum from only one publisher for grades 6-8 this spring.

Our math adoption will occur in two phases. In phase 1, we request you send materials for our adoption committee to review. The committee will review materials on **September 29<sup>th</sup>, 2021** in a closed meeting and will choose 4 publishers to move forward to phase 2 in our adoption process. Those 4 publishers will be asked to send samples to our schools for review and will present to our committee on **Tuesday, December 7<sup>th</sup>, 2021**. This will allow for each publisher to have substantial time sharing their curricular vision with our team. Presentations this year will be at the Dillon Administrative Center, located at 6032 Hwy 90, Milton, FL 32570.

If you would like to participate in this year's math adoption, please contact me *no later than July 30, 2021*. Also complete the attached instructional materials form and return to me *no later than August 6, 2021*. This form must be completed to be considered for adoption. Finally, please be sure to send samples of your curriculum (one copy per grade) to my attention at the Dillon Administrative Center, 6032 Hwy 90, Milton, FL 32570 by **August 6, 2021**.

Because of our 2-phase format, the cost for publishers to present materials for Middle Grades 6-8 will be two-tiered. Initial entry into our process will be \$400. Publishers who move forward will need to pay an additional \$1,000 to continue participation. These funds are used to cover the expenses of our adoption process.

- Please make checks payable to the Santa Rosa Educational Foundation and be sure MATH ADOPTION is written on the check.
- Mail checks to Kamila Schleicher at the Dillon Administrative Center, 6032 Hwy 90, Milton, FL 32570 by **August 27, 2021**.

Review of deadlines:

- Confirm desire to participate by **July 30**.
- Submit attached forms to me by **August 6**.
- Provide review materials for our committee by **August 6**.
- Submit check to Kamila Schleicher by **August 27**.

If you have any questions regarding our adoption process, please feel free to contact me by phone or e-mail.

Thank you all for your time, consideration, and passion for education. I know there's been a fast turnaround on creating materials for the new B.E.S.T. benchmarks. We truly appreciate all your efforts in preparing quality materials for Florida's students.

Dear Publisher,

Santa Rosa County District Schools will be adopting mathematics textbooks for the new adoption cycle. Your submission for **High School Grades** is on the short bid list released by the Florida Department of Education and we formally invite you to present your curriculum to our teachers.

Due to the large number of courses up for adoption, our high school grades adoption process will feature different processes for Algebra 1/Geometry/Algebra 2 (AGA) consideration versus other high school courses. Our adoption committee will focus their review on AGA materials, since those courses comprise the bulk of the district's anticipated purchases. We will adopt curriculum from only one publisher for AGA this spring.

Materials for courses outside of AGA will be reviewed by teachers at individual school sites. We will facilitate votes for materials for each individual course, meaning any publisher could win each course.

Our AGA adoption will occur in two phases. In phase 1, we request you send materials for our adoption committee to review. The committee will review materials on **September 30<sup>th</sup>, 2021** in a closed meeting and will choose 4 publishers to move forward to phase 2 in our adoption process. Those 4 publishers will be asked to send samples to our schools for review and will present to our committee on **Thursday, December 9<sup>th</sup>, 2021**. This will allow for each publisher to have substantial time sharing their curricular vision with our team. Presentations this year will be at the Dillon Administrative Center, located at 6032 Hwy 90, Milton, FL. 32570.

In lieu of live publisher presentations for courses outside of AGA, we will offer publishers the opportunity to share a brief video presentation of their curricula for us to share with our reviewers. More information regarding this process will be forthcoming.

If you would like to participate in this year's math adoption, please contact me no later than July 30, 2021. Also complete the attached instructional materials form and return to me no later than August 6, 2021. This form must be completed to be considered for adoption. Finally, please be sure to send samples of your curriculum (one copy per grade) to my attention at the Dillon Administrative Center, 6032 Hwy 90, Milton, FL 32570 by **August 6, 2021**.

