To Whom It May Concern:

Pursuant to the Washington Public Records Act, I hereby request the following records:

Digital copies of all video recordings of internet-based video calls, meetings, training sessions, town halls, school board meetings, and google classroom sessions in the District's care, custody, or control recorded between the dates 01-01-20 through 05-01-24.

To clarify, if the District is in possession of any digital recordings of Zoom meeting calls, Skype Sessions, Google Duo calls, Slack, Gotomeeting, etc. (any recorded internet-based video communication/presentation/instruction product) for the period of time 01-01-20 through 05-01-24 I am requesting a digital copy to be produced via internet web link.

The District search for these digitally recorded videos should include all computers and digital storage devices owned, operated, or controlled by the District.

The District search for these digitally recorded videos should also include a search of all computers and digital storage devices owned, operated, or controlled by District employees if the digital video was recorded on equipment provided to the employee by the District, or if the digital video recording contains content relating to District agency related matters.

I request the digital video files to be delivered unedited whenever possible and in the original digital file format in which the files were originally recorded and stored.

The requested documents will be made available to the general public, and this request is not being made for commercial purposes.

In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 5 business days, as the statute requires.

Sincerely,

Anon Request
