

*** EXTERNAL EMAIL: If sender is unknown, use caution when opening. ***

Congratulations!

Your curriculum has advanced in our elementary adoption process.

At this time we ask that you send sample kits to each of our elementary schools for their continued review. Attached, you'll find a list of our schools, addresses, and points of contact. Please note that we are asking for multiple sample kits for our larger K-2 and 3-5 schools.

As you know, adoption is a **closed process** for our schools. *Please do not communicate with our points of contact at any time.* If you have any issues with getting materials to a school or with needing additional information, please let me know and I'll get that for you asap.

If you would, please also provide me with the pricing structure for your curriculum moving forward. What package options exist? Please describe clearly what comes in each package.

Here is our upcoming timeline:

December 6th - Publisher Presentations (DAD Center)

January 10th - Final Review - Pros/Cons (DAD Center)

January 24th - Ballots sent to schools

January 31th - Ballots Due

Also, remember that because of our 2-phase format, the cost for publishers to present materials for Elementary Grades K-5 is two-tiered. Your initial entry into our process was \$400. Now that the committee has selected you to move forward, you will need to pay an additional \$1,500 to continue participation. These funds are used to cover the expenses of our adoption process.

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Welcome, K-5 Florida Social Studies Advisors!

Thank you for your interest in participating in the K-5 Florida Social Studies Teacher Advisory board.

We are excited to collaborate with you in thinking about how to develop effective instructional resources and curricula for your Florida elementary Social Studies classrooms. We will be meeting "in person" via Zoom approximately once a week for specific discussion topics. Our first Zoom meeting will be Wednesday, October 13th.

Help us get to know you by completing a short [survey](#), we have also posted a poll question to determine best meeting times for our Zoom calls.

Thank you for joining us in this adventure!

Lyndsay & Andrew

Subject: New 9-12 Course

Good afternoon,

We're working on getting a new 9-12 math course added to the course code directory. The course is aimed for ACT/SAT preparation for juniors.

Do you happen to have a book that contains prep material for ACT/SAT? If the course goes through, multiple districts would likely use it and would need a text for those classes. Just want to see if there's a potential book available for us to consider.

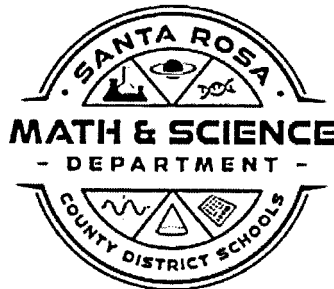

We're putting the final details on our course description and I'll send that to you sometime next week. Until then, let me know if you have any existing material that could work in that type of course.

Thanks in advance for your help. Have a great weekend!

Serving Together,

Jeffery Baugus

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Dear Ms. Etheridge,

Thank you so much for filling out the survey and signing up for the Teacher Advisory Board for elementary Florida Social Studies. We're truly looking forward to our conversation.

I have attached here a Non-Disclosure agreement. Can you please print, sign and scan for us (a photo of the last page is acceptable, as well)? We would like this completed prior to our first discussion so that we can keep the conversation open and honest.

Looking forward to it!

With thanks,
Lyndsay

CONFIDENTIALITY AGREEMENT

THIS CONFIDENTIALITY AGREEMENT (the "Agreement"), entered into by and between the McGraw Hill legal entity identified below ("McGraw Hill") and the individual identified below, is made effective as of the date on which McGraw Hill signs this Agreement.

WHEREAS, the parties hereto desire to exchange certain confidential information for the purpose of evaluating and possibly effectuating a proposed transaction or business relationship between the parties or their affiliates;

NOW, THEREFORE, the parties hereto agree as follows:

1. Definitions. As used in this Agreement:

"Confidential Information" means any information disclosed by the Disclosing Party or its Related Persons to Recipient or its Related Persons in connection with the Proposed Transaction (regardless of the manner in which it is disclosed, whether disclosed before or after the date hereof, and whether in the form originally disclosed by the Disclosing Party or its Related Persons or incorporated or reflected in any document or record prepared by the Recipient or its Related Persons), including the Disclosing Party's interest in, and proposals, responses or agreements with respect to, the Proposed Transaction; provided that "Confidential Information" shall not include (a) any information that is or becomes publicly available other than as a result of a disclosure by the Recipient or any of its Related Persons in breach of this Agreement, (b) any information that was or is disclosed to the Recipient or its Related Persons by a third party on a nonconfidential basis, provided that the Recipient or such Related Person (as the case may be) reasonably believes that such disclosure to it did not violate any duty of confidentiality, or (c) any information that was or is independently developed by the Recipient or its Related Persons without use of Confidential Information.

"Disclosing Party" means a party to this Agreement in its capacity as a party that is disclosing Confidential Information to the other party.

"Legal or Regulatory Requirement" means (a) any applicable law, regulation or legal process or (b) any applicable request by any governmental or regulatory authority with jurisdiction over the Person subject to such request.

"Person" shall mean any individual or any corporation, company, partnership or other entity.

"Proposed Transaction" means the proposed transaction or business relationship between the parties or their affiliates.

"Recipient" means a party to this Agreement in its capacity as a party that is receiving Confidential Information from the other party.

"Related Person" of any Person, means such Person's affiliates and its and their respective officers, directors, managers, agents, employees, auditors, advisors and other representatives.

2. Confidentiality; Usage. The Recipient (a) shall not disclose any Confidential Information to any Person (including its Related Persons), except to (i) its Related Persons who need to know such

Confidential Information for the purpose of evaluating and effectuating the Proposed Transaction or to perform audit, accounting, supervisory, control, compliance or similar functions for the Recipient or (ii) any Person to whom disclosure is required or requested by any Legal or Regulatory Requirement, and (b) shall use Confidential Information only for the purpose of evaluating and effectuating the Proposed Transaction. The Recipient shall use at least the same degree of care in safeguarding the confidentiality and usage of Confidential Information as the Recipient uses for its own confidential and proprietary information but in no event shall the Recipient use less than reasonable care. The Recipient shall take such actions as it deems prudent to ensure that its Related Persons to whom it discloses Confidential Information comply with the restrictions on use and disclosure of Confidential Information contained herein, and Recipient shall be responsible for any failure of any such Related Person to so comply.

3. Procedures for Required Disclosures. In the event the Recipient becomes aware that any Legal or Regulatory Requirement requires or requests disclosure of any Confidential Information by the Recipient or its Related Persons, the Recipient shall, to the extent reasonably practical and not prohibited by any Legal or Regulatory Requirement, (a) promptly notify the Disclosing Party of such required or requested disclosure and (b) at the Disclosing Party's expense, take such commercially reasonable actions as the Disclosing Party may request to cooperate with the Disclosing Party to resist such disclosure, narrow the scope of the information to be disclosed, or prevent such Confidential Information from becoming publicly available as a result of such disclosure.

4. Return or Destruction of Information. If at any time prior to the execution and delivery of a written agreement providing for the effectuation of the Proposed Transaction the Disclosing Party so requests, the Recipient shall, and shall cause its Related Persons to, promptly either deliver to the Disclosing Party or destroy all copies of Confidential Information in its possession or control and, if requested by the Disclosing Party, certify such return or destruction in writing. Notwithstanding the foregoing, the Recipient and each of its Related Persons may retain (i) any copies of Confidential Information required to be retained to comply with Legal or Regulatory Requirements or such Person's customary document retention policies and (ii) any copies of Confidential Information contained in computer files maintained pursuant to such Person's customary archiving or back-up procedures.

5. No Representations and Warranties or Business Commitments. The parties acknowledge that, except as may be expressly provided in any subsequent written agreement, neither the Disclosing Party nor any of its Related Persons makes any express or implied representation or warranty as to the accuracy or completeness of any Confidential Information or, in the absence of fraud, shall have any liability to the Recipient or any of its Related Persons relating to or arising from its or their use of any Confidential Information. Nothing herein shall impose any obligation on the part of either party to participate in or pursue the Proposed Transaction.

6. Enforcement. Each party consents to the exclusive jurisdiction of the appropriate subject matter courts located in the jurisdiction where McGraw Hill's principal executive office is located. The parties acknowledge and agree that any breach of this Agreement by the Recipient shall result in irreparable harm to the Disclosing Party for which monetary damages will be inadequate and that Disclosing Party shall be entitled to equitable relief (including without limitation, injunctive relief), in addition to any other rights or remedies that may be available at law or in equity. In the event that any legal proceeding in respect of this Agreement, the prevailing party shall be entitled to recover its reasonable attorneys' fees and other out-of-pocket expenses incurred in connection therewith.

7. Termination. The obligations of the parties under this Agreement with respect to any Confidential Information shall terminate upon the earlier of (a) the execution and delivery of a written agreement with respect to the Proposed Transaction that contains superseding provisions governing the rights and obligations of the parties with respect to such Confidential Information and (b) the second anniversary of the date first written above.

8. Miscellaneous. This Agreement contains the entire agreement between the parties with respect to the use and disclosure of Confidential Information, and supersedes all prior agreements or understandings between the parties with respect thereto. This Agreement may not be amended or any provision hereof waived, in whole or in part, except by a writing signed by both parties hereto. No failure or delay by any party in exercising any right, power or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any right, power or privilege hereunder. This Agreement may be executed in counterparts with the same effect as if all signatures were on the same copy and may be delivered by electronic transmission of signed signature pages. This Agreement shall be governed by and construed in accordance with the laws of the jurisdiction where the headquarters of McGraw Hill are located.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed as of the date first above written.

Mike,

Do you have access to a demo site for the student textbooks? We have been in school almost two months and the students do not have access to the curriculum.

I have several emails from teachers asking about this issue. All I can keep saying is, "ITS is working with the vendor to resolve this issue." They aren't liking that answer.

I do not have the PO for the extension as it's not my area, as I only deal with rostering the students into the platform.

Hi Michele!

Happy to help and I hope you are having a great week. Is the title/isbn below correct? Also, there is only a one-year option or five year option. I can build you a quote if you like. Please let me know and or you can call me if that is better.
Thanks

Hi Mike,

I found this in the Florida Textbook Catalog. If we adopted this textbook 2016, should we still have access to the on-line materials?

Hi Christi,

I am sorry to hear about the issues you are having. As I emailed previously, the contract for that purchase ended on August 30, 2021. There is no record of a purchase. The district will have to purchase for another year if you would like student and teacher access. Please feel free to call me to discuss if you like.

Thank you

Mike,
Do you have access to a demo site for the student textbooks? We have been in school almost two months and the students do not have access to the curriculum.
I have several emails from teachers asking about this issue. All I can keep saying is, "ITS is working with the vendor to resolve this issue." They aren't liking that answer.
I do not have the PO for the extension as it's not my area, as I only deal with rostering the students into the platform.

Hi Michele!

Nice speaking with you earlier. Please see attached doc, you can use this as a guide. Let me know how many student licenses and teacher licenses per grade. I will build a quote with two for teachers and send to you.

Thank you

Mike,
Do you have access to a demo site for the student textbooks? We have been in school almost two months and the students do not have access to the curriculum.
I have several emails from teachers asking about this issue. All I can keep saying is, "ITS is working with the vendor to resolve this issue." They aren't liking that answer.
I do not have the PO for the extension as it's not my area, as I only deal with rostering the students into the platform.

Good Afternoon Mr. Gallagher,

I am reaching you to today with an issue with our Glencoe Health textbooks. Currently it looks like we don't have any current licenses for our Student editions of the textbooks.
This the information we got back when contacting support.

Hi Christi,

I am sorry to hear about the issues you are having. As I emailed previously, the contract for that purchase ended on August 30, 2021. There is no record of a purchase. The district will have to purchase for another year if you would like student and teacher access. Please feel free to call me to discuss if you like.

Thank you

Mike,
Do you have access to a demo site for the student textbooks? We have been in school almost two months and the students do not have access to the curriculum.
I have several emails from teachers asking about this issue. All I can keep saying is, "ITS is working with the vendor to resolve this issue." They aren't liking that answer.
I do not have the PO for the extension as it's not my area, as I only deal with rostering the students into the platform.

Hi Mike-

That is correct. Will you send us quotes for both options?
Thank you!

Hi Michele!

Happy to help and I hope you are having a great week. Is the title/isbn below correct? Also, there is only a one-year option or five year option. I can build you a quote if you like. Please let me know and or you can call me if that is better. Thanks

Hi Mike,

I found this in the Florida Textbook Catalog. If we adopted this textbook 2016, should we still have access to the on-line materials?

Hi Christi,

I am sorry to hear about the issues you are having. As I emailed previously, the contract for that purchase ended on August 30, 2021. There is no record of a purchase. The district will have to purchase for another year if you would like student and teacher access. Please feel free to call me to discuss if you like.

Thank you

Mike,

Do you have access to a demo site for the student textbooks? We have been in school almost two months and the students do not have access to the curriculum.

I have several emails from teachers asking about this issue. All I can keep saying is, "ITS is working with the vendor to resolve this issue." They aren't liking that answer.

I do not have the PO for the extension as it's not my area, as I only deal with rostering the students into the platform.

Hi Christi. I called and left a vm for Michelle on the 20th but never heard back. We do not have record of any purchase to extend the five year contract from 2016. That contract expired August 30, 2021. Do you have a po for the extension purchases. Thanks.

Good Afternoon Mr. Gallagher,

I am reaching you to today with an issue with our Glencoe Health textbooks. Currently it looks like we don't have any current licenses for our Student editions of the textbooks.

This the information we got back when contacting support.

Subject: (EXT) FASS apology

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

FASS Members and Vendor Partners,

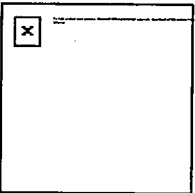

We want to apologize for the 2:00pm session that was held on Wednesday, Oct. 20. The session that was delivered virtually via Zoom, was not an approved presentation as a virtual presentation. Additionally, this presentation was connected to a Vendor Partner which was also not known or identified in the presentation application. The use of information/product placement was not approved and the company was asked in advance for no mention during the presentation on the morning of the presentation.

Our Vendor Partners are a valued part of the FASS membership and we value their time they dedicate to FASS members at the vendor tables to share their proprietary programs/products. There is an agreement to honor the Vendor Partners that have sponsored breaks, networking, and meals with an appropriate scaled amount of time per sponsored meal/break with presentation time in front of the Florida Science Supervisors.

Subject: (EXT) FASS apology

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

FASS Members and Vendor Partners,

We want to apologize for the 2:00pm session that was held on Wednesday, Oct. 20. The session that was delivered virtually via Zoom, was not an approved presentation as a virtual presentation. Additionally, this presentation was connected to a Vendor Partner which was also not known or identified in the presentation application. The use of information/product placement was not approved and the company was asked in advance for no mention during the presentation on the morning of the presentation.

Our Vendor Partners are a valued part of the FASS membership and we value their time they dedicate to FASS members at the vendor tables to share their proprietary programs/products. There is an agreement to honor the Vendor Partners that have sponsored breaks, networking, and meals with an appropriate scaled amount of time per sponsored meal/break with presentation time in front of the Florida Science Supervisors.

Subject: Hole's Anatomy Print to PDF

Good morning!

With the new HB545, each district must now post their reproduction curriculum for public review on the website. With other publishers, there is a print to PDF option of the online text. I have not been able to find that for the Hole's Anatomy book. Can you direct me on the best way to get this to fulfill the new requirement?

Thank you so much for your help!

Subject: HB 545

Good afternoon,

As you may have heard, HB 545 ([click here to review the bill text](#)) is requiring school districts to post curricular materials regarding sexual health online for parents to access and review. We need to post content from your science materials to meet the requirements of this statute.

I'm writing to ask if there is a copyright issue from your company's perspective. We would like to post only the content regarding topics of sexual health. Ideally, this would be in a pdf format. If providing a demo reviewer login would be simpler, we could do that as well.

Please let me know if your company has a conflict with this approach. If they do not and you can help provide pdfs or digital access for us to use, that'd be great. If not, we can look at making photocopies of our hardbound materials to meet the requirement.

Thanks so much for your time and support here. If you have any questions, please don't hesitate to give me a call (850-384-1978).

Have a good afternoon!

Subject: HB 545

Good Morning Michael,

As you may have heard, HB 545 ([click here to review the bill text](#)) is requiring school districts to post curricular materials regarding sexual health online for parents to access and review. Erin Mazel at Gulf Breeze High School is using your materials.

Textbook: Healthcare Science Technology
Author: Kathryn A. Booth, RN, MS
ISBN: 978-0-07-878092-9
Chapter 7: Diseases and Disorders, Section 7.11 Diseases and Disorders of the Reproductive System

We need to post content from those materials in order to meet the requirements of this statute.

I'm writing to ask if there is a copyright issue from your company's perspective. We are required to post only the content regarding topics of sexual health. Ideally, this would be in a pdf format. If providing a demo reviewer login would be simpler, we could do that as well.

Please let me know if your company has a conflict with this approach. If they do not and you can help provide pdfs or digital access for us to use, that'd be great. If not, we can look at making photocopies of our hardbound materials to meet the requirement.

Hi Christi,

I am sorry to hear about the issues you are having. As I emailed previously, the contract for that purchase ended on August 30, 2021. There is no record of a purchase. The district will have to purchase for another year if you would like student and teacher access. Please feel free to call me to discuss if you like.

Thank you

Mike,
Do you have access to a demo site for the student textbooks? We have been in school almost two months and the students do not have access to the curriculum.

I have several emails from teachers asking about this issue. All I can keep saying is, "ITS is working with the vendor to resolve this issue." They aren't liking that answer.

I do not have the PO for the extension as it's not my area, as I only deal with rostering the students into the platform.

Hey Mike,
Have you been able to resolve our issue with the missing student editions?

Christi

Subject: Santa Rosa County- Glencoe Health textbooks

Good Afternoon Mr. Gallagher,

I am reaching you to today with an issue with our Glencoe Health textbooks. Currently it looks like we don't have any current licenses for our Student editions of the textbooks.

This the information we got back when contacting support.

Subject: (EXT) FASS apology

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

FASS Members and Vendor Partners,

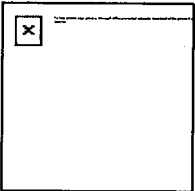

We want to apologize for the 2:00pm session that was held on Wednesday, Oct. 20. The session that was delivered virtually via Zoom, was not an approved presentation as a virtual presentation. Additionally, this presentation was connected to a Vendor Partner which was also not known or identified in the presentation application. The use of information/product placement was not approved and the company was asked in advance for no mention during the presentation on the morning of the presentation.

Our Vendor Partners are a valued part of the FASS membership and we value their time they dedicate to FASS members at the vendor tables to share their proprietary programs/products. There is an agreement to honor the Vendor Partners that have sponsored breaks, networking, and meals with an appropriate scaled amount of time per sponsored meal/break with presentation time in front of the Florida Science Supervisors.

Subject: Hole's Anatomy Print to PDF

Good morning!

With the new HB545, each district must now post their reproduction curriculum for public review on the website. With other publishers, there is a print to PDF option of the online text. I have not been able to find that for the Hole's Anatomy book. Can you direct me on the best way to get this to fulfill the new requirement?

Thank you so much for your help!

Subject: HB 545

Good afternoon,

As you may have heard, HB 545 ([click here to review the bill text](#)) is requiring school districts to post curricular materials regarding sexual health online for parents to access and review. We need to post content from your science materials to meet the requirements of this statute.

I'm writing to ask if there is a copyright issue from your company's perspective. We would like to post only the content regarding topics of sexual health. Ideally, this would be in a pdf format. If providing a demo reviewer login would be simpler, we could do that as well.

Please let me know if your company has a conflict with this approach. If they do not and you can help provide pdfs or digital access for us to use, that'd be great. If not, we can look at making photocopies of our hardbound materials to meet the requirement.

Thanks so much for your time and support here. If you have any questions, please don't hesitate to give me a call (850-384-1978).

Have a good afternoon!