For AGA, because of our 2-phase format, the cost for publishers to present materials will be two-tiered. Initial entry into our process will be \$400. Publishers who move forward will need to pay an additional \$1,000 to continue participation. These funds are used to cover the expenses of our adoption process.

For courses outside of AGA, the cost for publishers to present materials will be \$100 per course. These funds are used to cover the expenses of our adoption process.

- Please make checks payable to the Santa Rosa Educational Foundation and be sure MATH ADOPTION is written on the check.
- Mail checks to Kamila Schleicher at the Dillon Administrative Center, 6032 Hwy 90, Milton, FL 32570 by **August 27, 2021**.

Hi Jeff,

Just a friendly fyi, please see below regarding initial contribution to the Foundation for the upcoming District Math Adoption process. As we discussed, the company has a 60 day hold on all checks. The contribution was approved on our end and the check will be delivered to Kamila in early September, slightly past the required date of Aug 27<sup>th</sup>. Please see email thread below for confirmation that the check is on the way. I spoke with Kamila as well and she is aware that the check will arrive in early September. The check will be for \$1200 to cover all four grade bands. Does this work?

Thank you and please let me know if you have any questions or concerns...

Hi Michelle,

Thank you for the update. As we discussed, is there something that I can send to my customer that shows them that the request is in process and that they will get paid in 60 days. Any suggestions?

Thank you...

Hi Jeff,

Just a friendly fyi, please see below regarding initial contribution to the Foundation for the upcoming District Math Adoption process. As we discussed, the company has a 60 day hold on all checks. The contribution was approved on our end and the check will be delivered to Kamila in early September, slightly past the required date of Aug 27<sup>th</sup>. Please see email thread below for confirmation that the check is on the way. I spoke with Kamila as well and she is aware that the check will arrive in early September. The check will be for \$1200 to cover all four grade bands. Does this work?

Thank you and please let me know if you have any questions or concerns...

Hi Jeff,

Happy Friday and I hope you are having a great week. I delivered the print samples to your office yesterday the 29<sup>th</sup>. Please see attached documents and below for the additional information about our programs that you requested. This should complete our submission. Please let me know if you have what you need and or if you have any questions.

Thank you very much

Our AGA books include the Honors lessons at point of use in the teacher and student editions which allows for flexibility in instruction, allowing teachers of non-honors students to enhance the curriculum when they feel it is appropriate.

The Module Planner has two types of labeling determined by the standards designation.

- Lessons comprised entirely of honors content will have a lesson number and "Honors" leading the lesson title.
- "A" or "B" designations precede or follow a core lesson and include "Honors" in the title.

Do your digital resources require additional software to use them? .....  Yes  No

If yes, please describe: \_\_\_\_\_

Are your digital resources (e.g., worksheets, tests) customizable? .....  Yes  No

May we upload student data nightly? .....  Yes  No

How do you handle student/teacher changes? All updates will be made from your roster file, nightly.

What is the turnaround time for processing student data? All updates will be made from your roster file, nightly.

Is student data encrypted on hosted servers? .....  Yes  No

Is student data transferred using SSL/TLS or otherwise encryption using an open standard? .....  Yes  No

If yes, please describe: \_\_\_\_\_

Can a teacher view a previous year's data? .....  Yes  No

Can the district set username/passwords for students? .....  Yes  No

If not, what is your format? We currently have Single Sign-On in place for Santa Rosa County.

What is the delivery method of digital content? Web-based fully hosted by McGraw Hill

What format (most of our new computers no longer have CD/DVD drives)? Web-based fully hosted by McGraw Hill

With what devices is it compatible? \_\_\_\_\_

Is it Cloud based? .....  Yes  No

Interactive? .....  Yes  No

If so, to what extent? \_\_\_\_\_

Is there a functioning student email account required? .....  Yes  No

How often will your digital resources be updated? \_\_\_\_\_

Is there a cost?  Yes  No How much? \_\_\_\_\_

Is your web-based content HTML5 format? .....  Yes  No

Does your application require the use of Flash or any other deprecated technologies? .....  Yes  No

