DR. STEVENS!

I feel like I haven't seen you in a million years!!!! I hope you are well! A couple things:

1. I had a Peer Ambassador Training scheduled for today for Watervliet but nobody showed up haha. It was virtual so I'm thinking maybe it needs to be in person. I'd need like 30 min and there were 5 students total who were interested. Would I be able to pull them during a school day like during lunch or something to do the orientation and get them going?

2. On the afternoon of Wednesday, 2/9 we will be receiving a visit from NYSDOH to audit our SBHCs for the Vaccines for Children (VFC) Program. Barbara Joyce will be joining me on site at each school to look over our storage units and discuss cases with our providers. I wanted to give you a heads up and also confirm that we will follow any check-in procedures at your building and mask appropriately, etc. If anything changes at that time or in-person visits are restricted please let me know and I'll request we complete the visit virtually. This audit is important to keep vaccines in our schools and available to all students.

If you have any questions please let me know. Thank you for your partnership and support! J

Amanda

Hi-

It has been forever! Hope all is well.

1- Of course you can come in for an in-person peer ambassador training. What grade level are the students? We can schedule it near their lunch and get you a space.

2- No problem with the DOH visitor, as long as the same safety protocols are followed.

Thanks!

Meg -

Can you help identify a time that the students below can meet with Amanda from Whitney Young Health for a Peer Ambassadors Training. She said she tried to do it virtual today and no one attended, so she's looking to set up 30 minutes in-person to get them set up.

Thanks!

Yes- of course. I also have one more for her.

I emailed her over a week ago and didn't hear back which wasn't like her. I will contact her again Monday to handle it.

Thanks for the heads up.

M
