Yes I can...but I think you might have to do a public request through Di.

Di is this the case?

Sara may be able to. I would normally check the OSPI report, but, as Arianna pointed out, there won't be a report listed for North City until next year.

Hi, Arianna.

Unfortunately, I'm not fluent enough with our student information system to whip out reports of data like this. (One day soon, perhaps!) I can tell you that we are at 276 students as of today.

Since you need this soon for your graduate course work, I'm copying Sara and Curtis at the district, in case this is information they have at their fingertips.

Sara and Curtis, if this is easy for you to provide to Arianna, our student teacher, that would be awesome to help her out! If it's time consuming, she can pull the data from one of our feeder neighborhood schools as representative of our student population.

Thanks,
Racehl

Hey Rachel,

I'm doing an assignment for school and was asked to gather the following information. I attempted to check the OSPI website for our schools report card but being a new school I couldn't find it. Would you be able to help provide this information, or direct me to someone who could? Thanks so much!