If yes, please describe: \_\_\_\_\_

If not, are you an approved vendor with Puffin Academy or another Flash emulator? .....  Yes  No

If other, which one? \_\_\_\_\_

Is your web-based content compatible with Google Chrome? .....  Yes  No

If so, what version? Google Chrome 86+

What level of technical support is offered? Support offered via the web (<https://mhedu.force.com/DTS/s/>) or phone

How is it delivered? \_\_\_\_\_

The district will have access to our Integration Support team to help with digital access issues, and access to DTS. Our Tier 1 (DTS), and Tier 2 are all available to customers between the hours of 7am - 8pm EST Monday - Friday. Tier 3 (Integ

Is technical support offered on demand for the length of the adoption? Yes

To whom is it available? Teachers, Staff, Parents, Students

Is a district license available for online/digital access of materials? .....  Yes  No

Is the license concurrent? .....  Yes  No

Is a hardcopy of the resource available to Media Services for the parents to access/review? .....  Yes  No

Good afternoon!

Our county (Santa Rosa, FL) uses the Hole's Essentials of Human Anatomy and Physiology. I have provided my teachers with the demo login until our ITS department can roster the books to teachers and students and one of the teachers replied to me that she also has had access to Anatomy & Physiology Revealed 4.0. This isn't something that I am familiar with, is this something that we do have access to currently? And if so, can you let me know how to give demo access?

Thank you so much for your time!

Good morning!

I hope that you had a great summer!

Back in the swing of things now 😊. The demo codes that we had last year for our teachers to use during the down time while ITS rosters students is no longer working. Can you please provide credentials so our teachers can get into the text for the next couple of weeks?

Thank you so much! Hope you have a great day!

Good morning!

I hope that you had a great summer!

Back in the swing of things now 😊. The demo codes that we had last year for our teachers to use during the down time while ITS rosters students is no longer working. Can you please provide credentials so our teachers can get into the text for the next couple of weeks?

Thank you so much! Hope you have a great day!

Sorry I missed your call! I stepped out for just a minute 😊

Our teachers don't know their login information because it is generated by ITS and put into the single-sign on manager.

Let me know what I can do to help. I really do appreciate your help!

Hi Jennifer!

The teachers do not need a demo code. They can use their access from last year even while the IT folks are doing their thing. Does that make sense? I left you a vm as well...

Thank you

Hi Jennifer!

The teachers do not need a demo code. They can use their access from last year even while the IT folks are doing their thing. Does that make sense? I left you a vm as well...

Thank you

Good morning!

I hope that you had a great summer!

Back in the swing of things now 😊. The demo codes that we had last year for our teachers to use during the down time while ITS rosters students is no longer working. Can you please provide credentials so our teachers can get into the text for the next couple of weeks?

Thank you so much! Hope you have a great day!

**Subject:** request for account/instructor resources

Hello Mr. Gallagher,

I am an instructor at Gulf Breeze High School, and this is my second year teaching anatomy and physiology using the Hole's text (ISBN 978-0-07-903972-9). I have never been successful at trying to get resources locally within the district, so I am writing to you to see if I am able to create an account with MH and gain access to any instructor resources. I know there is a lab manual that accompanies the text, but I don't have it. Powerpoints, test banks....anything would be helpful. I would rather build upon the curriculum I have already with MH materials, versus piecing together anything I can find outside of the text resources. Any help would be appreciated!

Thank you so much,  
Shawn Jennings

Good morning,

Please find attached an invitation to submit your materials for this year's K-5 Math Adoption. Please notify me of your intent to participate no later than July 30<sup>th</sup>, 2021.

You'll also find attached our instructional materials form that will need to be completed and returned by August 6th, 2021.

Please note that publishers will need to provide a video of their curricular presentations should they advance to our live meeting in December. If a publisher is unable to supply a video of their presentation, my department can film their live presentation for them. Ultimately, a video must be provided/created for publishers to be accepted for our district adoption process. These videos will be distributed to teachers across our county so they can learn more about your products and can make informed decisions regarding adoption.

