Attached is the information you (Washington National Guard) requested (all students at Snohomish School District high schools) on November 9, 2021. Those students who have designed "no" to release of information on a district-level have been excluded. The only releasable information is student name, address (physical and e-mail), phone number and grade. Teacher name and parent info are not releasable per law. I have cc'd the principles and administrative assistants from our high schools - Eric Cahan, Jeff Larson, Doug Pucker, Sherri Pickett, Tiffany Sturlaugson and Linda Hardy - on this information request.

Please note that release of this information to you is for your organization's recruitment efforts.
