**NARRATIVE****SYNOPSIS:**

On December 1, 2016, I responded on an Active Shooter at Mueller Park Junior High School located at 955 East 1800 South in Bountiful. There were reports of shots fired coming from within the school. Upon arrival, I entered into the school and heard what appeared to be yelling coming from the southwest hall of the school. I observed three adults and one juvenile male who was later identified as [REDACTED]. I took [REDACTED] into custody without incident. Case Active, Referred to Detectives.

**DETAILS:**

On December 1, 2016, I heard audible Dispatch tones and the reports of an active shooter located at Mueller Park Junior High School located at 955 East 1800 South in Bountiful. I cleared the call I was on and notified Dispatch I was en route.

Upon my arrival to the school, I exited my patrol vehicle and observed two females (unknown ages) running from the school with their heads down. I then entered into the lobby area of the school on the west side and began announcing myself. I did not hear any responses back initially, and then I heard what sounded like yelling coming from down the west hall towards the south side of the building.

After clearing a portion of the office, I looked around the corner down the hall and saw what appeared to be three adults and one juvenile male by the media center down the west hall. As I proceeded to run down the hall, I observed a shotgun and several rounds on the ground. A female identified as [REDACTED] was holding a handgun in her hand. I ordered her to place the handgun on the ground which she did. I also observed what appeared to be a distinct smell of gun powder from the recently fired weapon in the air.

At this point, I began placing handcuffs on the juvenile suspect who was identified as [REDACTED]. I asked [REDACTED] if there were any explosive devices located in the school and if there were any other shooters. [REDACTED] stated there were no explosives and that he was the only shooter.

I then advised the adult male identified as [REDACTED] and an unknown teacher to move away from the weapons and have a seat on a bench in the area. I advised Dispatch that I had a male in custody and for arriving units to respond to my location.

**C****BOUNTIFUL CITY POLICE****CRIME REPORT****Incident: B484839****Report: R2276576****Page: 2 of 2****Case: 2016-003948****NARRATIVE**

As additional units were arriving, I began assigning Officers to hallways while I remained with [REDACTED]. After Incident Command was established, I was advised to move [REDACTED] to the office area where I placed him in a room and remained by him until relieved. Sergeant Alexander with the Centerville Police relieved me and stood over the weapons in the hallway. A Deputy from the Davis County Sheriff's Office relieved me and watched the suspect throughout the duration until he was transported to [REDACTED] by Detective Gill.

While sitting in the room with [REDACTED], he made statements about how his life is over now because of what he had done.

Upon being relieved in the room with [REDACTED], I was requested to assist Lieutenant Edwards with public information and media.

I remained in that assignment until I was reassigned to assist with students being taken to the cafeteria and then assisted in directing students to where they would meet with their parents and school officials.

This concludes my involvement in this case.

Detectives took custody of [REDACTED] and transported him to the [REDACTED] where he was booked in on several charges.

See supplemental reports for additional information.

### NARRATIVE

Supplement - Officer Plowman

#### SYNOPSIS:

On 12/1/16 I responded to Mueller Park Jr High at 955 E 1800 South on report of a Weapon Offense. I assisted holding security on hallways until cleared by Command. I assisted Davis County Deputy Schlager in a consent search of the suspect's bedroom. I secured two computers, a handycam camcorder, and a black notebook. The notebook had statements [REDACTED]

#### NARRATIVE:

On 12-1-16 at 0815 hours, I responded to Mueller Park Junior High at 955 East 1800 South on report of a Weapons Offense. Dispatch advised a juvenile male had discharged a weapon inside of the Junior High School.

Upon my arrival I retrieved my duty rifle from my vehicle and made entry into the school with Officer Moulton through the west doors. Officer Moulton and I made our way to where Officer Smith was securing the juvenile male. At this time I held security on the hallways and on the bathroom that I was advised possibly had an explosive device in a backpack inside the bathroom. I held security until being relieved by other Officers and the Davis County Bomb Squad.

I made contact at Command and waited until I was asked to follow the family of the suspect to their residence at [REDACTED]. While at the residence I was advised by Detective Nielson and Davis County Deputy Schlager to collect and secure electronic devices located in the bedroom of the suspect, [REDACTED]. I was advised that both parents had given consent for [REDACTED] bedroom to be searched. Deputy Schlager took pictures of the room along with the items located for evidence. These items are as follows:

1. Sony Vaio Computer Tower
2. Silver Computer Tower (unknown make)
3. Sony Handycam Camcorder
4. Top Flight Wide Ruled Notebook

At this time I used my body camera to document the writing inside the notebook talking about possession of a 9 mm handgun along with another gun and stating that something would happen tomorrow.

I secured these evidence items and transported them to the Bountiful Police Department.