If you have any questions regarding our adoption process, please let me know.

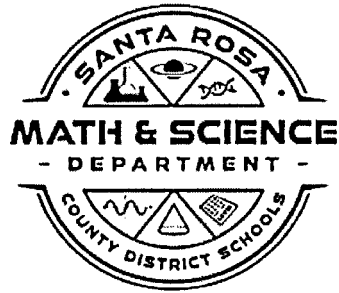

Thank you for your time, support, and dedication to students!

Serving Together,

Good morning. I've received invoices for \$164,938.01 and \$44,594.36 for a total of \$209,532.37. The invoices show backordered items totaling \$59,447 (plus shipping?). Can you check on the status of those items? We're using grant funds and I'm getting word that the grant is about to close!

Rachel, due to the adoption you cannot promote your materials that are up for adoption. Just wanted to remind you. This is an opportunity to connect with the districts but in a generic way. We do not have all companies represented from the adoption process, equal time is not available. I'm sorry, but since I retired I have not kept up with the adoptions and process. You will still get time to speak to the group either during Saturday's lunch or just after if you need a projector. I don't want you all excluded from the adoption due to something we allowed that was not allowed. It is my belief that you can talk about support for current books being used in the state.

I will let you know the counts soon.

Hello,

I have a teacher at Jay High School, Rebecca Holley, who is teaching courses 0141-1506320-101, 0141-1506320-102, 0141-1506320-103 and 0141-1506320-V05 and she has no students in her classes though the students are showing in OneRoster. I looked at the error logs and couldn't find anything related to those classes or this teacher. Do you know what the issue is?

Thanks,

Todd

**Good morning! I am trying to get an idea of how many teachers are using the on-line material when it comes to giving assignments to students.**

**Is there a way to see a usage report to see how many teachers assigned lessons to students, since August?**

Hi Clark!

Good morning. Well, you didn't miss anything but we did upgrade/Rebrand LearnSmart. So you still have access, it is now called SmartBook 2.0, you can access what you need through this tab. When you go into connected, launch your course, across the top there is a SmartBook Tab. You can also find SmartBook access in the resource library. Does that help? Please let me know if you have any questions.

Thank you

Good morning.

Thanks for the response.

I agree with what you sent to me below.

That's what I EXPECTED to find.

But that space in my online assessments is completely BLANK.

I can go to assigned tests or assign test from the library...there is nothing  
Then I search, "unit 3" nothing appears.

I can go to new test, there is nothing...all I can get to is item bank and look up individual questions, but they are NOT associated with a unit...I have to open them all up individually to figure out if they are my lesson or if they are NOT my lesson...it's incredibly time-consuming.

I still need help.

I recommend making it a tiny bit easier to navigate to the online assessments...once I'm in that tab, it's rather tricky more than a direct route.

Hi Clark!

I hope you are having a great week. Can you help with some teacher recommendations?

McGraw is asking me for some teachers that might be willing to speak with us about Social Studies. Do you have any teachers that you can recommend to participate on our Social Studies Advisory Board? It would be awesome to be able to get some insights and feedback from Santa Rosa teachers as we plan the next FI Social Studies programs.

I will share specifics with and gauge the interest level of any of the teachers that you recommend. Corporate would like these asap so if you have any that you think would be a good fit please forward me their name, grade and email that would be awesome.

Thank you very much for your consideration and please let me know if you have any questions.

Hi Clark,

Great, I appreciate the offer to help. 1 or 2 per grade band (k-5, 6-8, 9-12) will be awesome or if you don't have one for a grade band that is fine too 😊

Thanks again

Hi Clark!

Thank you very much and I greatly appreciate the help. Corp will reach out directly to the teachers to share specifics, gauge interest and next steps. Just a friendly FYI, due to size limitations, not all teachers will be chosen 😊 One or two elementary suggestions would be great but if you don't have any interest, no worries.

Please let me know if you have any questions and or need anything.

Have a great weekend!

