

Schaumburg Police Department BULLETIN

NUMBER: B 14-051

INDEXED: Automated License Plate Reader (ALPR)
RELATED DIRECTIVES:
RESCINDS:

ISSUED: 12 DEC 2014
EFFECTIVE: 12 DEC 2014

To All Personnel:

All police officers assigned to patrol shall be trained in the use of the ALPR. Supervisors are required to assign the vehicle each patrol shift. An officer assigned to the ALPR vehicle for their shift shall sign on and utilize the system for the duration of their shift. Officers must utilize the UCR code 7768-ALPR Activation when an incident is generated which involves the use of the ALPR.

In addition to normal patrol activities, consideration should be given to having the car respond to major crimes to gather possible offender and witness information. Special requests may be made for projects, investigations, etc. through the ALPR coordinator. The ALPR coordinator will submit a quarterly report to the Patrol Commander detailing the use and successes of the ALPR.