At this time I took pictures of the Serial Numbers of the Sony Vaio Computer Tower and the Sony Handycam Camcorder. I turned the camera card over to Detective Gill.

Officer Activity on: **12/01/2016** From: **08:13** To: **15:00**

### NARRATIVE

Supplement - Officer Moulton

#### SYNOPSIS

On 12-1-16 I assisted on a school shooting at Mueller Park Junior High School at 955 East 1800 South. I assisted with security while the suspect was taken into custody and then with clearing the class rooms.

#### NARRATIVE

On 12-1-16 at 0313 hours, I responded to Mueller Park Junior High at 955 East 1800 South on report of a Shooting. Dispatch advised that they had received a call that there was a student with a gun and a shot had been fired. Dispatch said the student was with his parents and they had taken the gun from him.

#### OFFICER ARRIVAL AND OBSERVATIONS

I responded from the west and entered through the main entrance on the west side of the school. I deployed with my patrol rifle at this time. We had been advised that Officer Smith was on scene and had contact with the suspect. After entering the school I saw Officer Smith at the south end of the west hall and I responded to his location. I saw 3 adults sitting on a bench near him and he was in the process of taking a juvenile into custody and I provided security for Officer Smith while this happened. While he was being taken into custody the juvenile made mention of his backpack with his school belongings that he had left in a bathroom. A short time later we escorted him to the office and placed him the "sick room".

Lying on the floor in the hall near where the juvenile was taken into custody, I saw a shotgun, as well as a handgun on the ground with lose shotgun rounds and what appeared to be a PMC brand box of ammunition near the handgun. I did not move or touch these items.

During this time I did not ask the juvenile or adults in the hall any questions.

#### OFFICER ACTIONS

After more Officers arrived I assisted in retrieving a master key for the school from an individual in room number 144. After this I assisted in clearing the classrooms in the "west hall" and making sure no one else was injured.

After this I assisted in searching the roof for any people or suspicious activity.

After the initial clear of the school was done, I assisted with a secondary clear of some of the class rooms in the "east hall" and then held security at room #164 while students were called down to be released to their parents.

When I was released from this assignment, I then went to the main entrance of the school and assisted with getting students from the school to the parent staging area to be picked up by their parents. I then did traffic control at 900 East 1800 South until the incident was deemed to be over.

This concludes my involvement in this.

No further action taken by me.

### NARRATIVE

Supplement - Detective Nielson

On 12-1-16 I received an alert on my phone informing me through KSL app that there was an active shooter situation going on at Mueller Park Junior High School in Bountiful City. At the time I was in a training session with Detective Oberg and once notified of the active shooter situation, I informed Detective Oberg and we left the training and responded to Mueller Park Junior High.

As we arrived I put on my tactical gear, grabbed my rifle and responded and reported to the Command Center. After reporting to the Command Center, I was asked to assist in conducting interviews and help with the investigation. I was teamed up with Detective Owens from Kaysville Police and asked to start interviews with witnesses.

The first interview I conducted was with [REDACTED], a math teacher at Mueller Park Junior High. [REDACTED] informed me that she had contact with the suspect's parents and was talking to them about [REDACTED] skipping her class this morning. [REDACTED] said her math class is [REDACTED] first period class. [REDACTED] said while talking with [REDACTED] parents they heard a loud boom. [REDACTED] said the boom came from a class room two classes to the south of her class, down the main hall just south of the main office. [REDACTED] said [REDACTED] parents appeared to know what the boom was and immediately ran to the class where the sound came from. [REDACTED] said she told her students to lock down and she closed her class room door and verified it was locked, locking her kids inside. [REDACTED] remained outside the class and was watching down the hall and said [REDACTED] parents had pulled him out of the class room and was holding a shotgun.

[REDACTED] said she watched down the hall as [REDACTED] parents had pulled him out of the classroom that he was in and had removed a .12-gauge shotgun and a handgun from his waistband. [REDACTED] said she started to walk toward [REDACTED] and his parents and as she approached she noticed [REDACTED] father had him with his hands behind his back and pushed up against the locker removing other items such as a cell phone and a camo bag from off his person. [REDACTED] said the only thing she could hear was [REDACTED] mother telling him how much she loved him and explaining to him that she and his father did not know when they would see him again.

[REDACTED] said she did not hear any other conversations, and that a Bountiful Police Officer, who was later identified as Officer Smith, was already on scene and had placed [REDACTED] into handcuffs and taken him into custody.

[REDACTED] said she had heard from other teachers and or a counselor that [REDACTED] had, in the past threatened violence at a school in the [REDACTED] school district. [REDACTED] did not know any exact details as to what that past aggressive history may have been. [REDACTED] explained that [REDACTED] has been a troubled child in her class and she constantly would battle with him every day in doing classroom activities, and dealing with his disruptive and disrespectful behavior within the class and towards her personally. [REDACTED] did not have any further information to give us at that time. We then released her to go back to her classroom to help with her kids.