Good Afternoon Mr. Gallagher,

I am reaching you to today with an issue with our Glencoe Health textbooks. Currently it looks like we don't have any current licenses for our Student editions of the textbooks.  
This the information we got back when contacting support.

Good Afternoon Mr. Gallagher,

I am reaching you to today with an issue with our Glencoe Health textbooks. Currently it looks like we don't have any current licenses for our Student editions of the textbooks.  
This the information we got back when contacting support.

**Subject:** (EXT) PayPal link for FASS conference payment and reminder to register

**CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!**

Good morning all! Please make sure your register for the FASS conference as we need numbers for our vendors and for food. 😊

There was an issue with paying for conference registration using the button on the website. If you tried, you may have received thank you for your payment. These did not go through.

You would receive a receipt in your email if it had. The following link works and you may pay for your registration.

Have a great day! Looking forward to seeing everyone. 😊 Let me know if you are having any issues or have questions.

**Importance:** High

Good morning!

I am having an issue with my order. I placed it via phone on 9/14. I have been waiting for a receipt which I requested online twice. I spoke to a customer service rep yesterday who stated my order was still in progress. This morning I received an email that my order was cancelled.

This has been extremely time consuming and frustrating. My order #58828675

Any help you can provide would be greatly appreciated!

Thank you,

Hello Florida Social Studies Teachers,

I am a Product Marketing Manager for Social Studies at McGraw Hill. We are looking for teachers who might be interested in participating in a Teacher Advisory Board for Middle School and High School Florida Social Studies. I received your name from one of our Florida sales reps as a person who might be interested in helping us.

We're excited to have a few discussions with you over the next few months and thank you for your interest in talking with us!

We are hoping to schedule our first session in the next two weeks. Please fill out the survey [click here for survey](#) so we can find the best day and time to schedule these. We plan to have two sessions on the same topic, you would only need to attend the one that fits your schedule best. A follow up invitation will be sent for you to sign up on one of the two preferred dates.

For this first session we are limiting attendees to 10 people each night, to allow for a more robust discussion. We will be paying you \$100 for your time via a Tango gift card.

Please join on Florida Teacher Advisory Board group for future communication and quick feedback and survey opportunities:

<https://florida-6-12-social-studies-teacher-advisory-board.mobilize.io/registrations/groups/52329>

Please let me know if you have any questions and thank you for your time!

Thanks.

Jim

Congratulations!

Your curriculum has advanced in our elementary adoption process.

At this time we ask that you send sample kits to each of our elementary schools for their continued review. Attached, you'll find a list of our schools, addresses, and points of contact. Please note that we are asking for multiple sample kits for our larger K-2 and 3-5 schools.

As you know, adoption is a **closed process** for our schools. *Please do not communicate with our points of contact at any time.* If you have any issues with getting materials to a school or with needing additional information, please let me know and I'll get that for you asap.

If you would, please also provide me with the pricing structure for your curriculum moving forward. What package options exist? Please describe clearly what comes in each package.

Here is our upcoming timeline:

**December 6th** - Publisher Presentations (DAD Center)  
**January 10th** - Final Review - Pros/Cons (DAD Center)  
**January 24th** - Ballots sent to schools  
**January 31th** - Ballots Due

Also, remember that because of our 2-phase format, the cost for publishers to present materials for Elementary Grades K-5 is two-tiered. Your initial entry into our process was \$400. Now that the committee has selected you to move forward, you will need to pay an additional \$1,500 to continue participation. These funds are used to cover the expenses of our adoption process.

- Please make checks payable to the Santa Rosa Educational Foundation and be sure MATH ADOPTION is written on the check.
- Mail checks to Kamila Schleicher at the Dillon Administrative Center, 6032 Hwy 90, Milton, FL 32570 by **November 26th, 2021**.