Subject: Survey for Florida Secondary Social Studies Teachers

Hello, Florida Social Studies Teachers,

We are looking for input on the potential name of a program component for our Florida Social Studies program. Unique to Florida Social Studies is a subject specific work text that gives teachers and students additional material and resources to promote success on End-of-Course and Florida State Assessment testing.

We'd like your input to help inform what to call this component.

Please follow **THIS LINK** to answer three questions in the survey. As a thank you for your time you will be receiving a follow up email to redeem a \$10 gift card.

Please let me know if you have any questions. Looking forward to hearing from you!

Jim

Subject: Survey for Florida Secondary Social Studies Teachers

Hello, Florida Social Studies Teachers,

We are looking for input on the potential name of a program component for our Florida Social Studies program. Unique to Florida Social Studies is a subject specific work text that gives teachers and students additional material and resources to promote success on End-of-Course and Florida State Assessment testing.

We'd like your input to help inform what to call this component.

Please follow **THIS LINK** to answer three questions in the survey. As a thank you for your time you will be receiving a follow up email to redeem a \$10 gift card.

Please let me know if you have any questions. Looking forward to hearing from you!

Jim

Cc: Schleicher, Kamila B.;Washington, Victoria L;Proctor, David G.;Smith, Floyd C;Noack, Brian;Martin, April
Subject: Publisher Presentations

Good Morning,

Here's the schedule for our upcoming publisher presentations. Each presentation will be at the Dillon Center located at 6032 Hwy 90, Milton, FL 32570. We will have separate rooms for each of you so you'll have ample time to set up and prepare for the group. You can access your designated room 1 hour prior to your presentation. Presentations will be 75 minutes long.

Dec. 6 - Elementary Presentations

8:15 - 9:30 - HMH

9:45 - 11:00 - Savvas

12:15 - 1:30 - MHE

1:45 - 3:00 - Big Ideas

Dec. 7 - Middle Presentations

8:15 - 9:30 - EdGems

9:45 - 11:00 - Savvas

12:15 - 1:30 - MHE

1:45 - 3:00 - Big Ideas

Dec. 9 - HS AGA Presentations

8:15 - 9:30 - Study Edge

9:45 - 11:00 - Savvas

12:15 - 1:30 - MHE

1:45 - 3:00 - Big Ideas

As you prepare for this event, I highly recommend you tailor your presentation to the needs of our district. Given the pricing of this year's adoption, the Instructional Materials allocation will not be enough to cover our anticipated purchase and we will be requesting additional funding from the district to get textbooks for everyone. That said, we will be purchasing the lowest tier print & digital package from each winning publisher. Unless you plan to offer free upgrades to higher tier packages for single or multi grade band awards, please don't present from the perspective that our teachers will receive materials from higher tier packages. In the past, teachers have seen, heard and reviewed info about manipulative kits, special testing software, or printed practice workbooks and then been disappointed when they don't receive these items after our purchase. I've let the committee know clearly what we're able to purchase, so if you spend time on higher tier items (unless they're gratis) you'll likely frustrate the committee more than intrigue them. I know many of you have outside presenters traveling in. It would be a great idea to have this conversation with them. If you'd like to discuss this more on a call with me, I'd be happy to connect with you. We want each of you to put your best foot forward with our committee.

You may ship any materials you may need for your presentation to the DAD directly to:

Douglas A. Dillon Center
c/o Jeffery Baugus
6032 Hwy 90
Milton, FL 32570

We will store these materials for you and have them waiting for you in your assigned room on the day of your presentation. Please note that it would be wise to not have your materials arrive during the week of Thanksgiving, as our offices will be closed for Fall Break.

Each room at the Dillon Center is equipped with a projector and audio system. Your presenters should be prepared to use an HDMI cable to connect their devices.

Committee sizes are as follows: Elementary - 23, Middle - 16, High - 13. Each committee is composed of teachers from represented schools. Our Grade Level Director may also be in attendance.

To facilitate providing access to your presentation to all our teachers, we will record each presentation and post it on a private video server for teachers to access and review to learn more about your program. If you'd rather provide your own video of your presentation, please send it to me by **Dec. 10**.

If you have any questions regarding publisher presentations, please let me know.

Thank you all for your time and engagement with this process. We look forward to hearing more about your products soon.

Serving Together,

Jeffery Baugus

If you'd rather provide your own video of your presentation, please send it to me by **Dec. 10**.

If you have any questions regarding publisher presentations, please let me know.

Thank you all for your time and engagement with this process. We look forward to hearing more about your products soon.

Subject: Middle School Alg & Geo Samples
Attachments: Middle Schools - Alg & Geo.xlsx

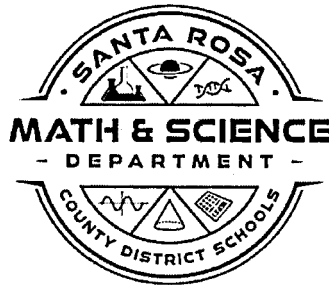

Good afternoon,

I'm so sorry, but I didn't initially request for you to send Alg 1 and Geo samples to our middle schools. Would you please send one sample for Alg 1 and one for Geo to the attached schools?

Thanks so much for your time and support.

Serving Together,

Jeffery Baugus

Subject: Santa Rosa Math Adoption Initial Review - High

Congratulations!

Your curriculum has advanced in our high school adoption process. The following publishers have been selected to move forward for the following courses:

AGA - Cengage, MHE, Savvas, StudyEdge
Prob Stats Hon - BFW, Savvas
Pre-Cal Honors - Cengage, HMH, Savvas
Math for Coll Alg - Cengage, HMH, Savvas
Math for Lib Arts - Savvas

Math for Coll Stats - Savvas

Cal Hon - Savvas

Math for Data & Fin Lit - Cengage, Savvas

At this time we ask that you send sample kits to each of our high schools for their continued review. Attached, you'll find a list of our schools, addresses, and points of contact.

As you know, adoption is a **closed process** for our schools. *Please do not communicate with our points of contact at any time.* If you have any issues with getting materials to a school or with needing additional information, please let me know and I'll get that for you asap.

If you would, please also provide me with the pricing structure for your curriculum moving forward. What package options exist? Please describe clearly what comes in each package.

Here is our upcoming timeline:

December 9th - Publisher Presentations (DAD Center)

January 13th - Final Review - Pros/Cons (DAD Center)

January 24th - Ballots sent to schools

January 31th - Ballots Due

Also, remember that because of our 2-phase format, the cost for publishers to present materials for **AGA materials** is two-tiered. Your initial entry into our process was \$400. Now that the committee has selected you to move forward, you will need to pay an additional \$1,000 to continue participation. These funds are used to cover the expenses of our adoption process.

- Please make checks payable to the Santa Rosa Educational Foundation and be sure MATH ADOPTION is written on the check.
- Mail checks to Kamila Schleicher at the Dillon Administrative Center, 6032 Hwy 90, Milton, FL 32570 by **November 26th, 2021.**

We'll see you on **December 9th** for presentations. I'll send more information to you soon regarding the schedule for that day. If you have any other questions moving forward, please let me know.

Serving Together,

Jeffery Baugus

Subject: HB 545

Good afternoon,

As you may have heard, HB 545 ([click here to review the bill text](#)) is requiring school districts to post curricular materials regarding sexual health online for parents to access and review. We need to post content from your science materials to meet the requirements of this statute.

I'm writing to ask if there is a copyright issue from your company's perspective. We would like to post only the content regarding topics of sexual health. Ideally, this would be in a pdf format. If providing a demo reviewer login would be simpler, we could do that as well.

Please let me know if your company has a conflict with this approach. If they do not and you can help provide pdfs or digital access for us to use, that'd be great. If not, we can look at making photocopies of our hardbound materials to meet the requirement.

Thanks so much for your time and support here. If you have any questions, please don't hesitate to give me a call (850-384-1978).

Have a good afternoon!

Good Morning Michael,

As you may have heard, HB 545 ([click here to review the bill text](#)) is requiring school districts to post curricular materials regarding sexual health online for parents to access and review. Erin Mazel at Gulf Breeze High School is using your materials.

Textbook: Healthcare Science Technology
Author: Kathryn A. Booth, RN, MS
ISBN: 978-0-07-878092-9
Chapter 7: Diseases and Disorders, Section 7.11 Diseases and Disorders of the Reproductive System

We need to post content from those materials in order to meet the requirements of this statute.

I'm writing to ask if there is a copyright issue from your company's perspective. We are required to post only the content regarding topics of sexual health. Ideally, this would be in a pdf format. If providing a demo reviewer login would be simpler, we could do that as well.

Please let me know if your company has a conflict with this approach. If they do not and you can help provide pdfs or digital access for us to use, that'd be great. If not, we can look at making photocopies of our hardbound materials to meet the requirement.

Good Morning Florida Teachers-

I hope everyone had a wonderful weekend and I hope your Monday is off to a great start.

We are excited to share the next round of prototype reviews with everyone and would like to schedule a webinar for Monday 11/15 at 4:00 EST.

For our next Advisory Board we will be walking you through our Teacher Edition prototype to get your reactions and feedback.

We would also like your feedback on potential names for our consumable student edition.

As always, if you need to join the webinar late you can, and a friendly reminder everyone who participates in a webinar will receive a \$100 giftcard for your time.

We look forward to seeing you next Monday!

Thank you,

McGraw Hill K-5 Social Studies Team

Chapter 5 OVERVIEW

How Does the U.S. Constitution Affect You?

In this Chapter students will explore the history of the U.S. Constitution. They will analyze the document that created a lasting structure to govern the United States by setting up the plans for our representative democracy and to protect the rights of all citizens. They will also connect how this living document affects them.

Students use their Impact Investigator and Research Online sources to build a response to the Chapter EQ.

ENGAGE with the EQ
(pp. T000–T000)

At the beginning of the chapter, students unpack the Chapter Essential Questions, ask their own questions, map their research plan, and explore key vocabulary.

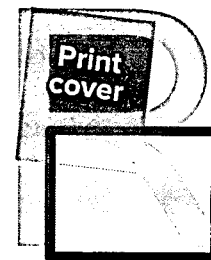

INVESTIGATE to Build Knowledge
(pp. T000–T000)

Lessons from the heart of student research.

- ▶ **Lesson 1** | The Articles of Confederation
- ▶ **Lesson 2** | A New Framework for Government
- ▶ **Lesson 3** | Protecting the Rights of Citizens
- ▶ **Lesson 4** | A More Perfect Union
- ▶ **Lesson 5** | Citizen Voices

COMMUNICATE Findings
(pp. T000–T000)

At the end of this chapter, students create a Blog Post or Oral Presentation to respond to the Chapter EQ and tell how the Constitution affects them.

EXPLORATIONS

Go online at my.myeducation.com for more on Explorations.

- ▶ **IMPACT Exploration 1**
Design Your Own Research Project
- ▶ **IMPACT Exploration 2**
Step Into the Constitutional Convention
- ▶ **IMPACT Exploration 3**
Amend the Constitution
- ▶ **IMPACT Exploration 4**
Make an IMPACT

Meeting ^{and Exceeding} Florida Standards

✓ = Tested in Florida Social Studies

American History

- **SS.5.A.5.9** Discuss the impact and significance of land policies developed under the Confederation Congress (Northwest Ordinance of 1787).
- ✓ **SS.5.A.5.10** Examine the significance of the Constitution including its key political concepts, origins of those concepts, and their role in American democracy.

Civics and Government

- ✓ **SS.5.CG.1.2** Explain how and why the U.S. government was created by the U.S. Constitution.
- ✓ **SS.5.CG.1.3** Discuss arguments for adopting a representative form of government.
- ✓ **SS.5.CG.1.4** Describe the history, meaning and significance of the Bill of Rights.
- ✓ **SS.5.CG.2.2** Compare forms of political participation in the colonial period to today.

English Language Learners

- **ELD.K12.SS.1** English language learners communicate information, ideas and concepts necessary for academic success in the content area of Social Studies.

English Language Arts

- Informational Reading**
 - **ELA.5.R.2.4** Track the development of an argument, identifying the specific claim(s), evidence, and reasoning.
- Communication**
 - **ELA.5.C.4.1** Conduct research to answer a question, organizing information, about the topic and using multiple reliable and valid sources.

- ✓ **SS.5.CG.2.3** Analyze how the U.S. Constitution expanded civic participation over time.
- **SS.5.CG.2.4** Evaluate the importance of civic duties and responsibilities to the preservation of the United States' constitutional republic.
- **SS.5.CG.2.5** Identify individuals who represent the citizens of Florida at the national level.
- ✓ **SS.5.CG.2.6** Explain symbols and documents that represent the United States.
- ✓ **SS.5.CG.3.3** Explain the role of the court system in interpreting law and settling conflicts.
- ✓ **SS.5.CG.3.5** Explain how the U.S. Constitution influenced the Florida Constitution.
- ✓ **SS.5.CG.3.6** Explain the relationship between the state and national governments.

- **ELD.K12.SI.1** English language learners communicate for social and instructional purposes within the school setting.

Vocabulary

- **ELA.5.V.1.2** Apply knowledge of Greek and Latin roots and affixes, recognizing the connections between affixes and parts of speech, to determine meaning of unfamiliar words in grade-level content.

Make Connections!

Florida Civic Literacy Reading List

- ▶ **James Madison: Champion of Liberty and Justice** by John Kaminski
- ▶ **Shh! We're Writing the Constitution** by Jean Fritz
- ▶ **The Bill of Rights** by Michael Burgan, I
- ▶ **The Constitution** by Warren Colman,
- ▶ **The Reconstruction Amendments** by Michael Burgan,
- ▶ **The U.S. Constitution and You** by Syl Sobel,
- ▶ **What Are the Parts of Government?** by William David Thomas

Science

- Discuss with students the role of government, citizens, and civic participation in protecting the country's ecosystems and regulating the use of natural resources. What civic responsibilities do we have towards the land and resources? **SC.5.L.17.1**

Math

- Have students look at the numbers of Florida representatives at the state and federal level. Have them look at district sizes and populations and calculate approximately how many people a representative represents or how many representatives one person at all level of government. **MA.K12.MTR.7.1 MA.5.AR.1.1**

Hi Jeff,

Nice speaking with you earlier today.

As we discussed earlier, do you have some availability for a quick 10-15 min call tomorrow or Friday. If yes, just let me know a time and I can call you if that works.

Thank you

Subject: Gap Year

Michael

Good Morning, With the current SS contract expiring in 2022, as you know this will create a gap year.

Will we be able to continue the current contract for next year?

What is the cost associated with covering the gap year?

Thanks,

Clark Youngblood
Coordinator of Social Studies
Santa Rosa District Schools

Office: 850.400.3218

Good Evening,

Not everyone was able to attend tonight's Florida Teacher Advisory Board TE prototyping meeting. We will be having another Teacher Advisory Board call tomorrow at 4:00 EST (meeting info below) and I wanted to extend the invite to everyone in case you can join.

Attached is a copy of the TE prototype in case you would like to review ahead of time.

Please remember, you will be compensated for your time. For every meeting you attend, you will receive a \$100 gift card.

We look forward to seeing you tomorrow!
Lyndsay & Andrew

Hi Jeff! Sorry about the delay. Just got out of a bay 6-12 presentation.

Please see below for response. Is this the info you needed? Thank you

You mentioned your digital ppts "complement" the lessons. Does complement mean they are the same problems as the student text or are they different?

Downloadable PowerPoints are included for every lesson in Florida Reveal Math. The PowerPoints are intended to be used during the "Launch" and "Explore and Develop" phases of the lesson model. They do include the exact problem that students see in the student edition as they learn the math. These PowerPoints are customizable by teachers if they would like to make adjustments.

Thanks,

Subject: Schedule a 1:1 Session to Review the K-5 Social Studies Digital Landing Page!

Hello Julie!

As a part of the K-5 Florida Social Studies Teacher Advisory Board, you've been chosen to participate in an upcoming **one-on-one discussion remotely taking place Tuesday 12/14 and Wednesday 12/15**. During the sessions, we will discuss current practices around planning for social studies instruction and review the McGraw Hill K-5 Florida Social Studies online experience. The one-on-one discussion will require approximately 60 minutes of your time. A quiet, disruption-free environment, internet access, and a computer are needed. **We will offer a \$100 e-gift card for your participation delivered via email 1-2 weeks after participation.**

Schedule your session here

Educators will always be at the heart of the learning experience. We value your real-world perspective and insight on new projects we are developing. By hearing directly from you, we can make changes to our products that directly impact the learning happening in your classroom.

Thank you for your time and consideration. Please reach out to me at matthew.brossia@mheducation.com if you have any questions.

Best,
Matt Brossia

Subject: Re: (EXT) Re: Schedule a 1:1 Session to Review the K-5 Social Studies Digital Landing Page!

Good morning Katie,

Below you will find the answers to the questions you sent me.

1. This is my 30th year teaching.
2. Our class has 21 students.
3. My students have access to laptops.
4. We use McGraw Hill Florida Social Studies in our classroom.
5. Currently, I plan according to the McGraw Hill text. Also, I love showing videos of the subject content we are learning about so obtain videos from Discovery Education, McGraw Hill Online, and YouTube. I also assign projects (one per quarter).
6. We have a lesson for Social Studies 5 days a week for 45 minutes.
7. Each student has a McGraw Hill student text which we use every day.
8. Yes-pain point- can't find the practice pages for each lesson. I know they exist, but the website is difficult. The tests are very hard to find as well. I usually make up my own because of this. I'd like to just click a button to pull up the test and be able to print.

I hope this is what you need. Looking forward to speaking with you tomorrow.

Kindest Regards,

Julie Etheridge

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Hi Julie,

Thank you so much for scheduling a time with us on Tuesday. I'm Katie, a researcher at McGraw Hill, whom you'll be speaking with during our 1:1 session. Since you only have 30 minutes with us, would you mind answering a few quick questions via email before we meet? That way, we can focus our time reviewing the prototype together.

1. How long have you been teaching?
2. How many students do you have in your classroom?
3. What kinds of devices do your students have access to in the classroom?
4. What Social Studies curriculum do you currently use in your classroom?
5. How do you currently plan Social Studies lessons? What resources do you use or review when planning?
6. How often do you teach Social Studies in a given day or week?
7. What materials do you use to teach Social Studies lessons? What materials do students use?
8. Are there any pain points you have with your current digital resources that you use for Social Studies instruction?

Thanks so much!

Katie

Subject: Schedule a 1:1 Session to Review the K-5 Social Studies Digital Landing Page!

Hello Julie!

As a part of the K-5 Florida Social Studies Teacher Advisory Board, you've been chosen to participate in an upcoming **one-on-one discussion remotely taking place Tuesday 12/14 and Wednesday 12/15**. During the sessions, we will discuss current practices around planning for social studies instruction and review the McGraw Hill K-5 Florida Social Studies online experience. The one-on-one discussion will require approximately 60 minutes of your time. A quiet,

disruption-free environment, internet access, and a computer are needed. **We will offer a \$100 e-gift card for your participation delivered via email 1-2 weeks after participation.**

Schedule your session here

Educators will always be at the heart of the learning experience. We value your real-world perspective and insight on new projects we are developing. By hearing directly from you, we can make changes to our products that directly impact the learning happening in your classroom.

Thank you for your time and consideration. Please reach out to me at matthew.brossia@mheducation.com if you have any questions.

Best,
Matt Brossia

Subject: (EXT) K-5 Florida Cover Survey

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Good Morning Florida Teacher Advisory Board!

First thank you for your participating in our Course Landing Page webinars. Most of you participated yesterday and there is one more webinar scheduled for this evening. Your feedback is extremely valuable and will help as we build our print and digital solution for Florida K-5 Social Studies.

Those who participated yesterday asked about the next Teacher Advisory Board meeting, in lieu of a meeting a Survey was sent this morning. The survey will come from Kizzy Black (kizzy.black@mheducation.com).