After the interview, Detective Owens and I felt that it was important to locate [REDACTED] cellular phone, for evidentiary reasons. In our search to find the cellular phone, it was given to us by Detective Moon from the Kaysville Police Department. Once we received the phone we met with the Bountiful City Attorney, along with a representative for the Davis County Attorney's Office regarding the proper consent needed to obtain the information off the cell phone. It was decided that not only getting verbal and written consent from the family, it would be necessary to get a Search Warrant to access [REDACTED] phone.

**S****BOUNTIFUL CITY POLICE****SUPPLEMENTAL REPORT****Incident: B484839****Report: R2252311****Page: 2 of 2****Case: 2016-003948****NARRATIVE**

At that time, I took the cellular phone into my possession and later when I got to the Bountiful Police Department, I gave the cell phone to Detective Gill who was working on the Search Warrant. I was reassigned to work with the Davis School District in obtaining the video surveillance from all cameras that were pertinent to the case. I maintained contact with Blake Haycock with Davis School District Security and when the surveillance video was complete, and at the request of the Davis School District's attorney, I provided them with an Investigative Subpoena and got the surveillance video of the incident at Mueller Park Jr. High School.

I received the video on 12-2-16, from Blake and the Davis School's Attorney after serving them with the Investigative Subpoena. I obtained the Investigative Subpoena from the Davis County Attorney's Office Juvenile Court division and took the Subpoena to Judge Kay who signed it after reviewing the information.

The video surveillance video was provided to me by the Davis County School District on a thumb-drive. I made two copies, one digital, which was placed in the digital file and one on a DVD and given to Detective Hadley and placed in his case file. The original thumb-drive was booked into evidence at the Bountiful Police Department.

This concluded my involvement in this case.

### NARRATIVE

Supplement - Detective Hadley

On 12-1-16 I responded to Mueller Park Junior High on the report of Shots Fired. Upon arrival several units were already on scene. As I entered into the school I was given the task of being the lead investigator on this case.

I met with the Command Post Center and spoke with Lt. Edwards. He gave me the assignment of lead Investigator of the case and to start conducting interviews of the student who had fired the shot and also have the parents of the student interviewed. I also met with Craig Webb from the County Attorney's Office who assisted me in getting investigators arranged to do the interviews. [REDACTED]

I then started to arrange for interviews to be done on the students who were in the classroom where the shot had been fired. Once I was able to obtain some rooms where we could conduct interviews, I began to assign investigators to conduct interviews with the students. Some of the interviews were done by single investigators and others were done by teams doubled up.

It was discovered there were 25 students in the classroom plus one teacher that needed to be interviewed. All the students had been removed from the classroom that the shot took place in and were placed in the counseling room by the office.

We had several agencies involved in this case which included Bountiful PD, North Salt Lake PD, Woods Cross PD, West Bountiful PD, Centerville PD, Kaysville PD, Layton PD, Davis County Sheriff's Office, Davis County Attorney's Office, FBI, South Davis Metro, ATF, and other agencies, plus several members from the Weber County School District.

I learned the suspect in this case was identified as [REDACTED] a [REDACTED]. His parents were identified as [REDACTED]

I was given information before any of the interviews were started that the male suspect had left his residence early in the morning. The parents thought [REDACTED] was acting strangely; he was dressed all in black and wearing a trench coat. After their son left his parents got worried and looked through their house and discovered there were firearms missing from the safe. The parents immediately went to the school looking for [REDACTED]. Upon arrival to the school they went to the office and had him paged and he did not answer the page. They went to his locker, searched his locker, and did not find any firearms in his locker. They then went to his 1st period class where he did not arrive for that class. While they were waiting at the class for him to arrive they heard a bang down the hall approximately two classrooms away. The parents ran towards the noise and saw [REDACTED] inside. The mother grabbed the shotgun from [REDACTED] and the father grabbed [REDACTED] and threw him up against the wall, which he recovered another firearm located in his waistband. The second firearm is a 9mm semi-automatic pistol.

The first arriving Officer on scene was Officer Smith with Bountiful PD. Officer Smith told us he went in and as he went into the school and rounded the corner by the office, he looked down the hallway and saw the individuals involved in the hallway. He went down to that area and placed [REDACTED] into custody and separated the weapons away from all involved parties. See his report for further information.

I also gave the assignment out to the Davis County Sheriff's Department Crime Lab to handle the crime scene and also gather all evidence pertaining to this incident. The crime scene report will be a separate report from this, being the County is handling that part of it.

