To: staff <staff@smrld.org>, Board <board@smrld.org>

Recently I received an email from ILA regarding their support for vaccine eligibility for library workers. In their message, they included a template and encouraged local libraries to contact their county health departments for this same reason. Here's the letter they sent to Dr. Ezike at the Illinois Department of Public Health: [https://www.ila.org/content/documents/ila\\_idph\\_vaccines\\_for\\_librarians.pdf](https://www.ila.org/content/documents/ila_idph_vaccines_for_librarians.pdf)

Adapting their template to our specific situation, today I sent the attached letter to Toni Corona, Director of Public Health at Madison County Department of Public Health. I've served on the Madison County Sherriff's TRIAD county-wide committee for senior services over the past year with Toni and we have had several positive conversations. I hope that she can prioritize library workers in the same category as other public services.

Just wanted to keep you updated.  
Tina