The goal of this survey is to collect feedback on cover design options for the K-5 Florida Social Studies student textbooks. The survey should take about 15-20 minutes to complete and you will be compensated for your time.

Please let me know if you have any questions or if you did not receive the Survey link from Kizzy.

Thank you all and Happy Holidays!

Lyndsay & Andrew

Hi Jeff!

Good morning, I hope you are having a great week. The e-flipbook is ready. Our tech person asks if Santa Rosa district has an FTP site where they can send the eBook package? I am not sure what that means but that is what they are asking 😊 If the district has a FTP site we can send the flipbook directly to the site.

Thank you

Subject: HB 545

Good afternoon,

As you may have heard, HB 545 ([click here to review the bill text](#)) is requiring school districts to post curricular materials regarding sexual health online for parents to access and review. We need to post content from your science materials to meet the requirements of this statute.

I'm writing to ask if there is a copyright issue from your company's perspective. We would like to post only the content regarding topics of sexual health. Ideally, this would be in a pdf format. If providing a demo reviewer login would be simpler, we could do that as well.

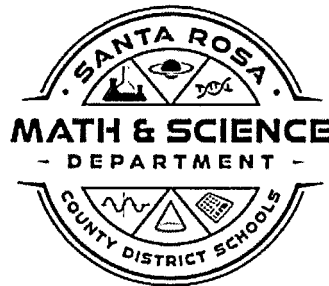

Please let me know if your company has a conflict with this approach. If they do not and you can help provide pdfs or digital access for us to use, that'd be great. If not, we can look at making photocopies of our hardbound materials to meet the requirement.

Thanks so much for your time and support here. If you have any questions, please don't hesitate to give me a call (850-384-1978).

Have a good afternoon!

Subject: Santa Rosa County Math Adoption Results - K-5, 6-8, & AGA

Good afternoon,

The votes have been tallied. Here are the results:

K-5	MHE
6-8	Big Ideas
AGA	Big Ideas

Non-AGA voting results will be sent out on Feb. 9 due to a short delay.

Thank you all for submitting for our adoption process and for sharing your products with our teachers. I know the amount of time and support each of you place behind your products and it's greatly appreciated by all of us here. If you'd like to arrange a time for a conversation about our teachers' pros and cons following their review, please let me know and we'll arrange a time to connect.

Thanks again for your time and support of Florida teachers.

Serving Together,

Jeffery Baugus

Subject: (EXT) NCAA Conversation at FAMS

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Hello everyone!

I am not sure if this is applicable to all of you but I was not able to make FAMS due to my family being hit with COVID. I have heard there was some conversation about NCAA and the new courses. Would any of you be willing to meet with me virtually and share information that was shared on NCAA? I would greatly appreciate any input!

Thank you,

Becky Satterly

Subject: Textbook Adoption - Restart
Attachments: 2022 SRCSD Courses for Adoption.docx

Good morning,

Due to an error in our Instructional Materials Evaluation process, our board attorney has advised us to restart our Math Textbook Adoption. This new adoption process will take place through March 7th.

To participate, all publishers must do the following:

1. Send a complete basic teacher and basic student package for each grade level/course listed in the attached document to the address below no later than **Feb. 18, 2022**. Email me if there will be any delays. Mail packages to:

Jeffery Baugus
6032 Hwy 90
Milton, FL 32570

2. Send me digital access information for teacher access and public access for each course no later than **Feb. 17, 2022**. (Public access accounts should expire at the conclusion of the adoption process or revert to student only access.)

3. Send me a 30-minute video presentation reviewing your program no later than **Feb. 24, 2022**.

4. Email me the following no later than **Feb. 17, 2022**:

- For teacher use - components of basic teacher and student packages for each title. This should NOT contain pricing information.
- For district use - packages and pricing that will be submitted to the Florida School Book Depository for state adoption. The list should include itemized components and free with order list.

Thank you all in advance for your time and support.

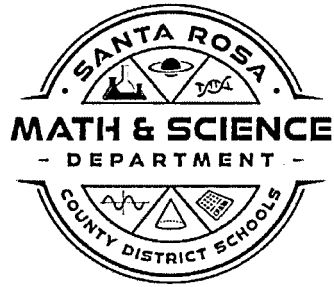

Please reach out if you have any questions.

Serving Together,

Jeffery Baugus

Subject: Followup: Textbook Adoption - Restart
Attachments: 2022 SRCSD Courses for Adoption.docx

Good morning,

I do still have materials from you from our initial process as follows:

K-5

Big Ideas
HMH
MHE
Savvas

6-8

Big Ideas
EdGems
MHE
Savvas

AGA

Big Ideas
Math Nation
MHE
Savvas

You don't need to resend me those materials. If you are offering additional courses on the list from my prior email, please send those materials to me.

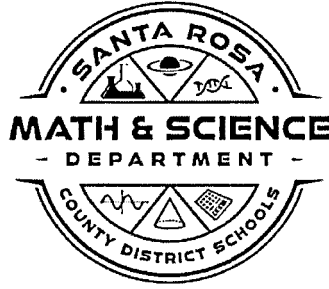

Please let me know if you have any questions.

Thanks again for your help here.

Serving Together,

Jeffery Baugus

Subject: Textbook Adoption - Restart

Good morning,

Due to an error in our Instructional Materials Evaluation process, our board attorney has advised us to restart our Math Textbook Adoption. This new adoption process will take place through March 7th.

To participate, all publishers must do the following:

1. Send a complete basic teacher and basic student package for each grade level/course listed in the attached document to the address below no later than **Feb. 18, 2022**. Email me if there will be any delays. Mail packages to:

Jeffery Baugus
6032 Hwy 90
Milton, FL 32570

2. Send me digital access information for teacher access and public access for each course no later than **Feb. 17, 2022**. (Public access accounts should expire at the conclusion of the adoption process or revert to student only access.)

3. Send me a 30-minute video presentation reviewing your program no later than **Feb. 24, 2022**.

4. Email me the following no later than **Feb. 17, 2022**:

- For teacher use - components of basic teacher and student packages for each title. This should NOT contain pricing information.
- For district use - packages and pricing that will be submitted to the Florida School Book Depository for state adoption. The list should include itemized components and free with order list.

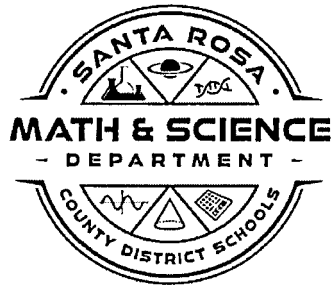

Thank you all in advance for your time and support.

Please reach out if you have any questions.

Serving Together,

Jeffery Baugus

Subject: Textbook Adoption - Restart

*** EXTERNAL EMAIL: If sender is unknown, use caution when opening. ***

Good morning,

Due to an error in our Instructional Materials Evaluation process, our board attorney has advised us to restart our Math Textbook Adoption. This new adoption process will take place through March 7th.

To participate, all publishers must do the following:

1. Send a complete basic teacher and basic student package for each grade level/course listed in the attached document to the address below no later than **Feb. 18, 2022**. Email me if there will be any delays. Mail packages to: You already have samples. Please let me know if you need me to resend 😊

Jeffery Baugus
6032 Hwy 90
Milton, FL 32570

2. Send me digital access information for teacher access and public access for each course no later than **Feb. 17, 2022**. (Public access accounts should expire at the conclusion of the adoption process or revert to student only access.)

Public access

my.mheducation.com
Username: flreveal612
Password: flreveal612

3. Send me a 30-minute video presentation reviewing your program no later than **Feb. 24, 2022**.

K-5 sales presentation video recording--- <https://www.brainshark.com/mcgraw-hillseg/vu?pi=zGczvlnTzPak5z0>

MS: <https://www.brainshark.com/mcgraw-hillseg/vu?pi=zGVzKEhFXz9nDJz0>

AGA: <https://www.brainshark.com/mcgraw-hillseg/vu?pi=zFvzIH39Sz9nDJz0>

4. Email me the following no later than **Feb. 17, 2022**:

- o For teacher use - components of basic teacher and student packages for each title. This should NOT contain pricing information. See attached
- o For district use - packages and pricing that will be submitted to the Florida School Book Depository for state adoption. The list should include itemized components and free with order list. See attached

Thank you all in advance for your time and support.

Please reach out if you have any questions.

Hi Jeff,

Good catch. There should be two listed, the AGA one is correct. I updated the 6—8 spreadsheet and attached for you. Lines 23 and 25. Is that what you needed?

Thank you

Also, I forgot to include the k-5 public access login information in my last email. Please see below. Thank you

Subject: Question about books - Milton High School - order

Importance: High

Good afternoon,

We want to purchase 50 From Slavery to Freedom books and a teacher's edition. On the website, I found there is only a loose-leaf copy of this book for \$130.66 or you can purchase the ebook for a lifetime for \$80.00.

Can you please let me know if this is correct, how to get a TE hardcover if we want, and prices for all? Also if there is any special pricing you can help us with. I did call the 800 number, but they were very hard to talk to and understand.

Any help is appreciated.

Thank you!

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Hi Jeff!

I hope this message finds you well. I've been trying to come up with a way that McGraw Hill can support teachers and students if/when this course becomes a reality.

I've pulled together a few options and would like to know if you happen to have time on Friday morning to meet with me? I'll be in Okaloosa on Thursday and would be heading right through Santa Rosa as I head home on Friday morning.

I just wanted to discuss what you know about this proposed course, the status of it, and perhaps what teachers may need to actually "teach" this course.

Please let me know if you are available.

Thank you!
Shelly

Great!

Would Thursday for lunch possibly work? Or any time between 11 and 1?

I just got requested for a presentation later Friday afternoon (on top of my drive back to Pinellas) but if not, I can definitely meet with you at 8 on Friday morning. 😊 Just let me know where I should go.

Thank you!

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Hi Jeff!

I hope this message finds you well. I've been trying to come up with a way that McGraw Hill can support teachers and students if/when this course becomes a reality.

I've pulled together a few options and would like to know if you happen to have time on Friday morning to meet with me? I'll be in Okaloosa on Thursday and would be heading right through Santa Rosa as I head home on Friday morning.

I just wanted to discuss what you know about this proposed course, the status of it, and perhaps what teachers may need to actually "teach" this course.

Please let me know if you are available.

Thank you!
Shelly

Great!

Would Thursday for lunch possibly work? Or any time between 11 and 1?

I just got requested for a presentation later Friday afternoon (on top of my drive back to Pinellas) but if not, I can definitely meet with you at 8 on Friday morning. 😊 Just let me know where I should go.

Thank you!
Shelly

Subject: NCAA Conversation at FAMS

CAUTION: This email originated outside of dadeschools.net. Do not click on links or attachments unless you are expecting the email or recognize the sender and know the message is safe.

Hello everyone!

I am not sure if this is applicable to all of you but I was not able to make FAMS due to my family being hit with COVID. I have heard there was some conversation about NCAA and the new courses. Would any of you be willing to meet with me virtually and share information that was shared on NCAA? I would greatly appreciate any input!

Thank you,

Becky Satterly

Course Description: Mathematics for College Algebra: <https://www.cpalms.org/PreviewCourse/Preview/22380>

Grade Level(s): 11th and 12th

Number of Credits: One (1)

Graduation Requirement: Mathematics

Prerequisites: Students must have both semesters of Algebra 1 or Algebra 1 Honors. Mathematics for College Algebra extends the study of algebra concepts to bridge the content knowledge needed for success in College Algebra at the university level. Topics include developing fluency with the Laws of Exponents with numerical and algebraic expressions; extending arithmetic operations with algebraic expressions to include rational and polynomial expressions; modeling with and applying linear, quadratic, absolute value, exponential, logarithmic and piecewise functions and systems of linear equations and inequalities; and extending knowledge of functions to include inverses and composition of functions.

Unit-By-Unit Outline

Unit 1: Algebraic Expressions

- Write expressions in exponential form and evaluate exponential expressions.
- Generate equivalent algebraic expressions involving exponents, radicals or logarithms.
- Apply the Laws of Exponents to evaluate numerical expressions involving rational exponents.
- Perform operations with expressions involving exponents or radicals.
- Evaluate algebraic expressions using real numbers.
- Generate equivalent algebraic expressions involving radicals or rational exponents using the Laws of Exponents.
- Convert numerical and algebraic expressions between expressions involving radicals and expressions involving rational exponents.
- Generate equivalent algebraic expressions using the properties of exponents.
- Use problem-solving strategies to solve application problems.
- Add, subtract and multiply polynomial expressions.
- Divide polynomial expressions using long division, synthetic division or algebraic manipulation.

Unit 2: Linear Equations and Inequalities

- Graph linear equations and functions.
- Identify and interpret key features of linear equations and functions, including slope.
- Solve application problems modeled with linear functions.
- Identify constraints of a linear function modeling a real-world problem.
- Solve systems of linear equations, using graphing, substitution and elimination.

- Sketch graphs of linear inequalities in two variables.
- Use linear inequalities to model and solve application problems.
- Solve systems of linear inequalities.
- Given a real-world context, represent constraints as systems of linear equations or inequalities.
- Interpret solutions to problems involving systems of linear equations or inequalities as viable or nonviable options.

Unit 3: Quadratic Equations and Functions

- Graph quadratic functions.
- Identify and interpret key features of quadratic functions.
- Write a quadratic equation given the vertex and a point on the graph of the curve.
- Solve quadratic equations using a variety of methods, including factoring, completing the square and the quadratic formula.
- Solve application problems modeled with quadratic functions.
- Identify constraints of a quadratic function modeling a real-world problem.

Unit 4: Absolute Value Equations and Inequalities

- Graph absolute value functions.
- Identify and interpret key features of absolute value functions.
- Solve problems modeled with absolute value functions.
- Identify constraints of an absolute value function modeling a real-world problem.
- Solve problems modeled with piecewise functions.
- Identify constraints of a piecewise function modeling a real-world problem.
- Write one-variable absolute value inequalities.
- Solve one-variable absolute value inequalities and represent solutions algebraically and graphically.

Unit 5: Functions and Their Graphs

- Recognize various function types from graphs, equations, and input-output tables.
- Evaluate function for a given input.
- In a real-world context, interpret the output of a function for a given input.
- Identify the domain and range of a function.
- Determine intervals on which functions are increasing or decreasing.
- Calculate and interpret the average rate of change of a real-world situation represented graphically, algebraically or in a table over a specified interval.

- Compare key features of linear and nonlinear functions each represented algebraically, graphically, in tables or written descriptions.
- Identify the effect on the graph or table of a given function after replacing $f(x)$ by $f(x) + k$, $kf(x)$, $f(kx)$ and $f(x + k)$ for specific values of k .
- Identify the effect on the graph of a given function of two or more transformations defined by adding a real number to the x - or y -values or multiplying the x - or y -values by a real number.
- Given the graph or table of values of two or more transformations of a function, state the type of transformation and find the values of the real number that defines the transformation.

Unit 6: Operations with Functions

- Add, subtract, multiply or divide two functions, including domain restrictions for the new function when appropriate.
- Combine functions, using arithmetic operations, with more than two functions, including domain restrictions for the new function when appropriate.
- Compose functions.
- Determine the domain and range of composite functions.
- Find inverse functions algebraically, graphically and using a table of values.
- Compare the graph of a function with the graph of its inverse.
- Use composition of functions to verify that one function is the inverse of the other.

Unit 7: Radical and Rational Equations

- Use the product and quotient rules for radicals to simplify radical expressions.
- Simplify radical expressions using rationalization techniques.
- Add, subtract, multiply and divide expressions involving radicals.
- Solve one-variable radical equations.
- Interpret solutions of one-variable radical equations.
- Identify extraneous solutions of one-variable radical equations.
- Add, subtract, multiply and divide rational algebraic expressions.
- Solve one-variable rational equations.
- Interpret solutions of one-variable rational equations.
- Identify extraneous solutions of one-variable rational equations.

Unit 8: Exponential and Logarithmic Equations

- Evaluate and graph exponential functions.
- Identify the key features of exponential functions.
- Evaluate the natural base e and graph natural exponential functions.
- Use exponential functions to solve application problems. Interpret solutions as viable in terms of the context and identify any extraneous solutions.
- Evaluate and graph logarithmic functions.
- Evaluate and graph natural logarithmic functions.
- Identify the key features of logarithmic functions.
- Use the change-of-base formula to evaluate logarithms.
- Generate equivalent numerical and algebraic expressions using the properties of logarithms or exponents.
- Use the properties of logarithms to solve application problems.
- Use the properties of logarithms to solve application problems.
- Use inverse properties to solve exponential and logarithmic functions.
- Use logarithmic functions to solve application problems. Interpret key features and determine constraints in terms of the context.

Flowchart of High School Mathematics Courses

Unit 11: Exponential and Logarithmic Functions (Go to TEST)

Rubric

<u>Math Rubric</u>				
CATEGORY	4 - Advanced	3 - Proficient	2 - Satisfactory	1 - Needs Improvement
Strategy/ Procedures	Able to understand what problems are asking. Can develop multiple ways to solve the problem independently.	Able to understand what problems are asking. Can use a strategy to solve the problem independently.	Able to understand what problems are asking with help. Can use a strategy to solve the problem with support.	Struggles to understand what problems are asking, even with help. Can use a strategy to solve the problem with intense support.
Mathematical Concepts	Explanation shows complete understanding of the mathematical concepts used to solve the problem(s).	Explanation shows substantial understanding of the mathematical concepts used to solve the problem(s).	Explanation shows some understanding of the mathematical concepts needed to solve the problem(s).	Explanation shows very limited understanding of the underlying concepts needed to solve the problem(s) OR is not written
Mathematical Terminology and Notation	Correct terminology and notation are always used, making it easy to understand solutions and work.	Correct terminology and notation are usually used, making it fairly easy to understand solutions and work.	Correct terminology and notation are used, but it is sometimes not easy to understand solutions and work.	There is little use, or a lot of inappropriate use, of terminology and notation.
Mathematical Reasoning	Uses complex and refined mathematical reasoning.	Uses effective mathematical reasoning.	Some evidence of mathematical reasoning.	Little evidence of mathematical reasoning.
Mathematical Errors	90-100% of the steps and solutions have no mathematical errors.	Almost all (85-89%) of the steps and solutions have no mathematical errors.	Most (75-84%) of the steps and solutions have no mathematical errors.	Less than 75% of the steps and solutions have no mathematical errors.

1. Question Details

LarColAlg11 1.2.024.MI.SA. [4970231]

This question has several parts that must be completed sequentially. If you skip a part of the question, you will not receive any points for the skipped part, and you will not be able to come back to the skipped part.

Tutorial Exercise

Solve the equation and check your solution.

$$4y + 2 = 6y - 4 + 5y$$

2. Question Details

LarColAlg11 1.2.026. [4970356]

Solve the equation and check your solution. (If an answer does not exist, enter DNE. If all real numbers are solutions, enter REALS.)

$$8x - 12 = 2x + 2(3x - 6)$$

$x = \text{[input box]}$

3. Question Details

LarColAlg11 1.2.030. [4970261]

Solve the equation and check your solution. (If an answer does not exist, enter DNE. If all real numbers are solutions, enter REALS.)

$$\frac{x}{5} - \frac{x}{2} = 3 + \frac{3x}{10}$$

$x = \text{[input box]}$

4. Question Details

LarColAlg11 1.2.031. [4969720]

Solve the equation and check your solution. (If there is no solution, enter NO SOLUTION.)

$$\frac{4x - 5}{4x + 8} = \frac{3}{4}$$

$x = \text{[input box]}$

5. Question Details

LarColAlg11 1.3.039. [4969843]

A rectangular room is 1.5 times as long as it is wide, and its perimeter is 35 meters.

(a) Draw a diagram that gives a visual representation of the problem. Let l represent the length and let w represent the width.

(b) Write l in terms of w .

$l =$

Write an equation for the perimeter P in terms of w .

$P =$

(c) Find the dimensions of the room.

