See my responses next to each kid's name in green below... [REDACTED] is the only one on that list who will need a bussing change.

[REDACTED] not in the system: Because he isn't registered – I still haven't been able to get hold of them, but I'm fairly certain he would be Parent Transport anyway.

[REDACTED] I have him routed to/from home address: Perfect

[REDACTED] not routed parent transported: Perfect

[REDACTED] I have him routed to/from home address: He is an Extended Day student, being served at both TF and CE – Needs AM bussing to TF, Mid-Day bussing from TF to CE, and PM bussing home from CE (I believe that's what was on the request form Bethanie Aguilung sent last spring).

[REDACTED] not in system: Sarah hasn't gotten him in skyward yet, but he's a Parent Transport anyway.

Subject: K.L. & new students' bussing

Hi Andra,

You can ignore the voicemail I left asking if you had a form for [REDACTED] Mom had thought she filled it out, but it was just the Gen Ed bussing form that was in the registration packet. I've sent a request to Andrea Seda.

Regarding my other new students, Cheri asked me to send you an email confirming who did or didn't need busing. Here's what I know so far:

- [REDACTED]: Last I knew, the parents were going to self-transport. They haven't registered or returned phone calls to Cheri, and when I tried to call the voicemail box was full. I don't know if he'll even come.

- [REDACTED]: I remember helping mom fill out the form with an interpreter; so that was sent over with my roster last spring.

- [REDACTED]: I left a voicemail double-checking with them regarding transportation this, but haven't heard back yet; I am pretty sure they didn't want bussing, but I will verify and send a form if needed as soon as I hear back.

- [REDACTED]: Was in Bethanie's class last year and is adding preschool with me in the PM. Bethanie is case manager so I believe she sent a form for him with her roster last year.

- [REDACTED]: New transfer student, parents will be self-transporting.

Let me know if there's anything else you need,
Brehanna Fraser-Bumatay,