Investigator Webb and I went in and introduced ourselves to [REDACTED] and informed them that I was the lead investigator on the case and we would like to interview them separately. They agreed to do so.

Once the interviews began [REDACTED] informed investigators that [REDACTED]. [REDACTED] Once we were notified of this no interview had begun yet with [REDACTED]. We decided we would take [REDACTED] back to the Bountiful Police station if needed to isolate him from the area.

**S**

**BOUNTIFUL CITY POLICE**

**SUPPLEMENTAL REPORT**

**Incident: B484839**

**Report: R2192591**

**Page: 2 of 4**

**Case: 2016-003948**

**NARRATIVE**

It was later determined that [REDACTED] would be transported to [REDACTED] and booked in at this time for [REDACTED]. [REDACTED] Detective Gill was given the assignment to take [REDACTED] to [REDACTED] and booked him in. See his report for further details.

Once the interviews began with [REDACTED], it was also discovered that there is a [REDACTED] were separated for some time and had just recently got back together. During the period of separation [REDACTED] had retained custody of the children. We were informed prior to them moving to Bountiful they had been in [REDACTED] and [REDACTED] had attended school in [REDACTED] and also a Charter School. It was also discovered that while [REDACTED] was in [REDACTED] that he had issues down there and had actually written out a hit list of different students he wanted to harm in [REDACTED].

Once I assigned out all the students that were in the classroom to do the interviews with several different investigators, which reports will be following, there was a lot of other information that was learned about [REDACTED] from his friends or people that knew him.

Once the school had been totally searched and determined to be safe, the school district along with Police Department personnel assisted the school in getting students either evacuated out of the school or for them to continue on at school. I knew of an area that was located over by an LDS church across the street on 1800 South where the students were going to be taken to meet up with their parents if they were going to leave. This was determined by Incident Command which was run by Assistant Chief Biehler.

After all the interviews with the students in the classroom were completed it was determined all the investigators would meet back at the Bountiful Police Department for a debrief and to discuss the information learned from the students.

Once we returned to the Bountiful Police Department, I thanked all the agencies for coming out and assisting us with this investigation. We then started to discuss the information that was learned from the investigators and the students. There was one male individual interviewed by Detective Oberg, [REDACTED]  
[REDACTED]  
[REDACTED]

Once I receive all the reports from the investigators, I will examine all of them and complete another report on the key players in this incident.

The general information obtained from several students was that [REDACTED] appeared to have a dark past and that he was not being bullied and did not have any real issues at the school. [REDACTED] did state that he had seen [REDACTED] with the handgun and the shotgun and he was under the impression the guns were [REDACTED] and did not belong to his parents.

After the interviews with [REDACTED] were over they wanted to leave the school. It was determined they were able to leave the school with their other daughter they had at the school. We asked them if it would be possible for us to go over and look in [REDACTED] room. They agreed to let us go over and look in [REDACTED] room. Deputy Schlaeger from Davis County Sheriff's Office and Officer Plowman from the Bountiful PD went to the residence. Officer Plowman took from the residence a black notepad that appeared to be some sort of a journal that belonged to [REDACTED]. There was also a video camcorder that was set up in his room along with two desk top computers. We also have retrieved the phone that belonged to [REDACTED].

Detective Gill wrote a Warrant for us to be able to search the journal, video camera, two computers and the phone which was approved. I started off by looking through the journal. There were several entries in the journal. It is difficult to read. I have photographed and copied the pages out of the journal that were pertinent to this case.

There were four pages out of the journal that had writing on them. The first page is as follows:

[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

The entry continues on as follows:

## SUPPLEMENTAL REPORT

Incident: B484839

Report: R2192591

Page: 3 of 4

Case: 2016-003948

### NARRATIVE

[REDACTED]

The entry continues on as follows:

[REDACTED]

The next page goes with no date and reads as follows:

[REDACTED]

The next page is a letter which reads as follows:

[REDACTED]

This is all the information that was in the journal.

Detective Oberg and I tried to get the video camera to work. It was an older video camera with a 8mm tape. The video camera was dead and we did not have a power cord for it. We were able to find a power cord for the video camera. Detective Oberg, myself and Detective Gill observed the video tape. There is nothing on the video tape other than it is a video tape that appears to have been sent home from a missionary by the name of [REDACTED] and it just shows [REDACTED] while he is on his mission. We watched the entire video tape because it was unknown whether or not it could have possibly been recorded over at the beginning or sometime during the video. We were unable to find any new video recording on the recorder.