$w =$ m

$l =$ m

6. Question Details

LarColAlg11 1.3.042.SBS. [4970415]

You are taking a course that has four tests. The first three tests are worth 100 points each and the fourth test is worth 200 points. To get an A in the course, you must have an average of at least 90% on the four tests. Your scores so far are 89, 93, and 85. What must you score on the fourth test to get an A in the course?

STEP 1: Let T be the total number of points possible for the course. Find T by summing the total points possible for each test.

$T =$ points

STEP 2: Let M be the minimum number of total points on all tests to obtain an A in the course. Find M .

$M =$ points

STEP 3: Determine P , the number of points you already have.

$P =$ points

STEP 4: Compare M and P . How many points will you need on the fourth test to get an A in the course?

points out of 200 total points

7. Question Details

LarColAlg11 1.3.053. [4969967]

A nursery has \$45,000 of inventory in dogwood trees and red maple trees. The profit on a dogwood tree is 27% and the profit on a red maple tree is 18%. The profit for the entire stock is 20%. How much (in dollars) was invested in each type of tree?

red maple trees \$

dogwood trees \$

8. Question Details

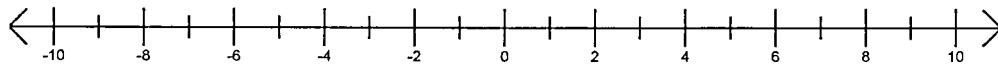

LarColAlg11 1.7.040. [4970480]

Solve the inequality. Then graph the solution set.

$$-1 \leq \frac{-3x + 5}{7} \leq 2$$

- $x \leq -\frac{2}{3}$ or $x \geq \frac{19}{3}$
- $-\infty < x < \infty$
- $-3 \leq x \leq 4$
- $x \leq -\frac{2}{3}$ or $x \geq 4$
- \emptyset

Use the tools to enter your answer.

Help

1. Question Details

LarColAlg11 2.1.023. [4971458]

Find the slope and y-intercept (if possible) of the line. (If an answer does not exist, enter DNE.)

$$14x - 6y = 72$$

slope

y-intercept $(x, y) = (\quad , \quad)$

Sketch the line.

Graph Layers

After you add an object to the graph you can use Graph Layers to view and edit its properties.

2. Question Details

LarColAlg11 2.1.094. [4970506]

A school district purchases a high-volume printer, copier, and scanner for \$33,000. After 10 years, the equipment will have to be replaced. Its value at that time is expected to be \$2000. Write a linear equation giving the value V of the equipment during the 10 years it will be in use. (Let t be the number of years after purchase.)

$V(t) = \quad , 0 \leq t \leq 10$

3. Question Details

LarColAlg11 2.3.061. [4971366]

Find the average rate of change of the function from x_1 to x_2 .

Function $f(x) = -3x + 14$ x -Values $x_1 = 0, x_2 = 3$

4. Question Details

LarColAlg11 2.1.050. [4970666]

Find the slope-intercept form of the equation of the line that has the given slope m and passes through the given point.

$$m = \frac{3}{4}, (-6, -8)$$

Sketch the line.

Graph Layers

After you add an object to the graph you can use Graph Layers to view and edit its properties.

5. Question Details

LarColAlg11 2.3.065. [4971239]

The amounts y (in billions of dollars) the U.S. federal government spent on applied research from 2013 through 2018 can be approximated by the model $y = 0.0729t^2 - 0.526t + 24.34$, where t represents the year, with $t = 13$ corresponding to 2013.†

Use a graphing utility to graph the model. Find the average rate of change m_{avg} of the model (in billion dollars per year) from 2013 to 2018. (Round your answer to two decimal places.)

$m_{\text{avg}} =$ billion dollars per year

Interpret your answer in the context of the problem.

The amount the U.S. federal government spent on applied research increased by about \$ billion each year from 2013 to 2018.

6. Question Details

LarColAlg11 2.1.057. [4970582]

Find an equation of the line passing through the pair of points.

$$(-8, 1), (-8, 4)$$

Sketch the line.

Graph Layers

After you add an object to the graph you can use Graph Layers to view and edit its properties.

7. Question Details

LarColAlg11 2.3.071. [4970732]

Determine whether the function is even, odd, or neither. Then describe the symmetry.

$$f(x) = x^6 - 2x^2 + 3$$

- even
- odd
- neither

Symmetry:

- x-axis symmetry
- origin symmetry
- no symmetry
- $x = y$ symmetry
- y-axis symmetry

8. Question Details

LarColAlg11 2.1.095. [4971228]

A roofing contractor purchases a shingle delivery truck with a shingle elevator for \$39,600. The vehicle requires an average expenditure of \$6.50 per hour for fuel and maintenance, and the operator is paid \$15.50 per hour.

Write a linear equation giving the total cost C of operating this equipment for t hours. (Include the purchase cost of the equipment.)

$C(t) =$

(b) Assuming that customers are charged \$44 per hour of machine use, write an equation for the revenue R obtained from t hours of use.

$R(t) =$

(c) Use the formula for profit $P = R - C$ to write an equation for the profit obtained from t hours of use.

$P(t) =$

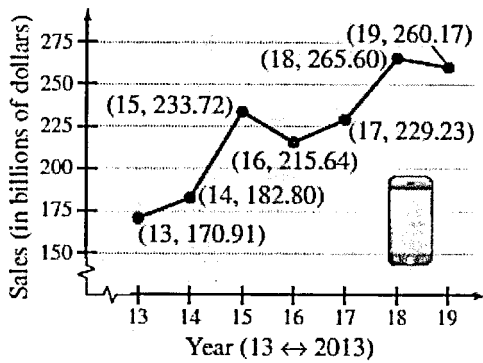

(d) Use the result of part (c) to find the break-even point—that is, the number of hours this equipment must be used to yield a profit of 0 dollars.

$t =$ hr

9. Question Details

LarColAlg11 2.1.088. [4971502]

The graph shows the sales (in billions of dollars) for Apple Inc. in the years 2013 through 2019.

(a) Use the slopes of the line segments to determine the years in which the sales showed the greatest increase and the greatest decrease.

The sales increased the greatest between the years and .

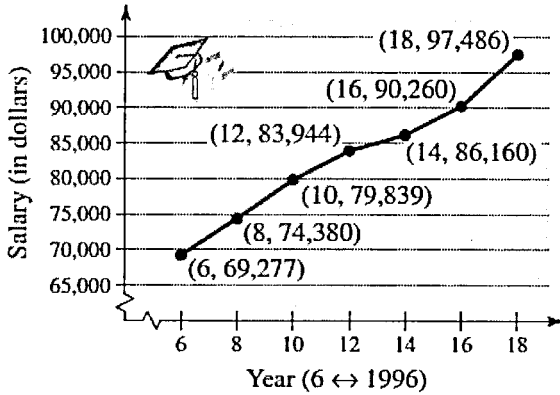

The sales decreased the greatest between the years and .

(b) Find the slope of the line segment connecting the points for the years 2013 and 2018. (Round your answer to two decimal places.)

(c) Interpret the meaning of the slope in part (b) in the context of the problem. (Round your answer to two decimal places.)

The sales an average of \$ billion each year between the years 2013 and 2018.

The graph shows the average salaries for senior high school principals from 1996 through 2008.†

(a) Use the slopes of the line segments to determine the time periods in which the average salary increased the least and the greatest.

The salary increased the least amount between and .

The salary increased the greatest amount between and .

(b) Find the slope of the line segment connecting the points for the years 1996 and 2008.

(c) Interpret the meaning of the slope in part (b) in the context of the problem.

- The average salary of a senior high school principal remained the same between 1996 and 2008.
- The average number of high school principals decreased 2350.75 per year between 1996 and 2008.
- The average number of high school principals increased 2350.75 per year between 1996 and 2008.
- The average salary of a senior high school principal increased \$2350.75 per year between 1996 and 2008.
- The average salary of a senior high school principal decreased \$2350.75 per year between 1996 and 2008.

The distance s (in feet) a moving car is from a stoplight is given by the following function.

$$s(t) = 25t^{3/2}$$

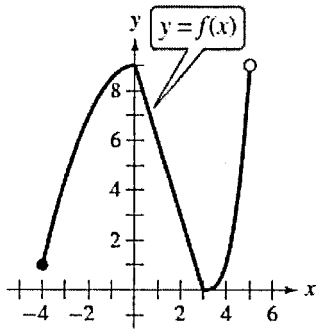

Find the average speed of the car from $t_1 = 0$ to $t_2 = 9$ seconds.

ft per sec

The average speed of the car from $t_1 = 4$ to $t_2 = 9$ seconds is 95 feet per second. Explain why the result is less than this value.

- When $t_1 = 4$, the maximum velocity of the car is higher.
- When $t_1 = 4$, the same total distance is covered in a short period of time.
- When $t_1 = 4$, the minimum velocity of the car is higher.
- The average speed of the car is not higher when $t_1 = 4$.
- When $t_1 = 4$, the total distance covered is higher.

Use the graph of the function to answer (a)–(e).

①

- (a) Find the domain and range of f . (Enter your answers using interval notation.)

domain

range

- (b) Find the zero of f .

$$(x, y) = \left(\quad \right)$$

- (c) Determine the open intervals on which f is increasing, decreasing, or constant. (Enter your answers using interval notation. If an answer does not exist, enter DNE.)

increasing

decreasing

constant

- (d) Approximate any relative minimum or relative maximum values of f .

relative minimum $(x, y) = \left(\quad \right)$

relative maximum $(x, y) = \left(\quad \right)$

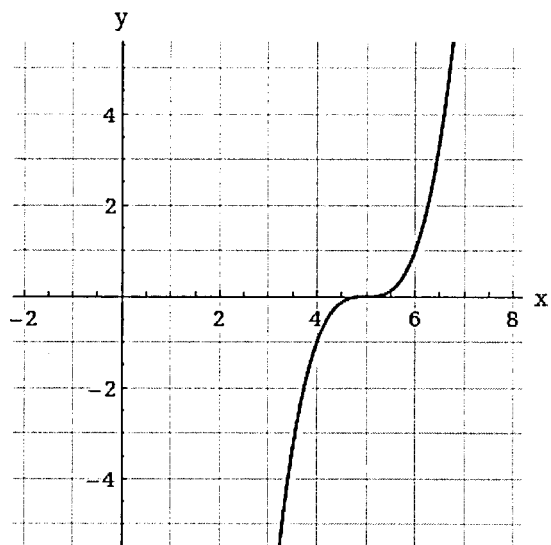

- (e) Is f even, odd, or neither?

- even
- odd
- neither

13. Question Details

LarCoIAIq11 2.5.015. [4971459]

Consider the following graph.

Identify the parent function.

 $y =$

Identify the transformation represented by the graph. (Select all that apply.)

- vertical shrink
- reflection in the x -axis
- vertical shift of 5 units downward
- vertical stretch
- horizontal shift of 5 units to the right

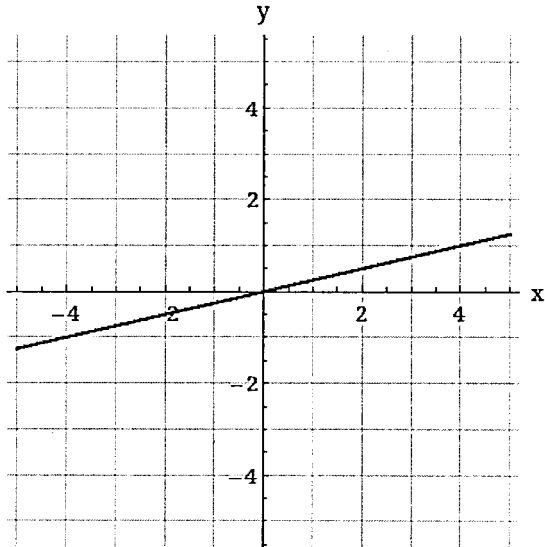

Write an equation for the function represented by the graph.

 $y =$

14. Question Details

LarColAlg11 2.5.016. [4970935]

Consider the following graph.

Identify the parent function.

$y =$

Identify the transformation represented by the graph. (Select all that apply.)

- horizontal shift of 4 units to the right
- reflection in the x -axis
- vertical shift of 4 units downward
- vertical stretch
- vertical shrink

Write an equation for the function represented by the graph.

$y =$

15. Question Details

LarColAlg11 2.1.522.XP. [4970759]

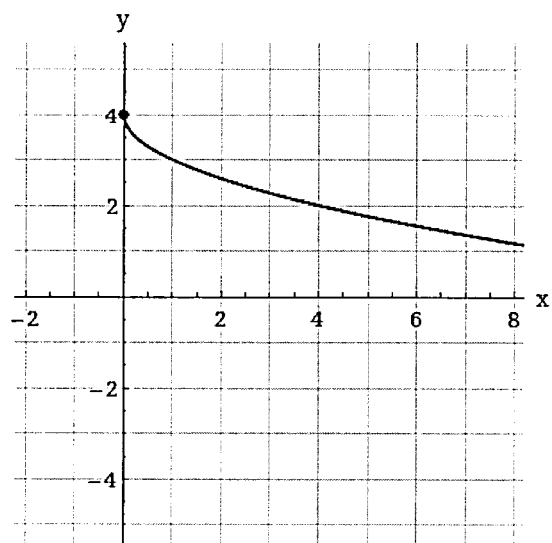

A microchip manufacturer pays its assembly line workers \$14.75 per hour. In addition, workers receive a piecework rate of \$0.25 per unit produced. Write a linear equation for the hourly wage W in terms of the number of units x produced per hour.

$W(x) =$

16. Question Details

LarCoAlg11 2.5.019. [4971476]

Consider the following graph.

Identify the parent function.

$y =$

Identify the transformation represented by the graph. (Select all that apply.)

- horizontal shift of 4 units to the left
- vertical shift of 4 units upward
- reflection in the x -axis
- vertical shrink
- vertical stretch

Write an equation for the function represented by the graph.

$y =$

The function g is related to one of the parent functions.

$$g(x) = x^2 + 8$$

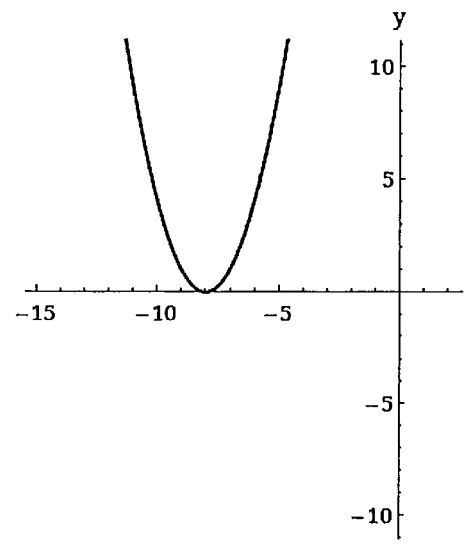

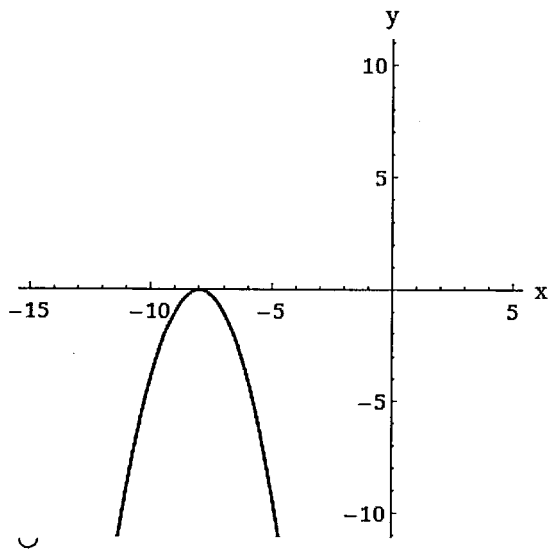

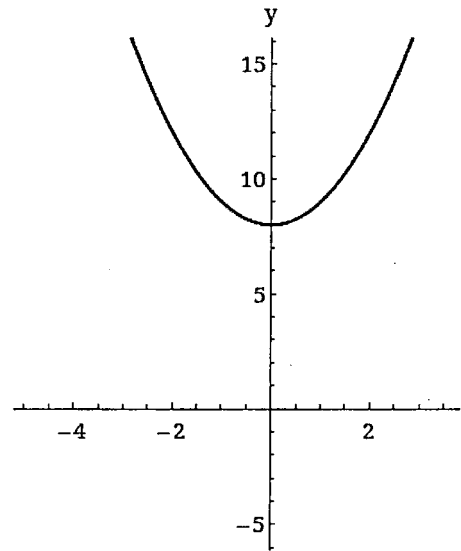

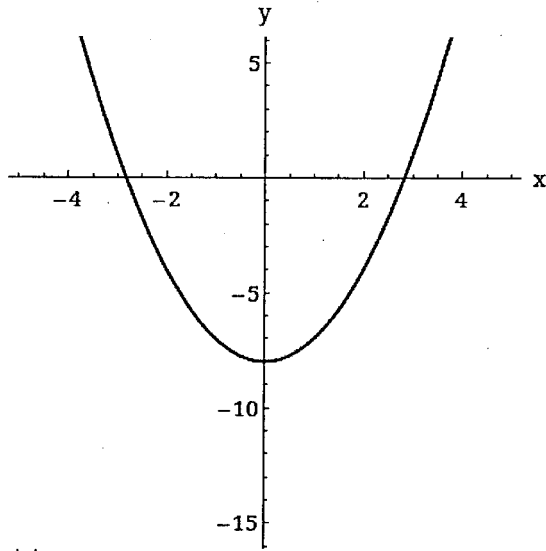

(a) Identify the parent function f .

$$f(x) =$$

(b) Describe the sequence of transformations from f to g . (Select all that apply.)

- reflection in the x -axis
- horizontal shift of 8 units right
- vertical shift of 8 units upward
- vertical shrink
- horizontal shift of 8 units left

(c) Sketch the graph of g .

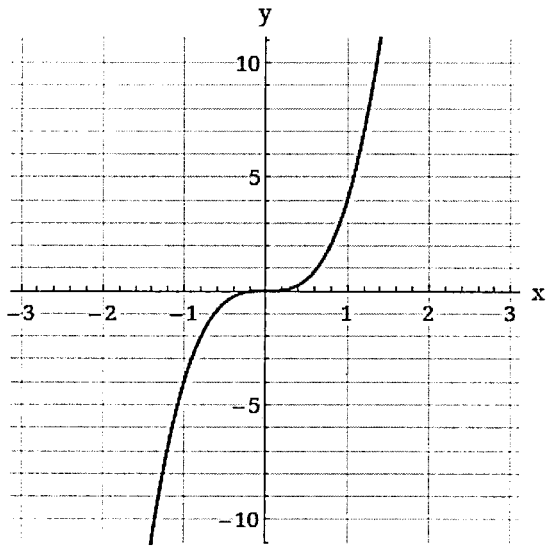

(d) Use function notation to write g in terms of f .

$$g(x) = \boxed{} + f()$$

18. Question Details

LarColAlg11 2.5.057. [4971093]

Consider the following graph.

Identify the parent function represented by the graph.

$f(x) =$

Identify the transformation represented by the graph. (Select all that apply.)

- reflection in the y -axis
- vertical shrink
- vertical stretch
- vertical shift of 4 units downward
- horizontal shift of 4 units to the right

Write an equation for the function represented by the graph. Then use a graphing utility to verify your answer.

$g(x) =$

19. Question Details

LarColAlg11 2.3.509.XP. [4970963]

Consider the following.

$$h(x) = x^2 - 4$$

(a) Use a graphing utility to graph the function and visually determine the intervals over which the function is increasing or decreasing.

Over which interval is the graph decreasing?

- $(-\infty, \infty)$
 $(-4, 4)$
 $(-\infty, 0)$
 $(0, \infty)$

Over which interval is the graph increasing?