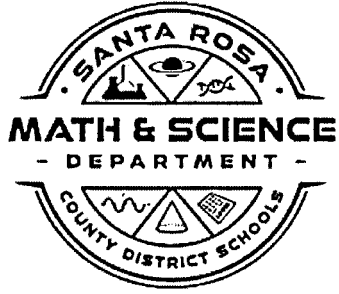

We'll see you on **December 6th** for presentations. I'll send more information to you soon regarding the schedule for that day. If you have any other questions moving forward, please let me know.

## CONFIDENTIALITY AGREEMENT

THIS CONFIDENTIALITY AGREEMENT (the "Agreement"), entered into by and between the McGraw Hill legal entity identified below ("McGraw Hill") and the individual identified below, is made effective as of the date on which McGraw Hill signs this Agreement.

WHEREAS, the parties hereto desire to exchange certain confidential information for the purpose of evaluating and possibly effectuating a proposed transaction or business relationship between the parties or their affiliates;

NOW, THEREFORE, the parties hereto agree as follows:

1. Definitions. As used in this Agreement:

"Confidential Information" means any information disclosed by the Disclosing Party or its Related Persons to Recipient or its Related Persons in connection with the Proposed Transaction (regardless of the manner in which it is disclosed, whether disclosed before or after the date hereof, and whether in the form originally disclosed by the Disclosing Party or its Related Persons or incorporated or reflected in any document or record prepared by the Recipient or its Related Persons), including the Disclosing Party's interest in, and proposals, responses or agreements with respect to, the Proposed Transaction; provided that "Confidential Information" shall not include (a) any information that is or becomes publicly available other than as a result of a disclosure by the Recipient or any of its Related Persons in breach of this Agreement, (b) any information that was or is disclosed to the Recipient or its Related Persons by a third party on a nonconfidential basis, provided that the Recipient or such Related Person (as the case may be) reasonably believes that such disclosure to it did not violate any duty of confidentiality, or (c) any information that was or is independently developed by the Recipient or its Related Persons without use of Confidential Information.

"Disclosing Party" means a party to this Agreement in its capacity as a party that is disclosing Confidential Information to the other party.

"Legal or Regulatory Requirement" means (a) any applicable law, regulation or legal process or (b) any applicable request by any governmental or regulatory authority with jurisdiction over the Person subject to such request.

"Person" shall mean any individual or any corporation, company, partnership or other entity.

"Proposed Transaction" means the proposed transaction or business relationship between the parties or their affiliates.

"Recipient" means a party to this Agreement in its capacity as a party that is receiving Confidential Information from the other party.

"Related Person" of any Person, means such Person's affiliates and its and their respective officers, directors, managers, agents, employees, auditors, advisors and other representatives.

2. Confidentiality; Usage. The Recipient (a) shall not disclose any Confidential Information to any Person (including its Related Persons), except to (i) its Related Persons who need to know such

Confidential Information for the purpose of evaluating and effectuating the Proposed Transaction or to perform audit, accounting, supervisory, control, compliance or similar functions for the Recipient or (ii) any Person to whom disclosure is required or requested by any Legal or Regulatory Requirement, and (b) shall use Confidential Information only for the purpose of evaluating and effectuating the Proposed Transaction. The Recipient shall use at least the same degree of care in safeguarding the confidentiality and usage of Confidential Information as the Recipient uses for its own confidential and proprietary information but in no event shall the Recipient use less than reasonable care. The Recipient shall take such actions as it deems prudent to ensure that its Related Persons to whom it discloses Confidential Information comply with the restrictions on use and disclosure of Confidential Information contained herein, and Recipient shall be responsible for any failure of any such Related Person to so comply.

3. Procedures for Required Disclosures. In the event the Recipient becomes aware that any Legal or Regulatory Requirement requires or requests disclosure of any Confidential Information by the Recipient or its Related Persons, the Recipient shall, to the extent reasonably practical and not prohibited by any Legal or Regulatory Requirement, (a) promptly notify the Disclosing Party of such required or requested disclosure and (b) at the Disclosing Party's expense, take such commercially reasonable actions as the Disclosing Party may request to cooperate with the Disclosing Party to resist such disclosure, narrow the scope of the information to be disclosed, or prevent such Confidential Information from becoming publicly available as a result of such disclosure.

