Hello all!

As you may know, Monday we will begin offering curbside pickups at the Johnson Road library. While the system is not delivering materials yet, we will be able to provide materials from both libraries. Our customers may place orders online or call the direct line to the JR customer service desk 618-501-4798. We are currently only offering this service to our library card holders, but once system delivery between libraries starts back up we will offer it to any library card holder. Since we may only pull from our collections, there will be a limit of 5 items per library card. We will also be providing readers' and watchers' advisory for our customers who just like to browse or the item they want is checked out. The pickups will be scheduled during our pickup hours and will be contactless.

Please share this information with your friends and family, and let them know we are working toward providing more library services as safely and quickly as possible. We will be waiting for their calls on Monday!

If you have any questions, please let me know.

Thanks!

Betsy