- $(-\infty, \infty)$
 $(0, \infty)$
 $(-\infty, 0)$
 $(-4, 4)$

(b) Make a table of values to verify whether the function is increasing, decreasing, or constant over the intervals you identified in part (a).

x	-2	-1	0	1	2
$h(x)$	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

20. Question Details

LarColAlg11 2.1.525.XP. [4970648]

In 2003, a particular company had 1088 stores and in 2007 there were 1055 stores. Write a linear equation that gives the number of stores in terms of the year. Let $t = 3$ represent 2003.

$$y(t) =$$

Predict the number of stores for the years 2012 and 2014. (Round your answers to the nearest whole number.)

2012 stores

2014 stores

Are your answers reasonable? Explain.

- No, the number of stores increases as t increases.
 No, the number of stores increases as t decreases.
 No, this company will always have stores.
 Yes, the number of stores decreases as t decreases.
 Yes, the number of stores decreases as t increases.

Assignment Details

1. Question Details

LarColAlg11 2.6.031. [4970535]

Find $f \circ g$ and $g \circ f$.

$$f(x) = \sqrt{x + 7}, \quad g(x) = x^2$$

(a) $f \circ g$

(b) $g \circ f$

Find the domain of each function and each composite function. (Enter your answers using interval notation.)

domain of f

domain of g

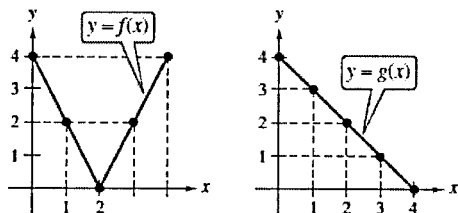

domain of $f \circ g$

domain of $g \circ f$

2. Question Details

LarColAlg11 2.6.039. [4970967]

Use the graphs of f and g to evaluate the functions.

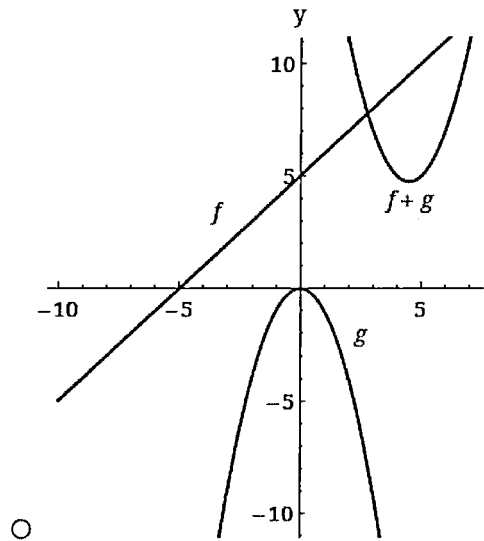

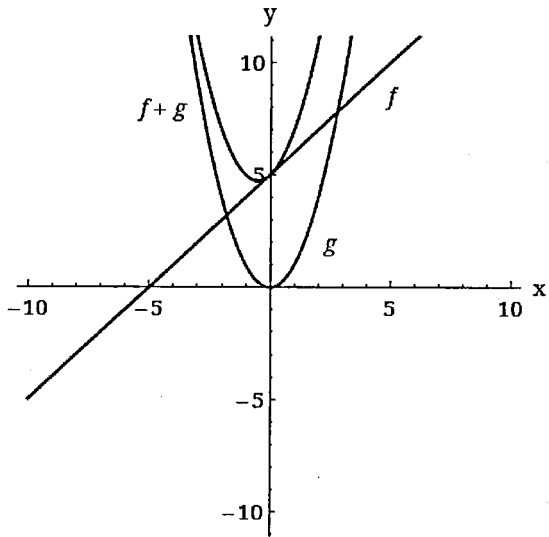

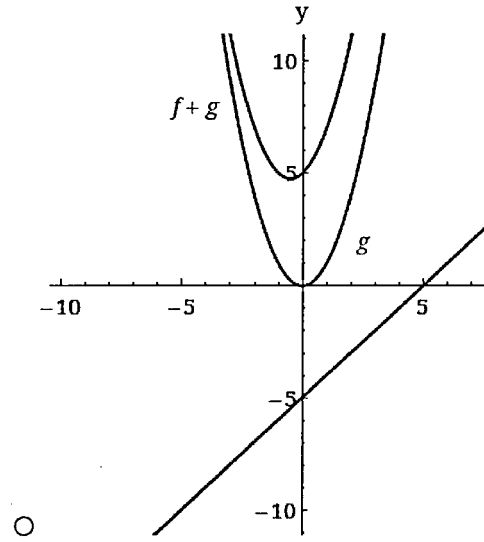

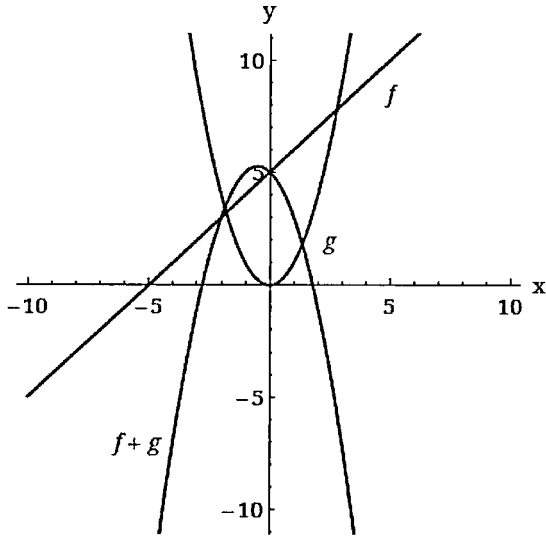

(a) $(f + g)(2)$

(b) $(f/g)(3)$

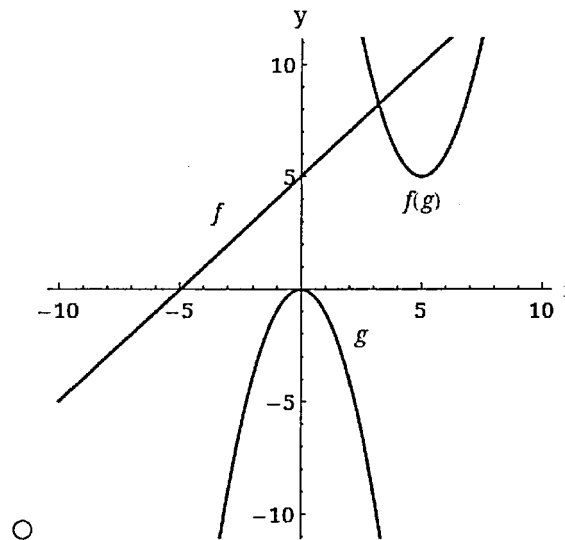

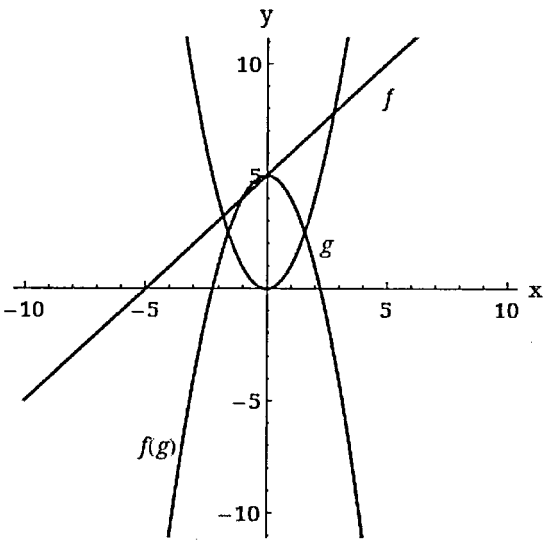

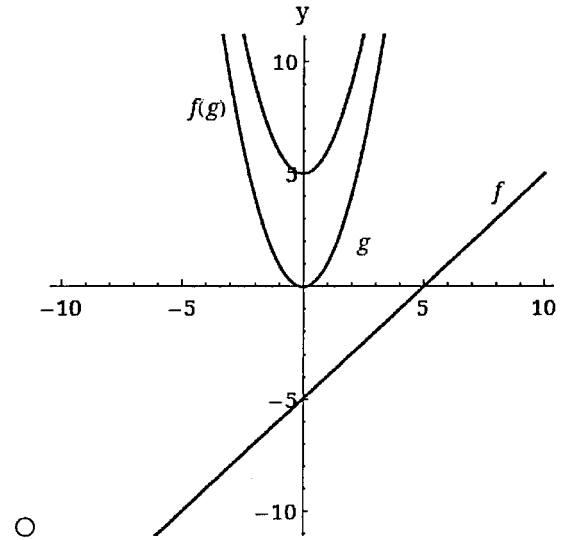

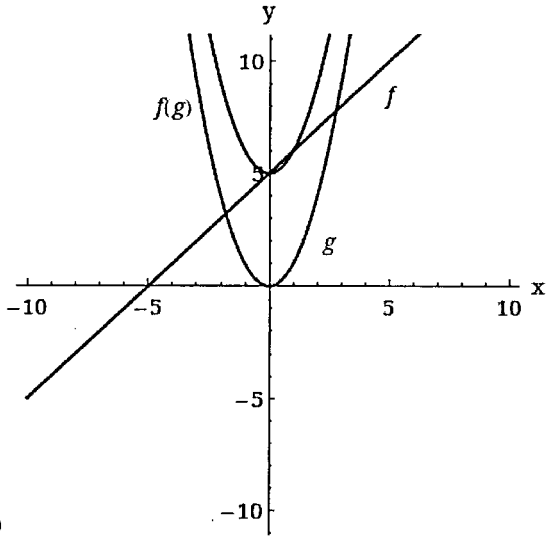

On the same set of coordinate axes, graph the functions f , g , and $f + g$, and graph the functions f , g , and $f \circ g$.

$$f(x) = x + 5, \quad g(x) = x^2$$

(a) Graph the functions f , g , and $f + g$.

(b) Graph the functions f , g , and $f \circ g$.

4. Question Details

LarColAlg11 2.6.054. [4971355]

The annual cost C (in thousands of dollars) and revenue R (in thousands of dollars) for a company each year from 2014 through 2020 can be approximated by the models $C = 143 - 9t + 1.1t^2$ and $R = 345 + 3.6t$, where t is the year, with $t = 14$ corresponding to 2014.

Write a function P that represents the annual profit of the company. Use a graphing utility to graph C , R , and P in the same viewing window.

$P(t) =$

5. Question Details

LarColAlg11 2.6.056. [4970757]

Let $d(t)$ be the number of dogs in the United States in year t , and let $c(t)$ be the number of cats in the United States in year t , where $t = 10$ corresponds to 2010.

(a) Find the function $p(t)$ that represents the total number of dogs and cats in the United States.

- $p(t) = d(t) \cdot c(t)$
- $p(t) = d(t) \cdot c(t) + 10$
- $p(t) = d(t) - c(t)$
- $p(t) = c(t) - d(t)$
- $p(t) = d(t) + c(t)$

(b) Interpret $p(15)$.

- $p(15)$ represents the number of years after 2000 when the number of dogs and cats is 15.
- $p(15)$ represents the number of years after 2010 when the number of dogs and cats is 15.
- $p(15)$ represents the number of dogs and cats in 2005.
- $p(15)$ represents the year in which the number of dogs and cats is 15.
- $p(15)$ represents the number of dogs and cats in 2015.

(c) Let $n(t)$ represent the population of the United States in year t , where $t = 10$ corresponds to 2010. Find

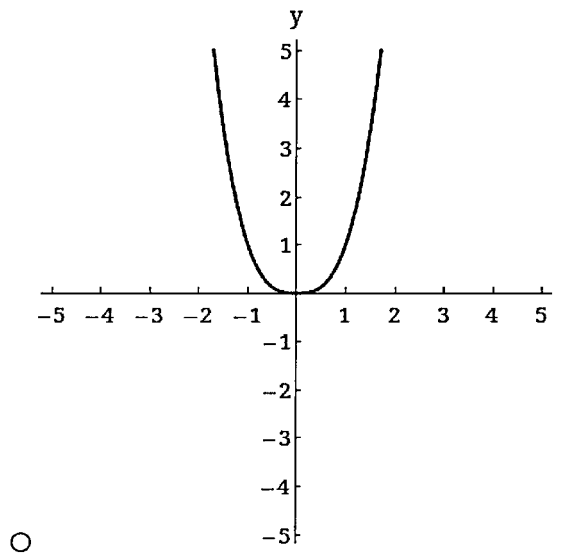

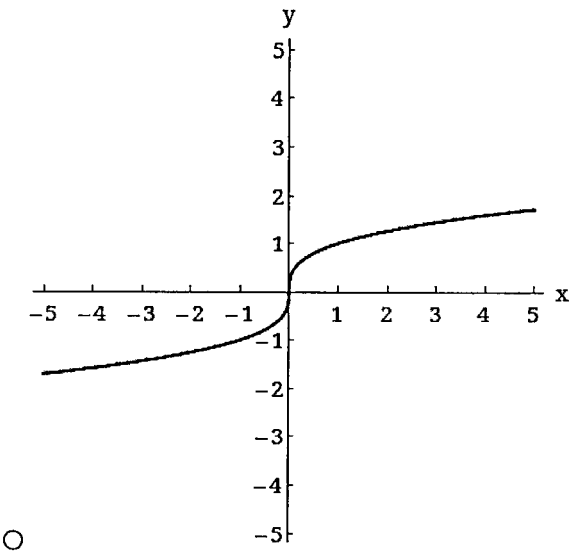

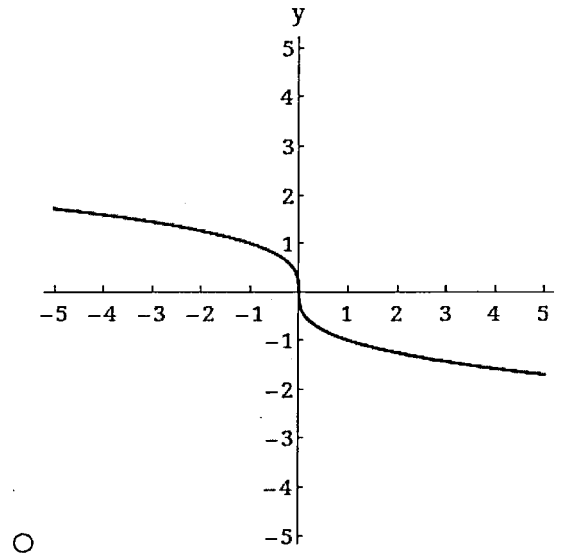

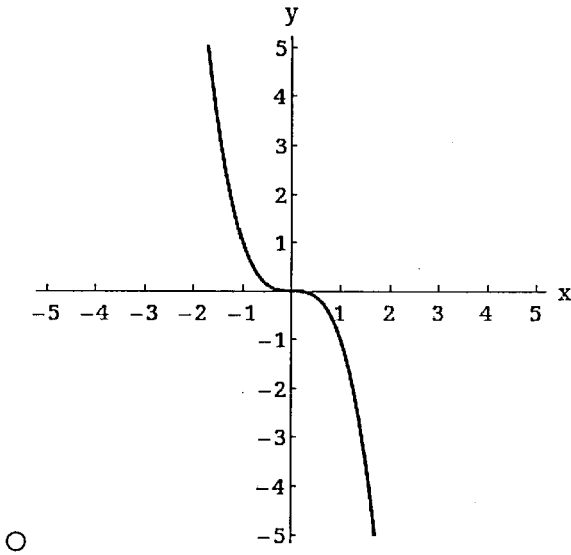

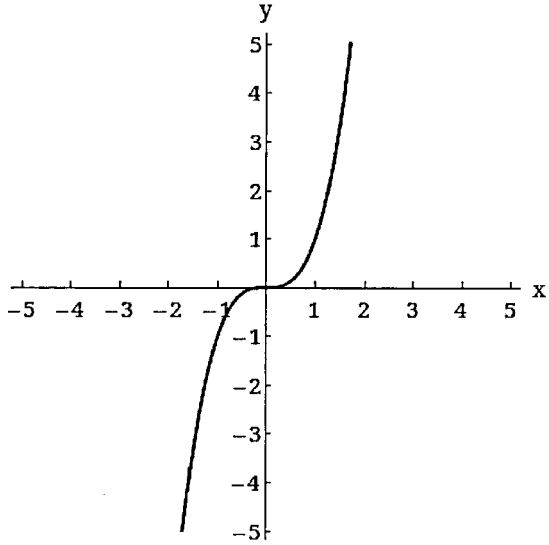

$$h(t) = \frac{p(t)}{n(t)}$$

- $h(t) = \frac{d(t) - c(t)}{n(t)}$
- $h(t) = \frac{c(t) - d(t)}{n(t)}$
- $h(t) = \frac{d(t) \cdot c(t)}{n(t)}$
- $h(t) = \frac{d(t) + c(t)}{n(t)}$
- $h(t) = \frac{d(t) \cdot c(t) + 10}{n(t)}$

Interpret $h(t)$.

- It represents the number of dogs per capita.
- It represents the number of dogs and cats per capita.
- It represents the number of cats per capita.
- It represents the number of people who own either a dog or a cat but not both.
- It represents the number of people who own both a dog and a cat.

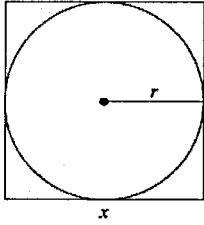

Use the graph of the function to sketch the graph of its inverse function $y = f^{-1}(x)$.

7. Question Details

LarColAlg11 2.6.057. [4971116]

A square concrete foundation is prepared as a base for a cylindrical tank (see figure).

(a) Write the radius r of the tank as a function of the length x of the sides of the square.

$$r(x) =$$

(b) Write the area A of the circular base of the tank as a function of the radius r .

$$A(r) =$$

(c) Find and interpret $(A \circ r)(x)$.

$$(A \circ r)(x) =$$

- This represents the area of the edge of the tank.
- This represents how the area changes as the length of the side x changes.
- This represents the area of the circular base of the tank on the square foundation with side length x .
- This represents the volume of the tank.
- This represents how the area changes as the radius r changes.

8. Question Details

LarColAlg11 2.6.015. [4970720]

Evaluate the function for $f(x) = x + 3$ and $g(x) = x^2 - 2$.

$$(f + g)(6)$$

$$(f + g)(6) =$$

9. Question Details

LarColAlg11 2.6.016. [4971492]

Evaluate the function for $f(x) = x + 3$ and $g(x) = x^2 - 2$.

$$(f - g)(6)$$

$$(f - g)(6) =$$

10. Question Details

LarColAlg11 2.6.019. [4970829]

Evaluate the function for $f(x) = x + 3$ and $g(x) = x^2 - 2$.

$$(fg)(8)$$

$$(fg)(8) =$$

11. Question Details

LarColAlg11 2.6.021. [4971067]

Evaluate the function for $f(x) = x + 3$ and $g(x) = x^2 - 2$.

$(f/g)(5)$

$(f/g)(5) =$

12. Question Details

LarColAlg11 2.7.033. [4970958]

Does the function have an inverse function?

x	4	5	6	7	8	9
f(x)	6	3	2	3	6	11

Yes

No

13. Question Details

LarColAlg11 2.7.035. [4971375]

Use the table of values for $y = f(x)$ to complete a table for $y = f^{-1}(x)$. (Order your answers from smallest to largest x-value.)

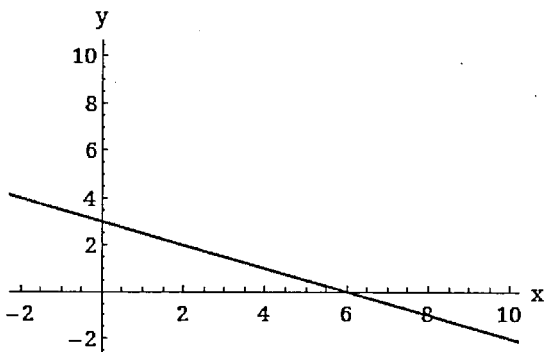

x	-1	0	1	2	3	4
f(x)	4	6	8	10	12	14

x						
$f^{-1}(x)$						

14. Question Details

LarColAlg11 2.7.037. [4970867]

Does the function have an inverse function?