I also contacted the [REDACTED] to see if they had any reports involving [REDACTED] while he was down there. I spoke to Sgt. Labrum. He informed me he did have a case with [REDACTED] when he was at [REDACTED] in May of 2014. I told him I had heard there was a hit list that [REDACTED] had made and he confirmed there was a hit list that [REDACTED] had made with kids on it from every place he had lived when he was down there. Sgt. Labrum's case number is [REDACTED]

Sgt. Labrum told me he was contacted by the [REDACTED] Superintendent Mark Dockins concerning a student at the middle school. He said the Superintendent had learned this information from a [REDACTED] [REDACTED] At that time [REDACTED] was a 12 year old student at [REDACTED] and that Charles had reported this to the Principal John Anderson. Sgt. Labrum said in his report while speaking with [REDACTED]

[REDACTED]

Sgt. Labrum told me that he felt there also needed to be something done because of a potential public safety risk and he had [REDACTED] After he had gathered all the information Sgt. Labrum told me he spoke with their County Attorney's Office about this case. The County Attorney's Office decided that [REDACTED] was just in possession of a list and had not carried out any of the follow up that would lead someone to believe he had the actual means or ability to do what he had verbalized to Charles about. The decision was made that no charges would be filed because it didn't rise to the level of a terroristic threat [REDACTED] and no longer living in the area.

I was also advised when we were reviewing all the information gathered by investigators that there was a teacher, [REDACTED] [REDACTED] who had mentioned in the interview that she had been concerned with [REDACTED]

**Incident: B484839**

**Report: R2192591**

**Page: 4 of 4**

**Case: 2016-003948**

**NARRATIVE**

At this time [REDACTED] is being held at [REDACTED] on the above mentioned charges. There is still further investigation that needs to be completed. The phone needs to be analyzed along with the computers to see if there is other information on those devices.

I requested a Subpoena for the records from Davis School District and on 12-7-16 I received the reports from the School District that I requested.

While I am waiting for further reports to come in from the other investigators and agencies, I will continue to investigate the case on getting the equipment analyzed.

**NARRATIVE**

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED] I placed the digital copy of my interview in the folder that had been created on the shared Detective drive for this incident.

I then worked with the Davis County Sheriff's Office Crime Scene Investigation Division to make sure that they had all of the resources that they needed to conduct the crime scene investigation. During that time I was notified that [REDACTED] had a cell phone on his person that was removed from him by his father early in the incident. Kaysville Police investigators ended up with the cell phone and it was turned over to the Davis County Attorney's Office investigators. I passed that information on to Detective Hadley.

I was then notified that there may be a second cell phone in the locker belonging to [REDACTED]. The lock number was [REDACTED]. I went to locker number [REDACTED] to retrieve the cell phone. I was met by a school employee who found the phone in a backpack in the locker. I looked inside the backpack and found a note from the mother of [REDACTED] excusing [REDACTED] from school. I then asked the school employee if he knew if this was in fact a locker belonging to [REDACTED] or if there was a locker mate who shared the same locker number. The employee confirmed with the front office that this was [REDACTED] locker, and that he shared it with [REDACTED]. I asked that [REDACTED] come to the locker to identify the blue backpack and the phone in the backpack.

[REDACTED] came to the locker and said that the backpack was his. [REDACTED] also positively identified the phone inside the backpack and unlocked the phone with the number combination.

I asked [REDACTED] if he saw [REDACTED] at all that morning. [REDACTED] said that he arrived at the school around 0720 hours in the morning and went to the gymnasium to play basketball, and that he did not see [REDACTED] the entire morning. [REDACTED] was then interviewed by other investigators in depth.

I told the Davis County Sheriff's office CSI team that the other cell phone in the locker did not belong to [REDACTED].

**ATF GUN TRACE:**

At this time the Davis County investigators were able to give me the make, model and serial numbers for the weapons used that morning.

The shotgun was described as a Mossberg model 590, Serial Number [REDACTED]. The handgun was described as a Hi Point semi-automatic 9 mm, serial number [REDACTED].

I sent the make, model and serial number of the weapons to Agent Olson from the ATF to perform a gun trace. [REDACTED]

[REDACTED] A summary of results indicated that the gun store had gone out of business and had forwarded their records to the ATF. There is no other recorded history of this firearm.

The 9 mm handgun was shipped to [REDACTED]. [REDACTED] There is no additional information in the summary of results.

The trace on the shotgun and handgun were placed in the working folder on the shared Detective drive.

This ends my involvement with this incident at this time.

Supplement - Detective Oberg

On 12/2/2016 I assisted Detectives in serving a Search Warrant on some of the electronics and items that were seized from the house of [REDACTED]. There was a video camcorder that was set up in the bedroom used by [REDACTED]. This video camcorder, a journal, and two computers had been seized by Officer Plowman the previous day.

