- b. **LAWS:** Contractor and all Goods and Services delivered under this Contract will comply with all applicable federal and state of Utah laws, including applicable licensure and certification requirements. Notwithstanding anything in this Contract to the contrary, in the event of a conflict between this Contract and applicable law, applicable law shall govern.
- c. **SOVEREIGN IMMUNITY:** The Division and the State of Utah do not waive any protection, right, defense or immunity under the Governmental Immunity Act of Utah, Utah Code §§ 63G-7-101 to 904, as amended, the Eleventh Amendment to the Constitution of the United States, or otherwise, from any claim or from the jurisdiction of any court.

Automatic renewals are prohibited and are deemed void even if listed elsewhere in this Contract.
- i. **DEBARMENT:** Contractor certifies that it is not presently nor has ever been debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any government department or agency, whether international, national, state, or local. A change of available funds includes, but is not limited to, a change in Federal or State funding, whether as a result of a legislative act or an order of the President, the Governor, or Executive Director.

The Division or Eligible User, as applicable, will reimburse Contractor for the Goods or Services properly ordered and delivered until the effective date of said notice. - k. **ENTIRE AGREEMENT:** This Contract is the entire agreement between the parties, and supersedes any prior and contemporaneous agreements and understandings between the parties, whether oral or written.
- l. **WAIVER:** The waiver by either party of any provision, term, covenant, or condition of this Contract shall not be deemed to be a waiver of any other provision, term, covenant, or condition of this Contract nor any subsequent breach of the same or any other provision, term, covenant, or condition of this Contract. - n. **TRAVEL COSTS:** Unless otherwise agreed to in the contract, all travel costs associated with the delivery of Services will be paid in accordance with the Utah Administrative Code R25-7. Invoices containing travel costs outside of these rates will be returned to the Contractor for correction.
- o. These Terms & Conditions are on the State of Utah's form and have been drafted primarily for the protection of the State of Utah. The State of Utah acknowledges that Contractor has voluntarily forgone the usual opportunity to negotiate these Terms & Conditions in order to commence Services as soon as possible. In every case this Contract shall be construed and interpreted in accordance with the forgoing context and fairly toward Contractor. This Contract is subject to a covenant of good faith and fair dealing. In light of the foregoing circumstances, in the event of Contractor's breach of this Agreement, subject to the State of Utah's indemnification and warranty rights set forth in Section 10 and Section 13 herein, the State's sole and exclusive remedy shall be termination of this Agreement in accordance with the terms contained herein.
3. **RECORDS ADMINISTRATION:** Contractor shall maintain or supervise the maintenance of all records necessary to properly account for Contractor's performance and the payments made by an Eligible User to Contractor. Contractor shall allow, at no additional cost, State of Utah auditors, federal auditors, Eligible Users or any firm identified by the Division, access to all such records. Contractor must refund to the Division any overcharges brought to Contractor's attention by the Division or the Division's auditor and Contractor is not permitted to offset identified overcharges by alleged undercharges to Eligible Users.
4. **CERTIFY REGISTRATION AND USE OF EMPLOYMENT "STATUS VERIFICATION SYSTEM":** This Status Verification System, also referred to as "E-verify", requirement only applies to contracts issued through a Request for Proposal process and to sole sources that are included within a Request for Proposal and this Section 4 is deemed inapplicable to this Agreement.
- 1) Contractor certifies as to its own entity, under penalty of perjury, that Contractor has registered and is participating in the Status Verification System to verify the work eligibility status of Contractor's new employees that are employed in the State of Utah in accordance with applicable immigration laws including Section 63G-12-302, Utah Code, as amended.
 - 2) Contractor shall require that the following provision be placed in each subcontract at every tier: "The subcontractor shall certify to the main (prime or general) Contractor by affidavit that the subcontractor has verified through the Status Verification System the employment status of each new employee of the respective subcontractor, all in accordance with applicable immigration laws including Section 63G-12-302, Utah Code, as amended, and to comply with all applicable employee status verification laws. Such affidavit must be provided prior to the notice to proceed for the subcontractor to perform the work."
 - 3) Contractor's failure to comply with this section will be considered a material breach of this Contract.
 - 4) Contractor shall protect, indemnify, and hold harmless the Division, the Eligible Users, and the State of Utah, and anyone that the State of Utah may be liable for, against any claim, damages, or liability arising out of or resulting from violations of the above Status Verification System Section whether violated by employees, agents, or contractors of the following: (a) Contractor; (b) Subcontractor at any tier; and/or (c) any entity or person for whom the Contractor or Subcontractor may be liable.