Yes

No

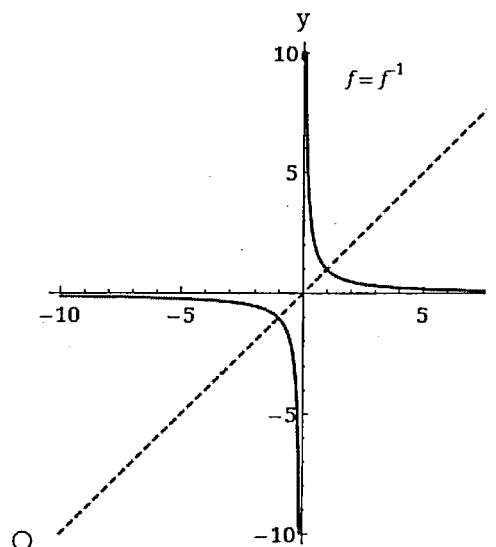

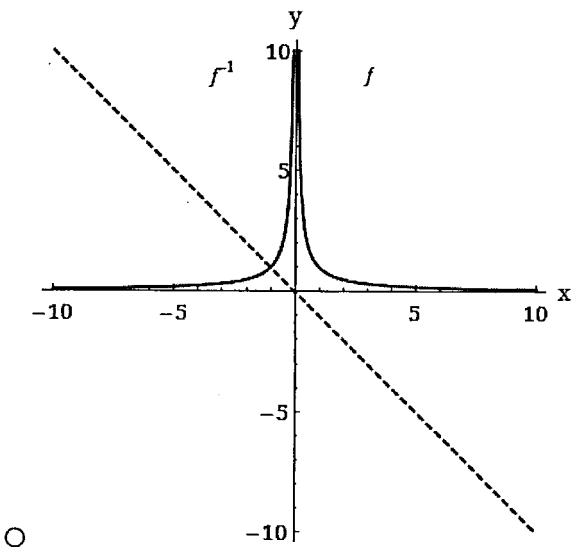

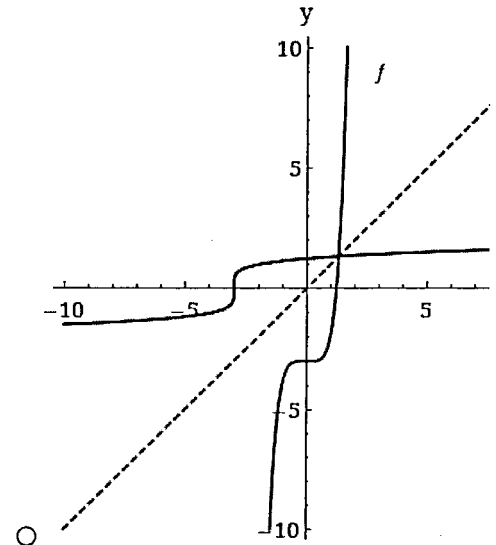

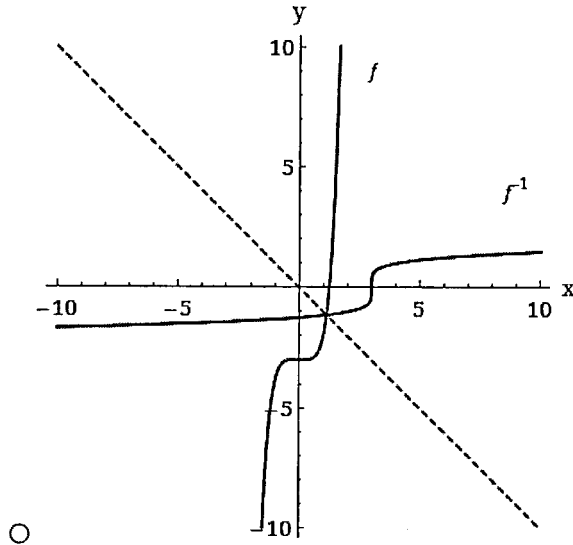

Consider the following function.

$$f(x) = x^5 - 3$$

(a) Find the inverse function of f .

$$f^{-1}(x) =$$

(b) Graph both f and f^{-1} on the same set of coordinate axes.

(c) Describe the relationship between the graphs of f and f^{-1} .

- The graph of f^{-1} is the same as the graph of f .
- The graph of f^{-1} is the reflection of f in the line $y = x$.
- The graph of f^{-1} is the reflection of f in the line $y = -x$.
- The graph of f^{-1} is the reflection of f in the x -axis.
- The graph of f^{-1} is the reflection of f in the y -axis.

(d) State the domain and range of f . (Enter your answers using interval notation.)

domain

range

State the domain and range of f^{-1} . (Enter your answers using interval notation.)

domain

range

16. Question Details

LarColAlg11 2.7.057. [4970791]

Determine whether the function has an inverse function.

$$g(x) = \frac{x + 1}{7}$$

- Yes, g does have an inverse.
- No, g does not have an inverse.

If it does, then find the inverse function. (If an answer does not exist, enter DNE.)

$$g^{-1}(x) =$$

17. Question Details

LarColAlg11 2.7.056. [4970851]

Determine whether the function has an inverse function.

$$f(x) = \frac{7}{x^2}$$

- Yes, f does have an inverse.
- No, f does not have an inverse.

If it does, then find the inverse function. (If an answer does not exist, enter DNE.)

$$f^{-1}(x) =$$

18. Question Details

LarColAlg11 2.7.071. [4971070]

Use the functions $f(x) = x + 4$ and $g(x) = 3x - 5$ to find the function.

$$g^{-1} \circ f^{-1}$$

$$(g^{-1} \circ f^{-1})(x) =$$

1. Question Details

LarColAlg11 P.5.014. [4969153]

Find the domain of the expression.

$$\frac{x^2 - 1}{x^2 + 3x - 18}$$

- all real numbers x such that $x \neq -1, 1$
- all real numbers
- all real numbers x such that $x \neq 3, -6$
- all real numbers x such that $x \neq 18$
- all real numbers x such that $x \neq -3, 6$

2. Question Details

LarColAlg11 P.5.027. [4969274]

Write the rational expression in simplest form.

$$\frac{x^2 + 6x - 7}{x^2 + 9x + 14}$$

$$, \quad x \neq -7$$

3. Question Details

LarColAlg11 P.5.033. [4969033]

Perform the multiplication and simplify.

$$\frac{9}{x-3} \cdot \frac{x-3}{81(x-7)}$$

$$, \quad x \neq 3$$

4. Question Details

LarColAlg11 P.5.040.MI. [4968526]

Divide and simplify.

$$\frac{x^2 - 16x + 64}{x^2 - 64} \div \frac{5x - 40}{x + 8}$$

$$, \quad x \neq \pm 8$$

5. Question Details

LarColAlg11 P.5.041. [4968798]

Subtract and simplify.

$$\frac{x-1}{x+4} - \frac{x-5}{x+4}$$

6. Question Details

LarColAlg11 P.5.043. [4969039]

Add and simplify.

$$\frac{1}{4x+3} + \frac{x}{x+1}$$

7. Question Details

LarColAlg11 4.1.007. [4971616]

Find the domain of the function.

$$f(x) = \frac{9}{x-9}$$

- all real numbers x such that $x > 9$
 all real numbers x such that $x < 9$
 all real numbers x except $x = 9$
 all real numbers x such that $x \geq 9$
 all real numbers x such that $x \leq 9$

Discuss the behavior of f near any excluded x -values.

- $f(x) \rightarrow \infty$ as $x \rightarrow 9^-$, $f(x) \rightarrow -\infty$ as $x \rightarrow 9^+$
 $f(x) \rightarrow 0$ as $x \rightarrow 9^-$, $f(x) \rightarrow 0$ as $x \rightarrow 9^+$
 $f(x) \rightarrow -\infty$ as $x \rightarrow 9^-$, $f(x) \rightarrow \infty$ as $x \rightarrow 9^+$
 $f(x) \rightarrow -\infty$ as $x \rightarrow 9^-$, $f(x) \rightarrow -\infty$ as $x \rightarrow 9^+$
 $f(x) \rightarrow \infty$ as $x \rightarrow 9^-$, $f(x) \rightarrow \infty$ as $x \rightarrow 9^+$

8. Question Details

Rational - complex fraction [694945]

Simplify the complex fraction.

$$\frac{\frac{x+4}{x}}{\frac{x-5}{x}} =$$

9. Question Details

LarColAlg11 1.6.046. [4970144]

Solve the equation. Check your solutions. (Enter your answers as a comma-separated list.)

$$\frac{10}{x+3} - \frac{8}{x+6} = 1$$

 $x =$

10. Question Details

LarColAlg11 4.2.002. [4971641]

Fill in the blank.

The graph of $g(x) = \frac{3}{(x-2)}$ has a —Select— asymptote at $x = 2$.

11. Question Details

LarColAlg11 P.5.046. [4968543]

Add and simplify.

$$\frac{3}{x^2 - 4} + \frac{2}{x + 2}$$

12. Question Details

LarColAlg11 1.6.045. [4969697]

Solve the equation. Check your solutions. (Enter your answers as a comma-separated list.)

$$\frac{1}{x} - \frac{1}{x+1} = 7$$

$x =$

13. Question Details

LarColAlg11 1.6.102. [4969988]

Working alone, you can paint a fence in t hours. Working with a friend, the time y (in hours) it takes to paint the fence satisfies the equation

$$\frac{1}{t} + \frac{1}{t+4} = \frac{1}{y}$$

Find the time it takes you to paint the fence working alone when you and your friend can paint the fence in 5 hours working together. (Round your answer to one decimal place.)

$t =$ hr

14. Question Details

LarColAlg11 1.6.509.XP. [4969981]

The total voting-age population P (in millions) in the United States from 1990 to 2006 can be modeled by

$$P = \frac{182.17 - 1.542t}{1 - 0.018t}, \quad 0 \leq t \leq 16$$

where t represents the year, with $t = 0$ corresponding to 1990.†

(a) In which year did the total voting-age population reach 210 million? (Round your answer to one decimal place.)

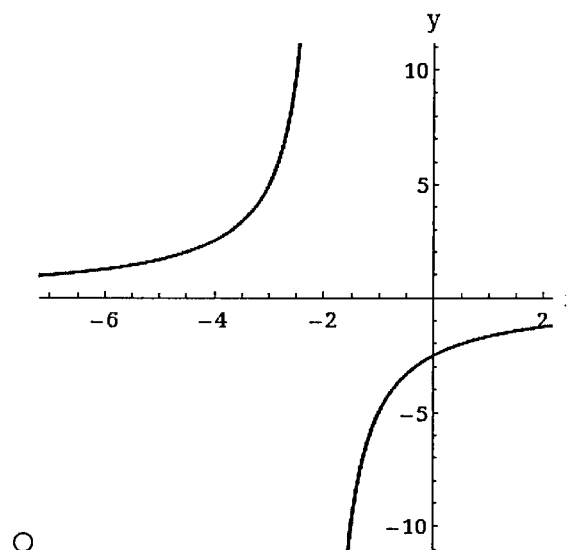

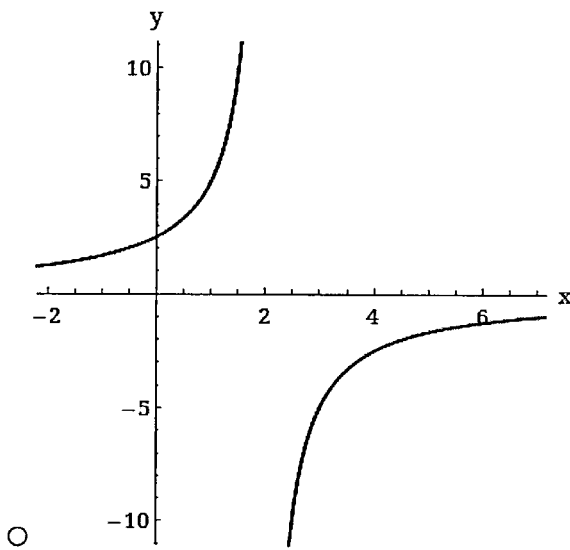

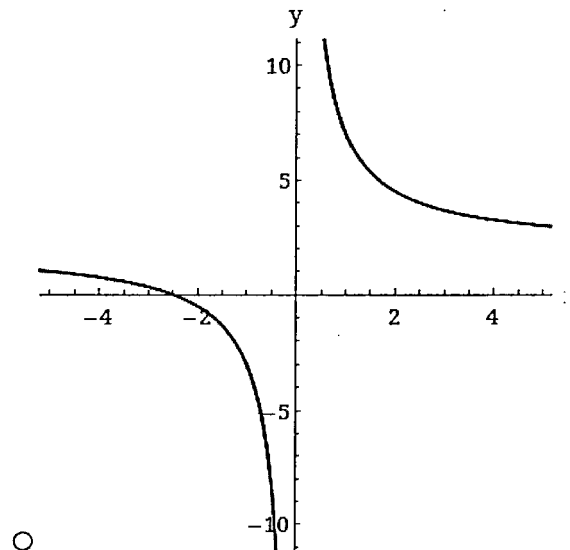

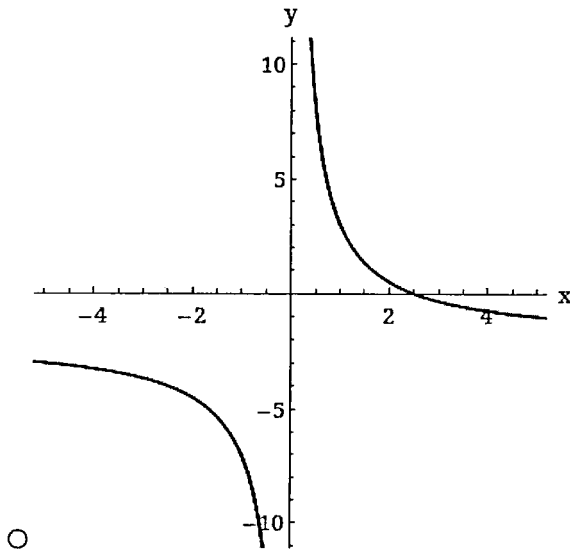

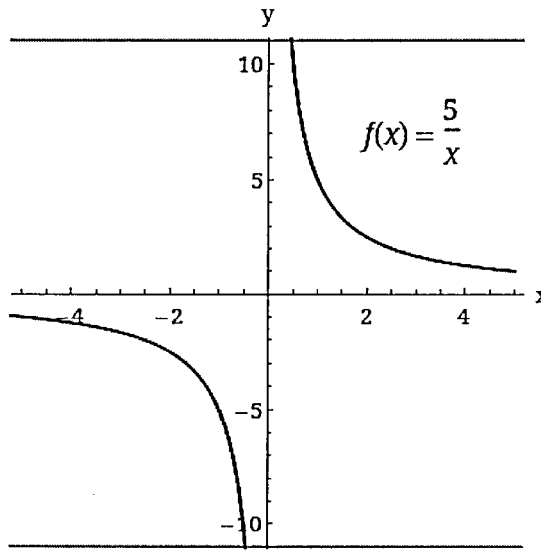

$t =$

(b) Use the model to predict the year in which the total voting-age population will reach 235 million. (Round your answer to one decimal place.)

$t =$

Use the graph of $f(x) = \frac{5}{x}$ to sketch the graph of g .

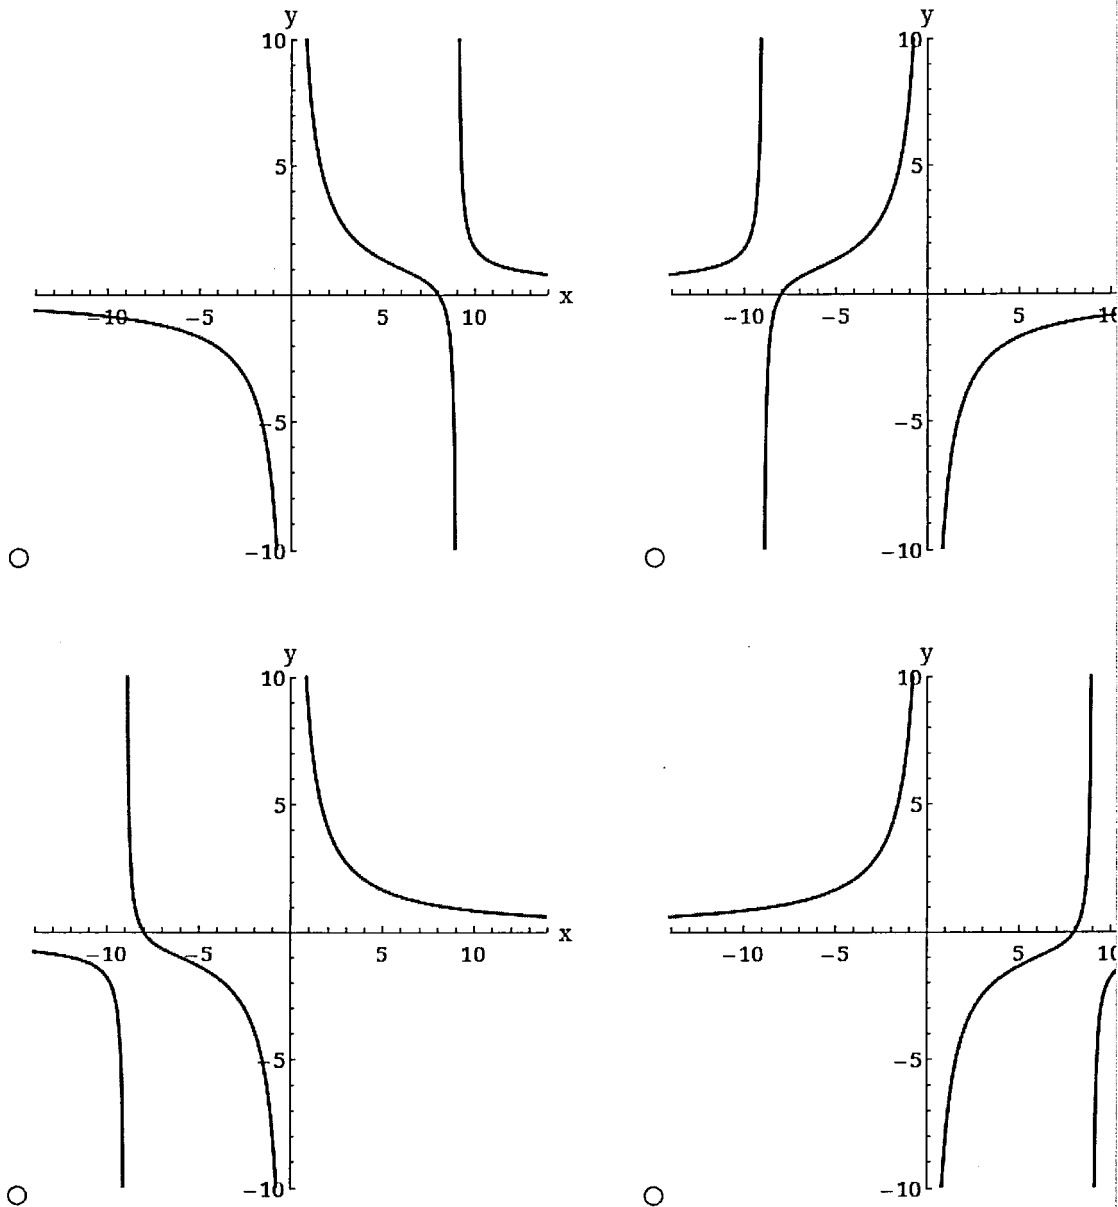

$$g(x) = \frac{5}{x} + 2$$

Consider the following.

$$y = \frac{1}{x+9} + \frac{8}{x}$$

(a) Use a graphing utility to graph the rational function.