4. Return or Destruction of Information. If at any time prior to the execution and delivery of a written agreement providing for the effectuation of the Proposed Transaction the Disclosing Party so requests, the Recipient shall, and shall cause its Related Persons to, promptly either deliver to the Disclosing Party or destroy all copies of Confidential Information in its possession or control and, if requested by the Disclosing Party, certify such return or destruction in writing. Notwithstanding the foregoing, the Recipient and each of its Related Persons may retain (i) any copies of Confidential Information required to be retained to comply with Legal or Regulatory Requirements or such Person's customary document retention policies and (ii) any copies of Confidential Information contained in computer files maintained pursuant to such Person's customary archiving or back-up procedures.

5. No Representations and Warranties or Business Commitments. The parties acknowledge that, except as may be expressly provided in any subsequent written agreement, neither the Disclosing Party nor any of its Related Persons makes any express or implied representation or warranty as to the accuracy or completeness of any Confidential Information or, in the absence of fraud, shall have any liability to the Recipient or any of its Related Persons relating to or arising from its or their use of any Confidential Information. Nothing herein shall impose any obligation on the part of either party to participate in or pursue the Proposed Transaction.

6. Enforcement. Each party consents to the exclusive jurisdiction of the appropriate subject matter courts located in the jurisdiction where McGraw Hill's principal executive office is located. The parties acknowledge and agree that any breach of this Agreement by the Recipient shall result in irreparable harm to the Disclosing Party for which monetary damages will be inadequate and that Disclosing Party shall be entitled to equitable relief (including without limitation, injunctive relief), in addition to any other rights or remedies that may be available at law or in equity. In the event that any legal proceeding in respect of this Agreement, the prevailing party shall be entitled to recover its reasonable attorneys' fees and other out-of-pocket expenses incurred in connection therewith.

7. Termination. The obligations of the parties under this Agreement with respect to any Confidential Information shall terminate upon the earlier of (a) the execution and delivery of a written agreement with respect to the Proposed Transaction that contains superseding provisions governing the rights and obligations of the parties with respect to such Confidential Information and (b) the second anniversary of the date first written above.

8. Miscellaneous. This Agreement contains the entire agreement between the parties with respect to the use and disclosure of Confidential Information, and supersedes all prior agreements or understandings between the parties with respect thereto. This Agreement may not be amended or any provision hereof waived, in whole or in part, except by a writing signed by both parties hereto. No failure or delay by any party in exercising any right, power or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any right, power or privilege hereunder. This Agreement may be executed in counterparts with the same effect as if all signatures were on the same copy and may be delivered by electronic transmission of signed signature pages. This Agreement shall be governed by and construed in accordance with the laws of the jurisdiction where the headquarters of McGraw Hill are located.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the date first above written.

Congratulations!

Your curriculum has advanced in our middle school adoption process.

At this time we ask that you send sample kits to each of our middle schools for their continued review. Attached, you'll find a list of our schools, addresses, and points of contact. Please note that some schools will not need all 3 grade levels. Please pay careful attention to the grades needed!

As you know, adoption is a **closed process** for our schools. *Please do not communicate with our points of contact at any time.* If you have any issues with getting materials to a school or with needing additional information, please let me know and I'll get that for you asap.

If you would, please also provide me with the pricing structure for your curriculum moving forward. What package options exist? Please describe clearly what comes in each package.

Here is our upcoming timeline:

**December 7th** - Publisher Presentations (DAD Center)  
**January 11th** - Final Review - Pros/Cons (DAD Center)  
**January 24th** - Ballots sent to schools  
**January 31th** - Ballots Due

Also, remember that because of our 2-phase format, the cost for publishers to present materials for Middle Grades 6-8 is two-tiered. Your initial entry into our process was \$400. Now that the committee has selected you to move forward, you will need to pay an additional \$1,000 to continue participation. These funds are used to cover the expenses of our adoption process.