I was informed that Detective Gill had completed a Search Warrant for these items and the phone belonging to [REDACTED] and that the Search Warrant had been approved. We attempted to view the contents on the media in the camcorder, but there was no power cord and the batteries were dead. I remembered that I had a similar make and model video camcorder at my residence, and left to retrieve the power cord for that camcorder.

I returned to the Police Department with the power cord and was successful in powering up the camcorder. Detective Gill, Detective Hadley and I observed the videotape. It appeared to be a videotaped message from a missionary to his family that was recorded in late 2001 and early 2002. There did not appear to be any evidence on the videotape.

We viewed the contents of the journal. Detective Hadley has placed quotes of the five pages of journal entries that were found into his supplemental report.

This ends my involvement with this case at this time.

## SUPPLEMENTAL REPORT

Incident: B484839

Report: R2098614

Page: 1 of 1

Case: 2016-003948

### OFFENSES

Activity Codes:

Location: 955 E 1800 S, Bountiful, UTAH 84010

Case Disposition: Inactive

Occurred on: 12/01/2016 From: 08:13 To: 15:26

Officer Activity on: 12/05/2016 From: 13:12 To: 13:12

### NARRATIVE

Supplement - Assistant Chief Biehler

On 12-1-16 I was at the police station when I heard a call on the Police radio about an active shooter situation taking place at Mueller Park Junior High School. I immediately went to the school. Just prior to my arrival I heard that Officer Smith had entered the building, located the suspect, and that he was secure at the time with one individual. I entered the front doors and noticed that there was nobody in the office or the hallways. As I began looking down the hallway to the south I noticed Officers Smith and Moulton were about halfway down that hallway. I also noticed two people sitting on the floor in that same area. Officer Smith had told me that he was OK at his location.

I then set up Incident Command and asked all responding Officers to enter the building from the front doors. I went back into the office and announced myself as an Officer and called to anyone inside and received no answer. I checked several offices, in the main office, to make sure it was clear of further threats. I also wanted to find anyone that may have a master key to the building and didn't locate any further suspects or office personnel.

At this time multiple Officers began arriving. From this point on I coordinated the deployment of Officers and assets. We wanted to keep all students in their classrooms and clear the building of further threats. The Incident Command location was eventually moved from the front lobby to a conference room in the main office. Lead Dispatcher, Pickett eventually arrived on scene and began taking notes of radio traffic.

After the school was cleared we allowed the school to be removed from the lock down. Parents were contacting the office and requesting to remove their children from school. We helped the school facilitate that by organizing a process and location. We decided that the best location was the LDS church across the street from MPJH. Once all children were returned to their parents command was terminated and the scene was released.

### NARRATIVE

Supplemental - Detective Gill

#### NARRATIVE:

On 12-1-2016 I responded to Mueller Park Jr. High School on report of a student inside with a gun. I arrived and parked to the west of the front doors where I observed other Police cars already on scene. I had a vest on with Police identifiers on the front and back and deployed my department issued rifle.

#### ENTRY INTO SCHOOL:

I entered the main doors on the west side by the front office. As I turned the corner by the office, I looked down the southwest hallway where I saw Officer Smith and Officer Moulton with the suspect up against a locker. I went to their location where I observed a black shotgun and black handgun laying in the hallway by them. With the firearms were numerous red shotgun shells, a box of shotgun shells, a box of pistol ammo and a back pack. About 30 feet away sitting on a bench were three adults. I asked Officer Moulton who they were and was told it was a teacher and the suspect's parents. I wanted to separate them from the suspect so I took the three adults down to the front doors and had them sit on a bench. I asked them if there were any other suspects in the building which they replied no. I asked if there was anything else that would injure someone which they replied no. I asked if anyone was injured. They told me they didn't know but that the suspect had fired into a classroom. I asked which classroom and they told me [REDACTED]. I ran back down the southwest hallway looking for [REDACTED] room and found it to be the very last room just prior to the southwest exterior doors. I checked the door and found it was locked.

**S****BOUNTIFUL CITY POLICE****SUPPLEMENTAL REPORT****Incident: B484839****Report: R2247515****Page: 2 of 3****Case: 2016-003948****NARRATIVE**

Officer Plowman and Officer Boyle from Woods Cross Police were with me at this point. We requested a key through command to open the door and check for injuries. Since it was going to be sometime before a key was available, I attempted contact with the individuals inside the room by knocking loudly on the door and saying, "Bountiful Police, is anyone injured?" After a few seconds of silence we heard a faint "no" from someone inside the room.

**ENTRY INTO CLASSROOM:**

Several other Officers and I made an entry team in preparation for receiving a key for [REDACTED] room. We decided that upon entering we would give the order not to move to the occupants inside and clear the room. Upon getting a key we made entry into the room.