Determine any x-intercepts of the graph.

$(x, y) = (\quad)$

(b) Set $y = 0$ and solve the resulting equation to confirm your result in part (a).

$(x, y) = (\quad)$

17. Question Details

LarColAlg11 4.T.001. [4971748]

Consider the following function.

$$y = \frac{8x}{x + 1}$$

Find the domain of the function.

- all real numbers x except $x = -1$
 all real numbers x except $x = -1, 8$
 all real numbers x
 all real numbers x such that $x < -1$
 all real numbers x such that $x > -1$

Identify any asymptotes of the graph of the function. (Enter your answers as a comma-separated list of equations.)

18. Question Details

LarColAlg11 P.5.036. [4968720]

Divide and simplify.

$$\frac{r}{r - 8} \div \frac{r^2}{r^2 - 64}$$

$$, \quad r \neq 8$$

19. Question Details

LarColAlg11 P.5.038. [4969394]

Multiply and simplify.

$$\frac{t^2 - t - 56}{t^2 + 16t + 64} \cdot \frac{t + 8}{t^2 - 49}$$

$$, \quad x \neq -7$$

20. Question Details

LarColAlg11 P.5.044.MI. [4969030]

Subtract and simplify.

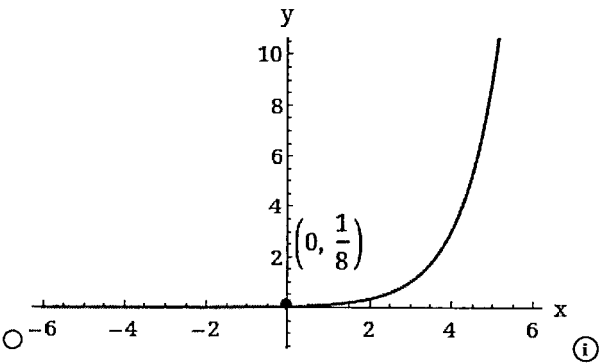

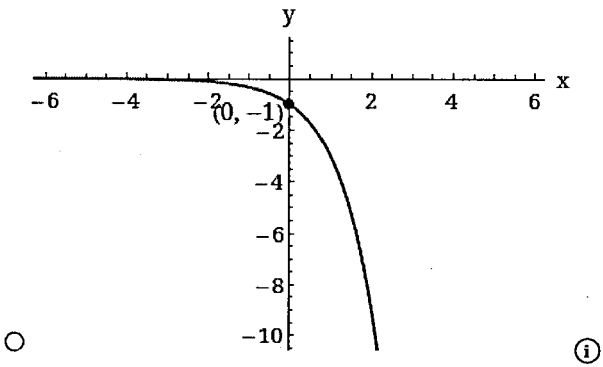

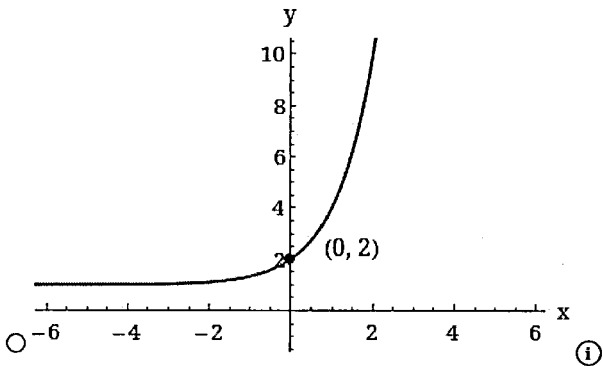

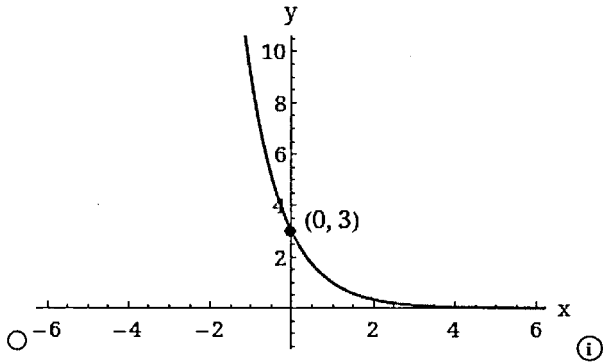

$$\frac{x}{x + 8} - \frac{2}{x - 1}$$

1. Question Details

LarColAlg11 5.1.009. [5051918]

Match the exponential function with its graph.

$$f(x) = 3^{1-x}$$

2. Question Details

LarColAlg11 5.1.021. [4971863]

Use the One-to-One Property to solve the equation for x .

$$4^x + 3 = 256$$

$$x = \boxed{}$$

3. Question Details

LarColAlg11 5.1.026. [5052014]

Describe any transformations of the graph of f that yield the graph of g .

$$f(x) = \left(\frac{7}{2}\right)^x, \quad g(x) = -\left(\frac{7}{2}\right)^{-x}$$

- Shift the graph of f $\frac{7}{2}$ units up.
- Reflect the graph of f in the x -axis.
- Reflect the graph of f in the y -axis.
- Shift the graph of f $\frac{7}{2}$ units down.
- Reflect the graph of f in the origin.

4. Question Details

LarColAlg11 5.1.054.MI. [5051872]

A deposit of \$6,000 is made in a college savings fund that pays 6.0% interest, compounded continuously. The balance will be given to a student after the money has earned interest for 40 years. How much (in dollars) will the student receive? (Round your answer to the nearest cent.)

$$\text{\$ } \boxed{}$$

5. Question Details

LarColAlg11 5.1.055. [4973245]

Assuming that the annual rate of inflation averages 4% over the next 15 years, the approximate costs C of goods or services during any year in that decade will be modeled by $C(t) = P(1.04)^t$, where t is the time in years and P is the present cost. The price of an oil change for your car is presently \$24.88. Estimate the price 15 years from now. (Round your answer to the nearest cent.)

$$\text{\$ } \boxed{}$$

6. Question Details

LarColAlg11 5.2.032. [4973402]

Use the One-to-One Property to solve the equation for x . (Enter your answers as a comma-separated list.)

$$\log(x^2 + 3x) = \log(28)$$

$$x = \boxed{}$$

7. Question Details

LarColAlg11 5.4.056. [4973471]

Solve the logarithmic equation algebraically. Approximate the result to three decimal places. (If there is no solution, enter NO SOLUTION.)

$$\log_5 x + \log_5(x + 3) = \log_5(x + 35)$$

$$x = \boxed{}$$

8. Question Details

LarColAlg11 5.2.042. [4973106]

Find the domain of the logarithmic function. (Enter your answer using interval notation.)

$$g(x) = \log_7 x$$

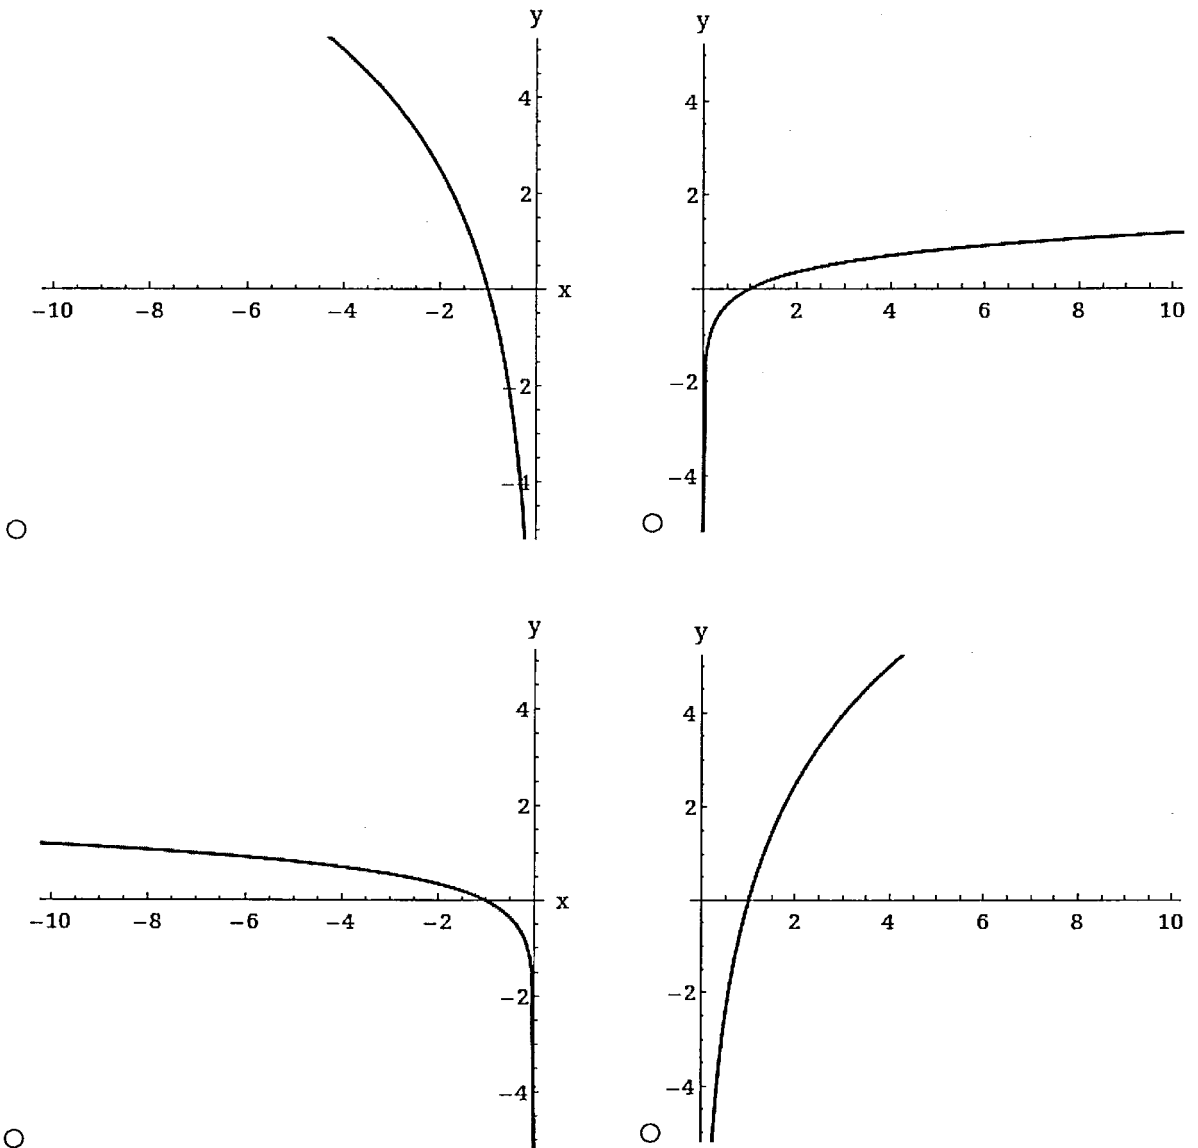

Find the x-intercept.

$$(x, y) = (\quad)$$

Find the vertical asymptote.

$$x = \boxed{}$$

Sketch the graph of the logarithmic function.

9. Question Details

LarColAlg11 5.1.074. [4973435]

Use the formula

$$A = P\left(1 + \frac{r}{n}\right)^{nt}$$

to calculate the balance A of an investment (in dollars) when $P = \$4,000$, $r = 6\%$, and $t = 10$ years, and compounding is done by the day, by the hour, by the minute, and by the second. (Round your answers to the nearest cent.)

(a) compounding by the day

$A = \$$

(b) compounding by the hour

$A = \$$

(c) compounding by the minute

$A = \$$

(d) compounding by the second

$A = \$$

Does increasing the number of compoundings per year result in unlimited growth of the balance?

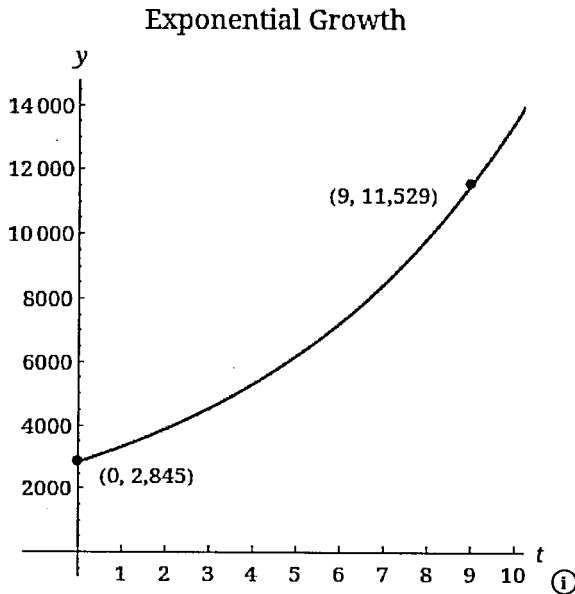

Yes

No

10. Question Details

LarColAlg11 5.T.027. [4973546]

Find the exponential growth model that fits the points shown in the graph. (Round the exponent to four decimal places.)

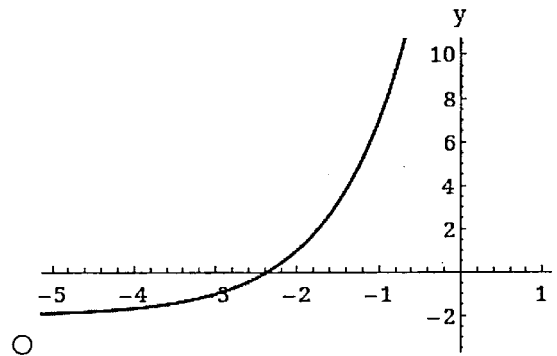

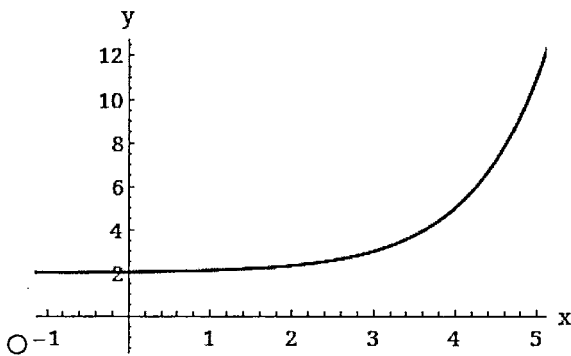

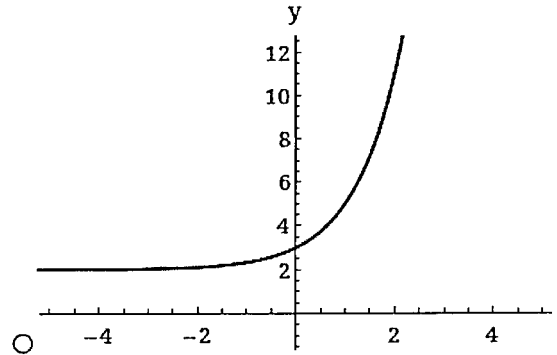

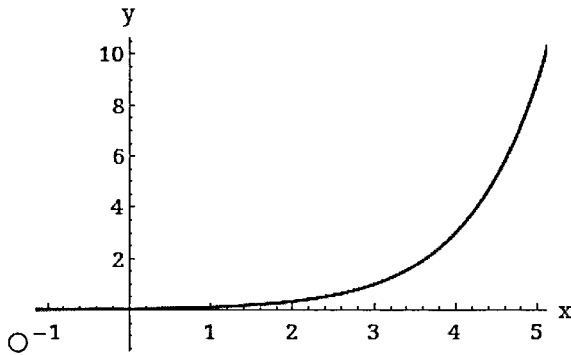

$y =$

11. Question Details

LarColAlg11 5.1.503.XP. [4972910]

Use a graphing utility to graph the exponential function.

$$y = 3^{x-3} + 2$$

12. Question Details

LarColAlg11 5.2.030.MI.SA. [4973561]

This question has several parts that must be completed sequentially. If you skip a part of the question, you will not receive any points for the skipped part, and you will not be able to come back to the skipped part.

Tutorial Exercise

Use the One-to-One Property to solve the equation for x .

$$\log_9(x - 8) = \log_9(8)$$

13. Question Details

LarColAlg11 5.4.067.MI. [4973336]

\$2000 is invested in an account at interest rate $r = 0.025$, compounded continuously. (Round your answers to two decimal places.)

(a) Find the time required for the amount to double.

years

(b) Find the time required for the amount to triple.

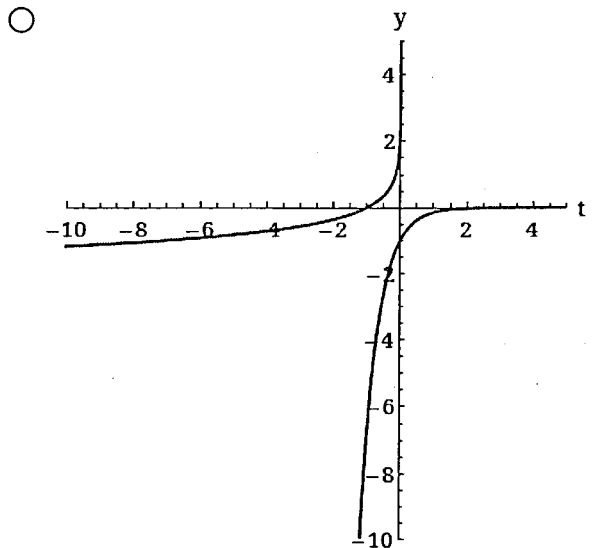

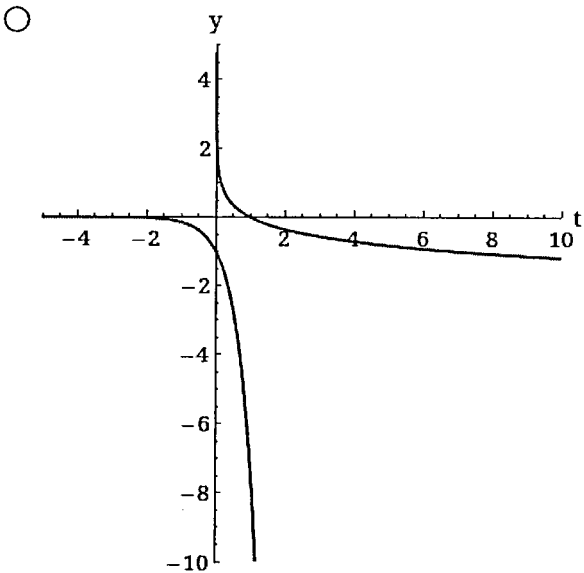

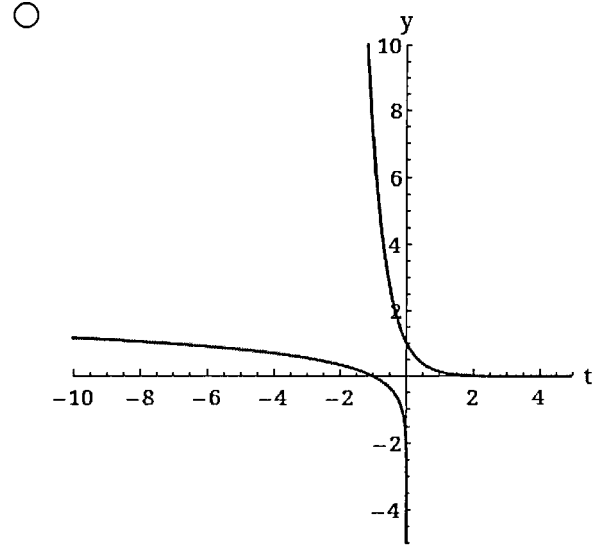

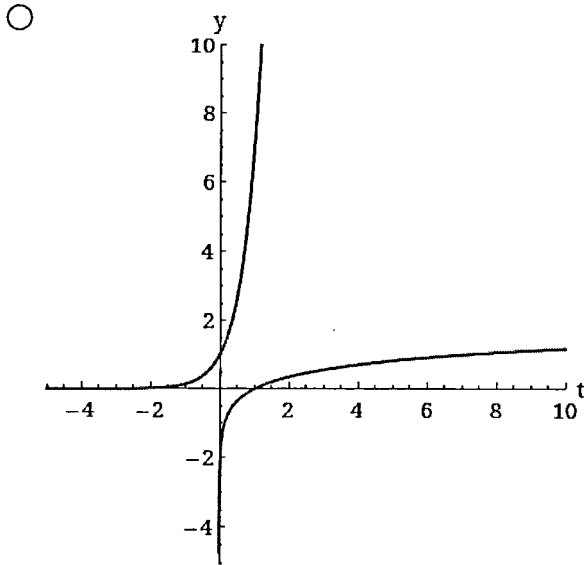

years

14. Question Details

LarColAlg11 5.2.033. [5051931]

Sketch the graphs of f and g in the same coordinate plane.

$$f(t) = 7^t, g(t) = \log_7(t)$$

15. Question Details

LarColAlg11 5.4.078. [4972869]

The *effective yield* of an investment plan is the percent increase in the balance after 1 year. Find the effective yield for each investment plan. (Round your answers to two decimal places.)