Contractor has no authorization, express or implied, to bind the Division, the Eligible Users, or the State of Utah to any agreements, settlements, liabilities, or understandings, and shall not perform any acts as an agent for the Division, the Eligible users, or the State of Utah. Contractor is responsible for all applicable federal, state, and local taxes and FICA contributions.
7. **CRIMINAL BACKGROUND SCREENING:** Depending on the Eligible User's policy, each employee of Contractor and Subcontractor may be required to successfully complete a Federal Criminal Background Check, prior to being granted Access to Secure State Facilities, State Data, or Technology. Contractor or the applicable employee shall provide Eligible Users with sufficient personal information (at Contractor's expense) so that a Federal Criminal Background Check may be completed by the Eligible User, at Eligible User's expense. The Eligible User will provide Contractor with forms which must be filled out by Contractor and returned to the Eligible User. Each employee of Contractor or a Subcontractor who will have Access to Secure State Facilities, State Data, or Technology must be fingerprinted by the Eligible User or local law enforcement a minimum of one week prior to needing access. At the time of fingerprinting, said employee shall disclose all felony or misdemeanor convictions. Eligible Users may conduct a Federal Criminal Background Check based upon the fingerprints and personal information provided and use this same information to complete a Name Check in the Utah Criminal Justice Information System (UCJIS) at least every two years. Eligible Users may revoke Access to Secure State Facilities, Data, and Technology granted in the event of any negative results. Contractor and the employee or subcontractor shall immediately notify Eligible Users if an arrest or conviction for a felony or misdemeanor of any person that has Access to Secure State Facilities, State Data or Technology occurs during the Contract Period. Eligible Users will determine in its discretion if such person's Access to Secure State Facilities, State Data, or Technology shall remain in effect. Felony and misdemeanor are defined by the laws of the State of Utah, regardless of where the conviction occurred. (DTS Policy 2000-0014 Background Investigations). The parties agree that this Section is inapplicable to this Agreement.

Any indemnity obligations of the Division, Eligible Users, or the State of Utah are subject to the Constitution of the State of Utah and the Act and limited to claims that arise from and to the extent caused by the negligent acts or omissions of the Division or the Eligible Users in the performance of the Division's or the Eligible User's obligations under this Contract.

Additionally, if such a claim or liability is based upon an allegation that a Good, Custom Deliverable, or Service furnished by Contractor infringes on any right protected by any patent, copyright, trademark, trade secret, and/or proprietary right, Contractor shall indemnify and hold harmless the Division, the Eligible Users, and the State of Utah for any judgments, settlements, costs, and reasonable attorneys' fees resulting from such a claim or liability. Contractor shall defend all actions brought upon such matters to be indemnified hereunder and pay all costs and expenses incidental thereto; however, the Eligible Users shall have the right, at its option, to participate in the defense of any such action at its own expense without relieving Contractor of any obligation hereunder. Contractor must provide proof of the above listed policies within thirty (30) days of being awarded this Contract.

37. ASSIGNMENT/SUBCONTRACT: Contractor will not assign, sell, transfer, subcontract or sublet rights, or delegate responsibilities under this Contract, in whole or in part, without the prior written approval of the Division, except (a) subcontracting or delegating in the ordinary course of business, (b) to affiliates, or (c) in connection with a sale of all or substantially all of the business of Contractor or the spin-off or divestiture of any operations thereof.

Time allowed for cure will not diminish or eliminate Contractor's liability for damages. If the default remains, after Contractor has been provided the opportunity to cure, the Division may exercise any remedy provided by law; terminate this Contract and any related contracts or portions thereof; (c) impose liquidated damages, if liquidated damages are listed in the contract; (d) suspend or debar Contractor from receiving future solicitations; or (e) demand a full refund of the Goods, Custom Deliverables, or Services furnished by Contractor that are defective or Services that were inadequately performed.

Utah COVID-19 Tracker Proposal

Problems: 1) Can we discover who's had contact with people who tested positive for COVID-19? 2) Can we use technology to help state officials identify transmission networks and make decisions about where to deploy testing and containment resources? 3) Can we help Utah residents and businesses protect themselves and each other?

Proposed Solution

Twenty Holdings, Inc. proposes to repurpose its technology to deliver a solution in two parts:

1. **Mobile Applications:** State of Utah-branded mobile applications built on the Twenty technology platform that motivates Utah citizens to share symptoms and real-time location data with the State.
2. **Official Portal:** A healthcare official portal that provides state officials and health workers with access to real-time data of probable infection hot-spots to more surgically deploy testing, quarantines, and other medical efforts. A dashboard of "green zones" and "red zones" will be modeled using COVID-19 test result data, and the symptom and location data generated by the mobile application. Specific data imports, exports, dashboards, and visualizations can be generated based on state official requirements, depending on those solutions that are reasonable available for Twenty to provide.

iOS and Android Mobile Applications

Twenty will build mobile applications that display COVID-19 outbreaks, alert users if they have been exposed to someone who tested positive for COVID-19, and records their daily symptoms. Functionality includes:

- **Location Sharing and Alerts.** Allow users to privately and securely share their real-time location information and receive alerts if they've been exposed to COVID-19.
- **Daily Symptom Reports.** Ask users, "How are you feeling?" on a daily basis and prompt symptomatic users to share specific symptoms. Highest risk cases can be given instructions on how to get tested.
- **Hot Spots.** Display areas where known COVID-19 hot-spots exist, based on real-time testing data, user location data, and symptom response data.

Official Web Portal

The purpose of the Official Portal is to aggregate and display application user-data and COVID-19 testing data. Visualizations and reports will allow state officials to make decisions regarding targeting testing and containment resources.