As I entered I observed the room was very dark and saw numerous students sitting in the corner. We cleared the room and opened any doors. After determining the room was secure and safe we confirmed with the teacher that there weren't any injuries. I told the teacher and students to remain in the classroom and stay quiet while we all went back outside. I observed there was a hole in the ceiling consistent with a shotgun blast. There was debris from the ceiling on the ground. All Officers then left the room and we shut the door behind us.

Officer Boyle, Officer Plowman, Officer Dingman from Centerville Police and I then stayed at the end of the hallway watching the short hallway which connects the southwest and southeast halls. We were informed that the suspect had left a backpack in one of the bathrooms in that short hallway. We decided we wanted to confirm if anyone was located inside the bathrooms, as this is a common practice during a lock down. Several Officers moved up the bathroom in the short hallway. A Trooper and I went to the door of the women's bathroom and opened it slightly. We called out to any occupants inside asking them to come out to us but did not receive a response. I laid down on the ground and looked under the stalls but could not see anyone inside. The same procedure was done on the men's bathroom. The Officers that checked the men's side said they could see a backpack and jacket against the far wall of the bathroom. With the exception of someone standing on the toilet where we could not see them, we were confident no one was in the bathrooms. We then backed away from the bathrooms to a point of safety in the southwest hallway. We discussed that if the backpack did contain any explosive device we had three sets of heavy brick walls between the backpack and the nearest classroom to the south. On the north side of the bathrooms was the media center which was believed to be unoccupied.

**INVESTIGATION:**

I was asked by command to respond to them in the main office. When I arrived I was asked by Detective Hadley to assist in the investigation and with interviews of the witnesses. I went out to my vehicle and removed my vest and secured my rifle.

I went back to command where I assisted in organizing interviews for the numerous witnesses. I was asked by Detective Hadley to handle the arrest and booking of the suspect who was now identified as [REDACTED]

I borrowed Officer Smith's body camera which I activated as I went in with [REDACTED] I went into the room where [REDACTED] was located and requested he stand up so I could conduct a search of his person prior to transporting him. [REDACTED] complained of the handcuff on his right wrist hurting him. I loosened the cuff and allowed him to adjust his wrist. I then secured and double-locked the handcuff. I conducted a search of [REDACTED] person which did not locate any items. I placed a large sweatshirt on [REDACTED] which zipped in the front and had a hood. I then walked [REDACTED], with several other officers, out the north doors of the school where Detective Corporal Gwynn with North Salt Lake Police was waiting with his vehicle. Detective Corporal Gwynn and I transported [REDACTED] to the [REDACTED]

I consulted with Attorney Perkins with the Davis County Attorney's Office regarding charges. [REDACTED] was booked on [REDACTED] Fatpot does not have a possession of a firearm in a school code so it is currently listed as "carrying a prohibited weapon" in this report.

I took photographs of [REDACTED] which included the clothing he was wearing. I asked [REDACTED] if he had any injuries which he said he didn't. I could see a red mark on the front of [REDACTED] neck. [REDACTED] said it was probably from when his dad slammed him against the wall.

The photographs were given to Detective Hadley and the Bountiful Police Evidence Custodian to be added to the DIMS system.

**SEARCH WARRANT:**

**S****BOUNTIFUL CITY POLICE****SUPPLEMENTAL REPORT****Incident: B484839****Report: R2247515****Page: 3 of 3****Case: 2016-003948****NARRATIVE**

I was informed that a cell phone, journal, video camera and two computers were seized from [REDACTED] with consent from his father [REDACTED]. I wrote a Search Warrant, [REDACTED], on 12-1-2016 which was submitted and approved by Judge Allphin. Copies of the Search Warrant and affidavit were given to Detective Hadley.

On 12-5-2016 I attempted to access [REDACTED] phone but found it had a password.

## NARRATIVE

Supplement - Sergeant Bell

### NARRATIVE

On 12/1/16 at approximately 08:15 hours, Dispatch advised that there was a student at Mueller Park Jr. High with a firearm and then reported an active shooter. Dispatch further advised the student had been detained and disarmed by his parents.

I responded to the school and while en route, I heard Officer Smith arrived and advise that he had taken the student into custody. When I arrived, I responded through the front doors of the school and met with Assistant Chief Biehler, who was in the process of taking incident command. He directed me to hold on a hallway with several other Officers who had arrived. We were told to advance to the southeast hallway and determine the layout. We cleared the bathrooms and several faculty rooms in the northeast corner and then held on the southeast hallway until keys were provided to unlock the doors.

Once keys were provided, we proceeded through the hallway clearing several classrooms, utility and storage rooms, and the media center. Most of the classrooms had students and teachers in them and they were told to continue to shelter in place until further notice. When the hallway was cleared, we held it until we were advised to clear each room again and get a head count. We proceeded back down the hallway, entering each room again, making sure the students and teachers were ok and getting a head count. After the area was clear, we responded back to command for further instruction.

