[REDACTED] (Kid we don't like)

So me and [REDACTED] were walkin [REDACTED] to lunch then we hear "watch this" to [REDACTED] friend then [REDACTED] When he gets closer to [REDACTED] he says "i fucking hate black People" We were really confused but we ignored it at first then we saw him again at the court yard again so me [REDACTED] and [REDACTED] all went up to him and asked him why he said that and he said "that wasn't me that was my friend" So me and [REDACTED] went up to the Person he pointed at and the kid was very confused and said he wasn't ever there at this point we all let it go but when all 5 of us were in the lunch line [REDACTED] was in front of us and turned around and asked "hey we cool?" we all said no and asked [REDACTED] why he lied about saying it was his friend [REDACTED] replied with "wait you went up to my friend?!" and all of us said yes and we know it's you, he said "okay yes it was me but it was just a joke"

"that a joke?" and "thats not funny" at this time seemed like [REDACTED] was getting mad and he was saying things like "it's not a big deal", "take a joke" and even threw in "i feel like i'm gonna get [REDACTED] jumped" we all stopped and told him to stop talking to her, and [REDACTED] just kept pushing, it was weird it's like he wanted us to do something. At this point we all just let it go it wasn't worth getting suspended for. It was very upsetting for me because although I don't personally experience racism but I see it all the time with [REDACTED] and it makes me sad and mad and I want to stop it. I hope [REDACTED] gets in trouble because they never do and it needs to stop.

I was walking from 3rd period to A lunch and was talking with my friend rotten when I was talking about how much I "hate black people" a girl heard it and later confront me in the commons with a group of people that looked pretty intimidating. She asked if I said I hate black people and I said no but she kept persisting and I said "yes" I did but I was just talking to her. She said I'm not allowed to say that but I said I was talking with my friend and not with her. I went to get lunch and they also came up behind me and some guy from the group kept pushing up against me trying to start something.

Jett Johns

Walking to lunch from 3rd period Jett told his friend to "watch this" and as he walked past me said "I fucking hate black people". I turned around after and asked him and his friend what he said and why but he said he didn't say anything then asked if he was getting jumped. In the lunch line he tried to say he was joking and we went back and forth say it's not a joke.