- Please make checks payable to the Santa Rosa Educational Foundation and be sure MATH ADOPTION is written on the check.
- Mail checks to Kamila Schleicher at the Dillon Administrative Center, 6032 Hwy 90, Milton, FL 32570 by **November 26th, 2021.**

We'll see you on **December 7th** for presentations. I'll send more information to you soon regarding the schedule for that day. If you have any other questions moving forward, please let me know.

Mike,

Do you have access to a demo site for the student textbooks? We have been in school almost two months and the students do not have access to the curriculum.

I have several emails from teachers asking about this issue. All I can keep saying is, "ITS is working with the vendor to resolve this issue." They aren't liking that answer.

I do not have the PO for the extension as it's not my area, as I only deal with rostering the students into the platform.

Hi Christi,

I am sorry to hear about the issues you are having. As I emailed previously, the contract for that purchase ended on August 30, 2021. There is no record of a purchase. The district will have to purchase for another year if you would like student and teacher access. Please feel free to call me to discuss if you like.

Thank you

Mike,  
 Do you have access to a demo site for the student textbooks? We have been in school almost two months and the students do not have access to the curriculum.  
 I have several emails from teachers asking about this issue. All I can keep saying is, "ITS is working with the vendor to resolve this issue." They aren't liking that answer.  
 I do not have the PO for the extension as it's not my area, as I only deal with rostering the students into the platform.

Hi Christi,

I am sorry to hear about the issues you are having. As I emailed previously, the contract for that purchase ended on August 30, 2021. There is no record of a purchase. The district will have to purchase for another year if you would like student and teacher access. Please feel free to call me to discuss if you like.

Thank you

Mike,  
Do you have access to a demo site for the student textbooks? We have been in school almost two months and the students do not have access to the curriculum.  
I have several emails from teachers asking about this issue. All I can keep saying is, "ITS is working with the vendor to resolve this issue." They aren't liking that answer.  
I do not have the PO for the extension as it's not my area, as I only deal with rostering the students into the platform.

Hi Christi,

I am sorry to hear about the issues you are having. As I emailed previously, the contract for that purchase ended on August 30, 2021. There is no record of a purchase. The district will have to purchase for another year if you would like student and teacher access. Please feel free to call me to discuss if you like.

Thank you

Mike,

Do you have access to a demo site for the student textbooks? We have been in school almost two months and the students do not have access to the curriculum.

I have several emails from teachers asking about this issue. All I can keep saying is, "ITS is working with the vendor to resolve this issue." They aren't liking that answer.

I do not have the PO for the extension as it's not my area, as I only deal with rostering the students into the platform.

Hi Christi. I called and left a vm for Michelle on the 20th but never heard back. We do not have record of any purchase to extend the five year contract from 2016. That contract expired August 30, 2021. Do you have a po for the extension purchases. Thanks.

Good Afternoon Mr. Gallagher,

I am reaching you to today with an issue with our Glencoe Health textbooks. Currently it looks like we don't have any current licenses for our Student editions of the textbooks.  
 This the information we got back when contacting support.

Morning Michael,

Per the email chain below, do you happen to have the PO number from the purchase in 2016? This will help me track down our end of things. Any help would be much appreciated. Thanks

Bryan,  
See if you can find the PO for this purchase. You may have to look in the PO history file. I did move those to office 365.

Thanks.

Mike,  
Do you have access to a demo site for the student textbooks? We have been in school almost two months and the students do not have access to the curriculum.  
I have several emails from teachers asking about this issue. All I can keep saying is, "ITS is working with the vendor to resolve this issue." They aren't liking that answer.  
I do not have the PO for the extension as it's not my area, as I only deal with rostering the students into the platform.

Hi Christi. I called and left a vm for Michelle on the 20th but never heard back. We do not have record of any purchase to extend the five year contract from 2016. That contract expired August 30, 2021. Do you have a po for the extension purchases. Thanks.

Hey Mike,  
Have you been able to resolve our issue with the missing student editions?

Christi