I was asked to go with two counselors over to the church where parents were checking out and picking up their students. I remained there for the rest of the incident answering questions and assisting with crowd control while the students were picked up. Once that was complete, I was released from the scene.

I did have a set of keys to the school and returned those to Assistant Chief Biehler at the station before ending my shift.

NARRATIVE:

On 12-7-2016 I took the cell phone and two desktop computers to the Regional Computer Forensics Laboratory in Salt Lake City. The two computers were turned over to them to be processed.

CELL PHONE:

Using the computer software I performed an extraction on the LG phone from [REDACTED]. The extraction was successful and the information was put on a jump drive. I returned to the Police Department where I copied the information to the electronic case file for Detective Hadley.

I reviewed the information from the extraction and found several items and files of note.

TEXT MESSAGES:

There was a text conversation between [REDACTED]. During the conversation I noted the following:

11/26/2016 Starting at 12:23:40 PM and ending at 12:27:51 PM

[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

This portion of the conversation had been deleted but was recovered by the extraction.

[REDACTED]  
[REDACTED]  
[REDACTED]

On 11/28/2016 starting at 9:04:56 AM

[REDACTED]: [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

It is believed from other texts that [REDACTED]

[REDACTED]

There is a text conversation between a contact named only [REDACTED]. In the conversation I noted the following:

### NARRATIVE

Supplement - Detective Hadley

On 4-26-2017 I responded to the Davis County Sheriff's Office Crime Lab to retrieve the property from this case so that it could be returned to the owner and so the items that are not going to be returned can be destroyed. I picked up 15 items from the Davis County Crime Lab. They are as follows:

1. Black Mossberg shotgun
2. 12 gauge shotgun, bird shot round
3. 12 gauge shotgun, bird shot round
4. Black handgun with full magazine
5. Box of 9mm rounds
6. Full box of 12 gauge bird shot
7. Black and blue coat
8. Camouflage bag
9. 12 gauge bird shot shotgun round
10. Box of 9mm rounds
11. 12 gauge bird shot shot gun round
12. Red and black backpack
13. Brown trench coat
14. Fragments of pellets from shotgun blast
15. Expended shotgun casing

I have entered five items into our evidence:

**Page: 2 of 2**

**Case: 2016-003948**

**NARRATIVE**

1. Black Mossberg shotgun
2. Black handgun with full magazine
3. Fragments of pellets from shotgun blast
4. Expended shotgun casing
5. 2 12 gauge shotgun bird shot round, 9 mm rounds, full box of 12 gauge bird shots, Black and blue coat, Camouflage bag, Red and black backpack, and brown trench coat.

Two of the items, the Fragments of pellets and the shotgun casing can be destroyed.

The black Mossberg shot gun and the handgun with full magazine can be returned to [REDACTED] as well as the additional items listed above.

I have contacted the Davis County Attorney's Office and asked if all the items can be released since the case has been adjudicated and they advised it was up to our policy, but they had no need for them anymore. I informed Sergeant Alexander and Lieutenant Killian of the items to be released as well as the evidence technician.

Supplement - Detective Hadley

On 5-9-2017 Detective Oberg and I responded to RCFL to pickup the computers that were dropped off to be analyzed in this case. [REDACTED] there is no need to have the computers forensically analyzed at this time.

I spoke with the Davis County Juvenile Attorney's and they stated there was no need for the computers and all of the property would be released to the father, [REDACTED]

After receiving the computers, I provided them to our Evidence Technician to make arrangements for the property to be picked up.

### NARRATIVE

Supplement - Detective Hadley

#### NARRATIVE:

On 05-11-2017, I spoke with [REDACTED], the father of [REDACTED]. [REDACTED] had made arrangements with our Evidence Technician to obtain the property we had taken during this case. The only property Evidence did not have possession of was the cell phone belonging to [REDACTED] a black T-Mobile LG cell phone.

The phone was in the Investigation's Evidence locker with Detective Gill. I obtained the phone from Detective Gill's evidence locker and have entered it into our property. I printed of a Property Release Form so [REDACTED] could take possession of the cell phone because it is no longer needed.

I also scanned in a copy of the Davis County Attorney's Consent to Search Waiver which was signed by [REDACTED] or the phone and also Kaysville Police Department's Evidence and Property Log Sheet for downloading the phone. I have also placed a copy of those two forms into Records and have attached both those forms to the Fatpot report. I will release the phone to [REDACTED]. [REDACTED] I made arrangements to return the phone to him.

I met with [REDACTED] at approximately 1500 hours on 05-11-2017. I had him sign the Property Evidence Release Form and gave the form to the Evidence Custodian.