- (a) 7% annual interest rate, compounded annually

- (b) 7% annual interest rate, compounded continuously

- (c) 7% annual interest rate, compounded quarterly

- (d) 7.25% annual interest rate, compounded quarterly

Which investment plan has the greatest effective yield?

- a
 b
 c
 d

Which investment plan will have the highest balance after 5 years?

- a
 b
 c
 d

16. Question Details

LarColAlg11 5.4.507.XP. [4973204]

Determine whether each x -value is a solution (or an approximate solution) of the equation.

$$2^{2x+1} = 8$$

- (a) $x = -1$

- Yes, this is a solution.
 No, this is not a solution.

- (b) $x = 2$

- Yes, this is a solution.
 No, this is not a solution.

17. Question Details

LarColAlg11 5.2.047. [4973698]

Find the domain of the logarithmic function. (Enter your answer using interval notation.)

$$y = \log\left(\frac{x}{5}\right)$$

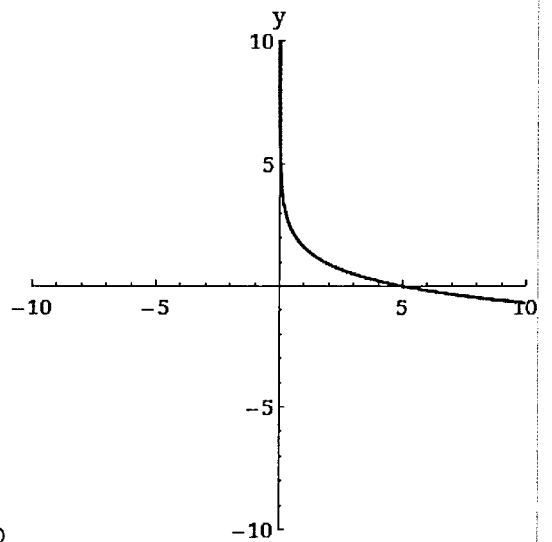

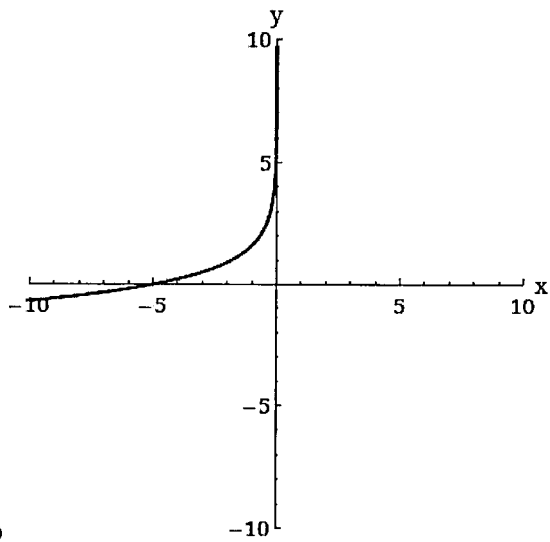

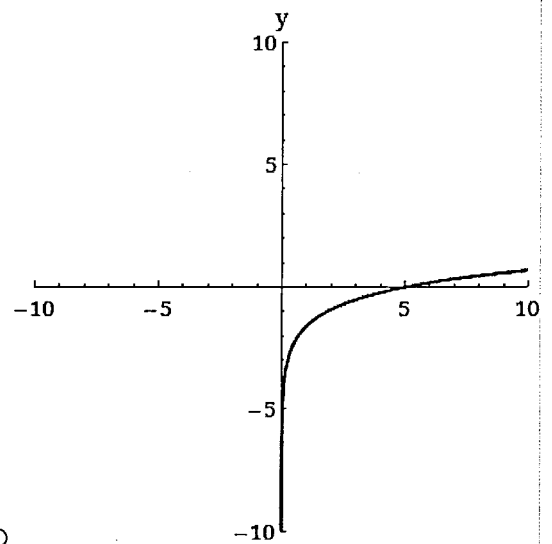

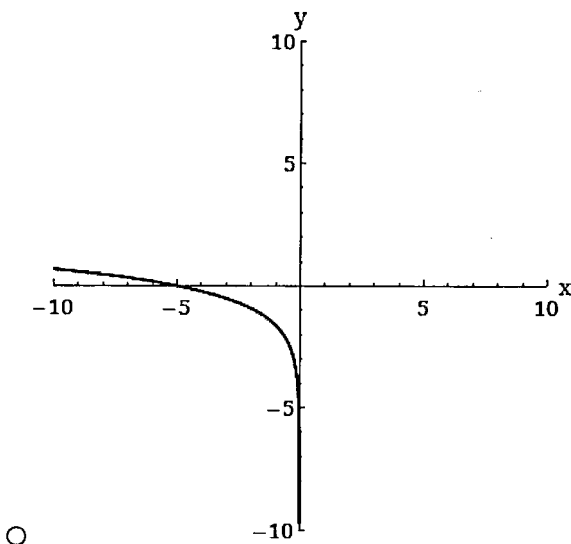

Find the x-intercept.

$$(x, y) = \left(\quad \quad \quad \right)$$

Find the vertical asymptote.

$$x = \boxed{\quad \quad \quad}$$

Sketch the graph of the logarithmic function.

18. Question Details

LarColAlg11 5.4.080. [4973205]

The number N of trees of a given species per acre is approximated by the model

$$N = 2000(10^{-0.12x}), \quad 3 \leq x \leq 30$$

where x is the average diameter of the trees (in inches) 4.5 feet above the ground. Use the model to approximate the average diameter (in inches) of the trees in a test plot when $N = 34$. (Round your answer to two decimal places.)

$x =$ in

19. Question Details

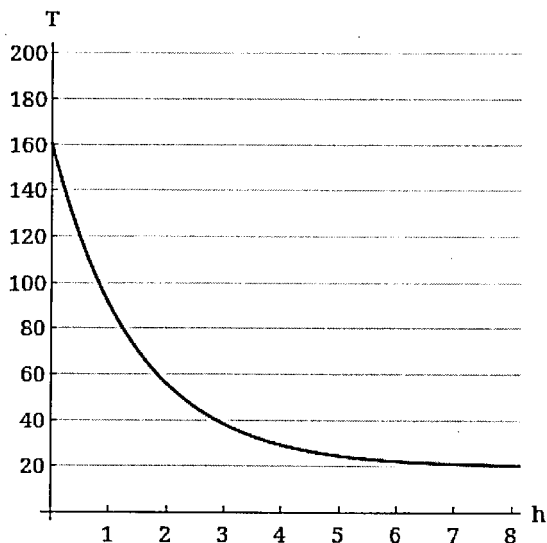

LarColAlg11 5.4.084. [4973209]

An object at a temperature of 160°C was removed from a furnace and placed in a room at 20°C . The temperature T of the object was measured each hour h and recorded in the table. A model for the data is $T = 20 + 140e^{-0.68h}$.

Hour, h	Temperature, T
0	160°
1	90°
2	56°
3	38°
4	29°
5	24°

(a) The figure below shows the graph of the model. Use the graph to identify the horizontal asymptote of the model.

$T =$

Interpret the asymptote in the context of the problem.

The asymptote represents the Select

(b) Use the model to approximate the time it took (in hours) for the object to reach a temperature of 100°C . (Round your answer to two decimal places.)

hr

20. Question Details

LarCo/Alg11 5.T.018. [4972964]

Condense the expression to the logarithm of a single quantity.

$$\log_5(22) + \log_5(y)$$

Goodbred, Tracy R.

Subject: NCAA Conversation at FAMS

CAUTION: This email originated outside of dadeschools.net. Do not click on links or attachments unless you are expecting the email or recognize the sender and know the message is safe.

Hello everyone!

I am not sure if this is applicable to all of you but I was not able to make FAMS due to my family being hit with COVID. I have heard there was some conversation about NCAA and the new courses. Would any of you be willing to meet with me virtually and share information that was shared on NCAA? I would greatly appreciate any input!

Thank you,

Becky Satterly

Subject: (EXT) RE: NCAA Conversation at FAMS

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Hello Everyone!

Thank you so much Silvia! That document is going to be a huge help! It is EXTENSIVE! Also thank you to everyone who could join! There wasn't many people who had courses approved by NCAA, but we had great conversations. The link to the recording is below. The athletic coordinator from Marion County was able to jump in and provide some valuable experiences (Please thank him again April!). There is also a document in the chat that was started at FAMS. Please feel free to share any feedback from NCAA as well as if you were able to get approval for the new courses! I will try to set up another call in April sometime to continue the conversation!

CAUTION: This email originated outside of dadeschools.net. Do not click on links or attachments unless you are expecting the email or recognize the sender and know the message is safe.

Hello everyone!

I am not sure if this is applicable to all of you but I was not able to make FAMS due to my family being hit with COVID. I have heard there was some conversation about NCAA and the new courses. Would any of you be willing to meet with me virtually and share information that was shared on NCAA? I would greatly appreciate any input!

Thank you,

Becky Satterly

Hi Jeff!

I hope this message finds you well. I've been trying to come up with a way that McGraw Hill can support teachers and students if/when this course becomes a reality.

I've pulled together a few options and would like to know if you happen to have time on Friday morning to meet with me? I'll be in Okaloosa on Thursday and would be heading right through Santa Rosa as I head home on Friday morning.

I just wanted to discuss what you know about this proposed course, the status of it, and perhaps what teachers may need to actually "teach" this course.

Please let me know if you are available.

Thank you!

Subject: Textbook Adoption Restart Results

Good morning,

Thank you all so much for your time and support of our math adoption restart.

After reviewing materials and our stakeholders' input, the following publishers/texts are being recommended to move forward.

Elementary School

1 McGraw Hill

Middle School

1 Big Ideas Learning

Algebra 1, Geometry, Algebra 2

1 Big Ideas Learning

Probability and Statistics Honors

1 Savvas Learning Company: Stats: Modeling the World

Math for College Algebra

1 Houghton Mifflin Harcourt: College Algebra

Math for College Statistics

1 Savvas Learning Company: Elementary Statistics

Precalculus Honors

1 Cengage Learning: Precalculus with Limits

Calculus Honors

1 Savvas Learning Company: Calculus: Graphical, Numerical, Algebraic 6e

Math for Data and Financial Literacy

1 Cengage Learning: Financial Algebra Tax Update

Thank you all for submitting for our adoption process and for sharing your products with our teachers. I know the amount of time and support each of you place behind your products and it's greatly appreciated by all of us here.

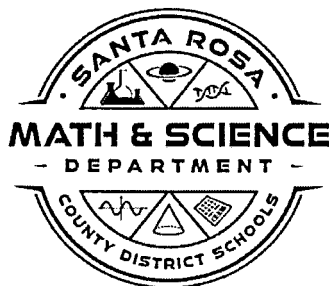

Thank you for your time and support of Florida teachers.

Serving Together,

Jeffery Baugus

Subject: Textbook Adoption - Restart

Good morning,

Due to an error in our Instructional Materials Evaluation process, our board attorney has advised us to restart our Math Textbook Adoption. This new adoption process will take place through March 7th.

To participate, all publishers must do the following:

1. Send a complete basic teacher and basic student package for each grade level/course listed in the attached document to the address below no later than **Feb. 18, 2022**. Email me if there will be any delays. Mail packages to:

Jeffery Baugus
6032 Hwy 90
Milton, FL 32570

2. Send me digital access information for teacher access and public access for each course no later than **Feb. 17, 2022**. (Public access accounts should expire at the conclusion of the adoption process or revert to student only access.)

3. Send me a 30-minute video presentation reviewing your program no later than **Feb. 24, 2022**.

4. Email me the following no later than **Feb. 17, 2022**:

- For teacher use - components of basic teacher and student packages for each title. This should NOT contain pricing information.
- For district use - packages and pricing that will be submitted to the Florida School Book Depository for state adoption. The list should include itemized components and free with order list.

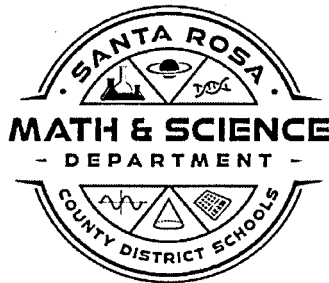

Thank you all in advance for your time and support.

Please reach out if you have any questions.

Subject: Textbook Adoption Restart Results

Good morning,

Thank you all so much for your time and support of our math adoption restart.

After reviewing materials and our stakeholders' input, the following publishers/texts are being recommended to move forward.

Elementary School

1 McGraw Hill

Middle School

1 Big Ideas Learning

Algebra 1, Geometry, Algebra 2

1 Big Ideas Learning

Probability and Statistics Honors

1 Savvas Learning Company: Stats: Modeling the World

Math for College Algebra

1 Houghton Mifflin Harcourt: College Algebra

Math for College Statistics

1 Savvas Learning Company: Elementary Statistics

Precalculus Honors

1 Cengage Learning: Precalculus with Limits

Calculus Honors

1 Savvas Learning Company: Calculus: Graphical, Numerical, Algebraic 6e

Math for Data and Financial Literacy

1 Cengage Learning: Financial Algebra Tax Update

Thank you all for submitting for our adoption process and for sharing your products with our teachers. I know the amount of time and support each of you place behind your products and it's greatly appreciated by all of us here.

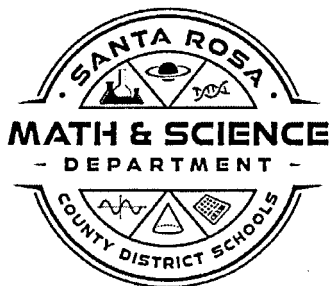

Thank you for your time and support of Florida teachers.

Subject: Textbook Adoption - Restart

Good morning,

Due to an error in our Instructional Materials Evaluation process, our board attorney has advised us to restart our Math Textbook Adoption. This new adoption process will take place through March 7th.

To participate, all publishers must do the following:

1. Send a complete basic teacher and basic student package for each grade level/course listed in the attached document to the address below no later than **Feb. 18, 2022**. Email me if there will be any delays. Mail packages to:

Jeffery Baugus
6032 Hwy 90
Milton, FL 32570

2. Send me digital access information for teacher access and public access for each course no later than **Feb. 17, 2022**. (Public access accounts should expire at the conclusion of the adoption process or revert to student only access.)

3. Send me a 30-minute video presentation reviewing your program no later than **Feb. 24, 2022**.

4. Email me the following no later than **Feb. 17, 2022**:

- For teacher use - components of basic teacher and student packages for each title. This should NOT contain pricing information.
- For district use - packages and pricing that will be submitted to the Florida School Book Depository for state adoption. The list should include itemized components and free with order list.

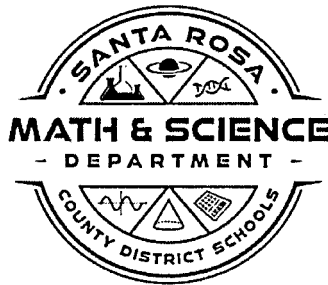

Thank you all in advance for your time and support.

Please reach out if you have any questions.

Subject: (EXT) Results

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Hey there Jeff!

Mike forwarded the final results to me this morning. Glad to see that we held on for K-5 ... at least I know those kids are safe! 😊 HA!

I completely understand the rationale you shared with me for the 6-12 decision and while I don't like it, I totally understand. Just keep in mind that ALEKS can be used with ANY program out there and is correlated to the Big Ideas books so ... if you are in need at any time for something that can really personalize the instruction, help close gaps, allow for additional practice, and accelerate those who need it, please consider ALEKS. 😊

And ... I'm still working on info for the ACT Prep Class for you!

Stay tuned.
Shelly

Subject: Next Steps

Hey everyone,

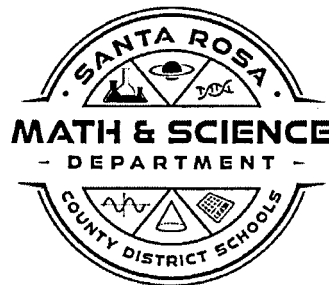

Congrats on being chosen to move forward. In preparation for next steps, would you please help me with the following?

1. We need to work on getting order forms ready to go for our bookkeepers. Please schedule a time to connect with Floyd Smith, Patti Frost, and myself to discuss package options and look over the order form. Overall, we want the order form to be user friendly and just require the bookkeeper to enter then number of student editions and teacher editions needed. Please choose one of the times for March 25th on [this sign up form](#).
2. Please email me to arrange a different time to connect to talk through the PD rollout for your series.
3. As you close out your adoption reviews, if you have any left over samples in the areas we adopt, I'd be happy to take them off your hands. We know our teachers will put them to good use over time.

Thanks so much!

4. Email me the following no later than **Feb. 17, 2022**:

- For teacher use - components of basic teacher and student packages for each title. This should NOT contain pricing information.
- For district use - packages and pricing that will be submitted to the Florida School Book Depository for state adoption. The list should include itemized components and free with order list.

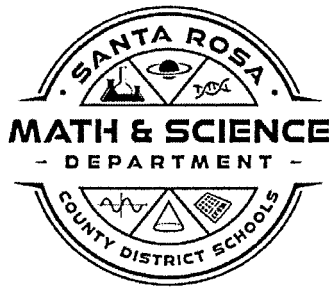

Thank you all in advance for your time and support.

Please reach out if you have any questions.

Michael

Good afternoon. Looking at the price list you sent, are those prices for digital only or does include a "hard" book?

For instance, looking at middle school its \$15.00/student--high school is \$22.00.

CAUTION!!! This Message originated OUTSIDE the district. CAUTION!!!

Hey there Jeff!

Mike forwarded the final results to me this morning. Glad to see that we held on for K-5 ... at least I know those kids are safe! 😊 HA!

I completely understand the rationale you shared with me for the 6-12 decision and while I don't like it, I totally understand. Just keep in mind that ALEKS can be used with ANY program out there and is correlated to the Big Ideas books so ... if you are in need at any time for something that can really personalize the instruction, help close gaps, allow for additional practice, and accelerate those who need it, please consider ALEKS. 😊

And ... I'm still working on info for the ACT Prep Class for you!

Stay tuned.

Shelly

Subject: FCTM 2023 Conf

Hey Shelly,

I just finished our first conference committee meeting for the 2023 conference. I'll be serving as the program committee chair and I wanted to reach out, following our conversation last week, and see if McGraw-Hill might be able to sponsor John SanGiovanni as our closing session speaker. The closing session would be the late morning of June 17, 2023, and the conference will be held at the Caribe Royale Hotel in Orlando. I'll still need to pass things through the committee for approval, but just wanted to see if it's a possibility first.

Could you let me know if that's a possibility? Thanks so much for your time and support!

Serving Together,
Jeffery Baugus
