Hi Andra,  
 You can ignore the voicemail I left asking if you had a form for [REDACTED]. Mom had thought she filled it out, but it was just the Gen Ed bussing form that was in the registration packet. I've sent a request to Andrea Seda.

Regarding my other new students, Cheri asked me to send you an email confirming who did or didn't need busing. Here's what I know so far:

- [REDACTED]: Last I knew, the parents were going to self-transport. They haven't registered or returned phone calls to Cheri, and when I tried to call the voicemail box was full. I don't know if he'll even come.
- [REDACTED]: I remember helping mom fill out the form with an interpreter; so that was sent over with my roster last spring.
- [REDACTED]: I left a voicemail double-checking with them regarding transportation this, but haven't heard back yet; I am pretty sure they didn't want bussing, but I will verify and send a form if needed as soon as I hear back.
- [REDACTED]: Was in Bethanie's class last year and is adding preschool with me in the PM. Bethanie is case manager so I believe she sent a form for him with her roster last year.
- [REDACTED]: New transfer student, parents will be self-transporting.

Let me know if there's anything else you need,  
 Brehanna Fraser-Bumatay,
