Re: Public Records Act Request

Dear Mr. Olsen:

This letter is in response to your California Public Records Act request dated April 10, 2020, seeking records related to the numbers of children referred to child-find, evaluated for disability(s), determined to disability(s), and/or served. Your request is currently being reviewed and the appropriate departments have been contacted to determine if disclosable records relevant to your request exist.

As required under California Government Code section 6253, the District will make a *determination* within 10 days as to whether or not a request is seeking records that are publicly disclosable and, if so, to provide the estimated date that the records will be made available. There is no requirement for a public agency to actually *supply* the records within 10 days of receiving a request, unless the requested records are readily available. Still, the District prides itself on always providing all publicly disclosable records in as timely a manner as possible.

I am the assigned paralegal on this matter. Should you have any questions, please contact the Office of the General Counsel at (213) 241-7600 and reference the following OGC Control number: # 0055676.

Sincerely,

Rameses Arias
